Independent auditors' report

To the Trustee of
Mediagrif 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mediagrif 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules listed in the table of content for the years ended December 31, 2013 and 2012 are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan description

The following brief description of the Mediagrif 401(k) Plan (formely Bidnet, Inc. 401(k) Plan) (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all American employees of Mediagrif (the "Company"), which was effective on December 1, 2008, except for certain classes of employees as stated in the plan document. Employees are automatically enrolled as soon as administratively possible after their hire date. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974*, as amended ("ERISA").

Participant contributions

Each year, participants may contribute up to 90% of their pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Company contributions

The Company contributes 100% up to the first 3% of contributions made by a participant to the Plan. Additional amounts may be contributed at the discretion of the Company's Board of Directors. No such additional discretionary contributions were made for the year ended December 31, 2013.

Participant accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, Company contributions and allocations of investment income (loss). The allocation of investment income (loss) is based on the proportion of each individual account balance to the total of all account balances. Discretionary contributions are allocated based on the ratio of the participant's compensation to the total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may self-direct the investment of their account balances among various designated investment fund options. Participants may change their allocation of participant contributions and investment options daily.

Rollovers

Participants can rollover any distribution received from another plan or IRA to this plan if all legal requirements on such rollovers are satisfied.

Vesting and forfeitures

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 4 years of credited service. At December 31, 2013, there were $5,416 forfeited non-vested accounts ($2,276 in 2012). These accounts were used to reduce employer contributions.

1. Plan description (continued)

Participant loans

Loans are available from the Plan for several reasons. The maximum amount of the loans is generally the lesser of 50% of the participant's vested account or $50,000. Interest charges on participant loans are determined by the Plan administrator and are set at market rate as of the loan request date (4.25% to 7.00%). Participant loans mature through June 2018.

Payment of benefits

Upon termination of employment by reason of normal retirement or death, the entire balance of the participant's account is distributable pursuant to the provisions of the Plan. There are no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid as of December 31, 2013.

Upon termination of employment prior to normal retirement or death, the vested balance of the participant's account from Company contributions and the entire amount attributable to the participant's salary reduction contributions shall be distributable pursuant to the provisions of the Plan.

Withdrawal of all or part of a participant's vested balance funds may be authorized by the Plan prior to any of the above in the event of financial hardship and through in-service distributions.

Administrative expenses

Administrative expenses of the Plan are paid by the Plan and shared by all participants either on a pro-rata basis or an equal dollar basis as provided in the Plan document.

Plan termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA and upon proper resolution of the Board of Directors. Should the Plan be terminated, participants would become fully vested in their account balances.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual instead of actual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and cash equivalents

Cash and cash equivalents include cash and short-term investments with maturities of three months or less from date of acquisition.

2. Summary of significant accounting policies (continued)

Investment valuation and income recognition

Investments are stated at fair value as determined by the trustee, Fidelity Trust Company, at December 31, 2013 and 2012. The fair values of mutual funds held by the trustee are based on published quotations. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Risks and uncertainties

The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the financial statements.

Benefit payments

Benefits are recorded when paid.

Excess contributions payable

The Plan is required to reimburse contributions received during the Plan year in excess of the IRC limit.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no significant transfers in or out of levels 1, 2 or 3.

Subsequent events

The Plan has evaluated subsequent events through July 17, 2014, the date the financial statements were available to be issued. No events have occurred that would have an impact on the net assets available for benefits as at December 31, 2013.

3. Income tax status

The Internal Revenue Service has determined and informed the Plan's related trust via letter that the Plan's related trust was designed in accordance with the applicable regulations of the IRC. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and its related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair value measurements (unaudited)

In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

In certain instances, fair value is estimated using quoted market prices obtained from an external pricing service. In obtaining such data from the pricing service, the Plan has evaluated the methodologies used to develop the estimate of fair value in order to evaluate whether such valuations are representative of fair value. Additionally, in certain circumstances, the Plan may adjust the net asset value ("NAV") reported by an asset manager when it has sufficient evidence to support applying such adjustments. No adjustments to reported NAV have been recorded. The following is a description of the valuation methodologies and inputs used to measure fair value.

(a) Cash equivalents – Fair value is measured at the closing price of the security reported on the major market on which the security is traded.

(b) Mutual funds – Units of participation in mutual funds are valued at NAV, based on quoted prices in active markets, of shares held by the mutual funds at the measurement date.

(c) Participant loans – Loans to plan Participants, all of which are secured by vested account balances of borrowing Participants, are valued at their outstanding balances, which approximate fair value.

4. Fair value measurements (unaudited)

Fair value measurements as at December 31, 2013:

	Quoted prices from active markets for identical assets (Level 1)	**Observable market inputs (Level 2)**	**Significant unobservable market inputs (Level 3)**	Total
	$	**$**	**$**	**$**
