INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
Native Energy & Technology, Inc. 401(K) Profit Sharing Plan
San Antonio, Texas

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Native Energy & Technology, Inc. 401(K) Profit Sharing Plan (The Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes and supplemental schedules as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the investment information summarized in note 3, which was certified by American United Life Insurance Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of

and for the year ended December 31, 2013 and 2012, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and schedule, other than that derived from the investment information certified by American United Life Insurance Company, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974..

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of Native Energy & Technology, Inc. 401(K) Profit Sharing Plan ("Plan") are prepared following the accrual method of accounting.

Stable Value Fund: Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required, the statements of net assets available for benefits present the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and loses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments. See note F for disclosure of the fair value measurements.

Investments: Mutual funds are carried at the current market value (net asset value), as determined by quoted prices in an active market. Net appreciation (depreciation) in the fair market value of investments is reflected in the statement of changes in net assets available for plan benefits. Dividends are considered in the fair market value determination and are recorded on the ex-dividend date.

Common and collective trusts: are valued at contract value as estimated by the Trustee. Contract value, which represents net contributions plus interest at the contract rate, approximates fair value. The contracts are fully benefit-responsive. The Plan had no investments in common or collective trusts in 2013 or 2012.

Participants' Notes Receivables: Participants' notes receivables are stated at their unpaid principal balance plus any accrued interest. An allowance was not required at either year end. If a participant ceases to make a loan payment and the Plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment to the participant is recorded. Interest is recognized as accrued.

Benefit Payments: Benefits are recorded when paid, and excess deferrals are recorded as accrued.

Subsequent Events: Subsequent events have been evaluated by management through the date of the report of the independent auditor. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: The Plan Administrator is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to the Plan's financial position or results of operations in future periods.

Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risks: Concentration of credit risk with respect to mutual funds managed by American United Life Insurance Company, Oppenheimer Funds, Inc., American Funds, One America Funds, Inc., Fidelity Investments, and American Century Investment are reduced as a result of the diversity of the underlying investments.

NOTE B—DESCRIPTION OF PLAN

The following description of the Native Energy & Technology, Inc. ("Company") 401(K) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who have six months or more of service and are age nineteen or older on the first day of the Plan year or the first day of the 7th month of the Plan year. It was adopted October 1, 2006 and amended (restated) September 1, 2009 to bring it into compliance with the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA") and other legislative and regulatory changes. The Plan is for the exclusive benefit of its participants and beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100-percent vested in their accounts.

Contributions: Each year, the Company, at its discretion may contribute amounts to the participants' accounts and may match up to the total amount contributed by employees for the year. Additional amounts may be contributed at the option of the Company's

board of directors. Participants may contribute up to the maximum amount allowed by law (i.e., Code Sections 402(g) and 415) of their wages for the Plan year. Participants may also defer up to 100-percent of their bonuses. Contributions are subject to certain limitations. The employer contributed $21,649 and $81,602 in 2013 and 2012, respectively.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Sponsor's contributions, (b) Plan earnings, (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses, and (d) Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company matching contributions portion and other Company contributions of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after four years of graded credited service, attaining the Plan's normal retirement age or if employment is terminated due to death or disability.

Participants' Notes Receivables: Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50-percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear reasonable rate of interest established by the Plan administrator. Participant loans at the end of 2013 and 2012 had an interest rate of 4.25-percent. Principal and interest is paid ratably through payroll deductions.

Plan Termination: Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100-percent vested in their Sponsor contributions.

Forfeitures: Forfeitures are retained in the Plan and may be used to reduce administrative expenses or future employer contributions. On December 31, 2013 and 2012 unallocated forfeitures totaled $0.00 and $3,222.50.

Investment Options: Upon enrollment in the Plan, a participant may change their investment options daily to any of the designated investment options offered by the Trustee.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Operating Expenses: All expenses of maintaining the Plan are paid by the Company.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE C—INFORMATION CERTIFIED AND PROVIDED BY AMERICAN UNITED LIFE INSURANCE COMPANY

The Plan administrator has elected the method of annual reporting compliance permitted by 29CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company ("American"), the trustee, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2013 and 2012

- Investment income (loss) and interest income from notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012

- Investment Information included in the accompanying schedule of assets (held at end of year) as of December 31, 2013

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D—INVESTMENTS

The plan investments representing in excess of 5% of net assets available for Plan benefits are as follows at December 31:

*Less than 5-percent of Plan assets

During 2013 and 2012 the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) as follows:

	2013	2012
Investment funds	$ 70,018	$(47,150)
Participant loans	8,083	23,632
Net change in fair value	$ 78,101	$(23,518)

NOTE E—INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan and related trust are designed in accordance with Section 401(k) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last three years remain subject to examination.

NOTE F—FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurement at Reporting Date Using:		
December 31, 2013	Fair Value	Markets for Identical Assets (Level 1)	Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Bond Funds	$95,806	$-	$95,806	$-
Balanced Funds	609,491	$-	$609,491	$-
Domestic Stock Funds	$-	$-	$-	$-
International Stock Funds	$179,263	$-	$179,263	$-
Total	$884,560	$-	$884,560	$-

December 31, 2012

Bond Funds	$65,019	$-	$65,019	$-
Balanced Funds	$538,623	$	$538,623	$-
Domestic Stock Funds	$-	$ -	$-	$-
International Stock Funds	160,054	$-	$160,054	$-
Total	$792,846	$-	$792,846	$-

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of common stocks, certain corporate bonds, and U.S. government securities are based on the closing price reported in the active market where the individual securities are traded, when available.

Level 2 Fair Value Measurements

The fair value of certain corporate bonds for which quoted market price are not available are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount. The fair value of the certificates of deposit is based on amortized cost or original cost plus accrued interest.

Level 3 Fair Value Measurement

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the

guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The following table provides further details of the Level 3 fair value measurements.

NOTE G—RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to Form 5500:

	2013
Net assets available for benefits per the financial statements	$ 921,793
Amounts allocated to withdrawing participants	(-)
Net assets available for benefits per the Form 5500	$ 921,793
Benefits paid to participants per the financial statements	$ 254,664
Add: Amounts payable at year end	-
Less: Amounts allocated to withdrawing participants	-
Benefits paid to participants per Form 5500	$ 254,664

	2012
Net assets available for benefits per the financial statements	$ 843,692
Amounts allocated to withdrawing participants	(-)
Net assets available for benefits per the Form 5500	$ 843,692
Benefits paid to participants per the financial statements	$ 360,833
Add: Amounts payable at year end	-
Less: Amounts allocated to withdrawing participants	(-)
Benefits paid to participants per Form 5500	$ 360,833

NOTE H—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk

associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I—CURRENT ECONOMIC CONDITIONS

The current protracted economic decline continues to present employee benefit plans with difficult circumstances and challenges which, in some cases, have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Plan Name **G35675 NATIVE ENERGY & TECHNOLOGY INC. 401K PROFIT SHARING PLAN**

Plan Number **001** **Plan Year End** **12/31/2013**

EIN **74-2890367**

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
