INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Tramontina USA, Inc. Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying statements of net assets available for benefits - modified cash basis of Tramontina USA, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 6, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule H, line 4i, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

Note 1 - Description of the Plan

The following description of Tramontina USA, Inc. Retirement Savings Plan (the "Plan") provides only general information. Users of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) prototype plan and is sponsored by Tramontina USA, Inc. (the "Company"). The Plan was restated on September 8, 2009 and amended on January 1, 2012.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan trustee

Principal Life Insurance Company (the "Trustee") is the trustee of the Plan and holds all Plan assets in a trust account.

Eligibility

All employees of the Company are eligible to participate in the Plan upon hiring.

Contributions

Participants may elect to contribute up to 100% of eligible compensation on a pretax basis to the Plan up to the maximum limit allowed by law. For 2013 and 2012, the Company matched an amount equal to 50% of the first 4% of eligible compensation contributed to the Plan by each participant. Participants must make contributions to be eligible to receive the Company matching contributions.

Each plan year, the Company may make a discretionary contribution to the Plan, although the Company is not required to do so. The contribution is allocated on the last day of the plan year and is based on the participant's annual pay for that year. The Company did not make a discretionary contribution for 2013 or 2012.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contribution, if any, and an allocation of Plan earnings/losses and expenses. Allocations are based on participant earnings or account balance as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the investment of their account balances in any of several investment options. Participants can change their allocation among the various investment options either through direct transfers from one investment to another or by changing the percentage of future contributions allocated among the investments.

Note 1 - Description of the Plan (Continued)

Vesting

Each participant's contributions and actual earnings thereon are fully vested at all times. A participant is vested in the Company's matching and discretionary contributions, if any, and related earnings thereon as follows:

Years of Service	Vested %
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

In addition, the participants shall be fully vested upon the attainment of normal retirement age of 65, early retirement age of 55, disability or death.

Forfeitures

If a participant terminates employment before having a fully vested interest in their account, the non-vested balance of the account will be forfeited.

Forfeitures may first be used to pay plan expenses. Any forfeitures remaining are available to reduce the Company's future matching contributions. Forfeitures of $11,072 and $4,980 were used to offset the Company's matching contribution in 2013 and 2012.

Administrative expenses

Certain administrative expenses of the Plan are paid by the Company.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding note balance during the prior twelve-month period. Notes receivable terms range from one to five years. Only one note can be outstanding at any time. All notes bear a rate of interest as determined by the Plan document.

Benefit payments

Benefits are payable from participant account balances, subject to certain limitations, upon retirement, early retirement, death, termination, hardship, or permanent disability, according to the form of payment elected by the participant within limitations defined in the Plan. Distributions shall be made in the form of a lump sum or equal annual installments.

If the value of the participant's account balance is less than $1,000, the payment will be made in cash in a single lump sum. If the participant's account balance is between $1,000 and $5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant.

Note 2 - Summary of Significant Accounting Policies

Accounting method

The financial statements of the Plan have been prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. Under modified cash basis of accounting, revenues and expenses are recorded at the time of cash receipt or disbursement. Assets are stated at fair value. Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Financial instruments and credit risk

Financial instruments, which potentially subject the Plan to credit risk, include investments in pooled separate accounts and guaranteed interest accounts. Financial instruments are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain financial instruments, it is at least reasonably possible that changes in the values of the financial instruments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Plan participants bear the risk of any Plan investment losses.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon the terms of the *Plan Document*, upon liquidation of their account balance.

Valuation of plan assets

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded when settled. Interest and dividends are recorded when received.

Determination of realized and unrealized gain or loss on investments

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost.

Note 2 - Summary of Significant Accounting Policies (Continued)

Determination of realized and unrealized gain or loss on investments (continued)

Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Pooled separate accounts - These investments are valued daily at the net asset value of shares or units held by the Plan based on quoted market value of the underlying assets. All investments in this category can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments. The board of directors for the Trustee has appointed an investment committee that is responsible for the ultimate evaluation and supervision of all investment activities associated with the separate accounts.
- Guaranteed interest accounts - These investments are made by the Plan in a Group Annuity Contract which is invested in the general assets of the Trustee who guarantees a fixed interest rate. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair Value Measurements (Continued)

The Plan's assets measured at fair value as of December 31, 2013 are as follows:

	Level 1	Level 2	Level 3	Total

Note 3 - Fair Value Measurements (Continued)

The following table sets forth a summary of changes in fair value of the Plan's level 3 assets for the year ended December 31, 2012:

	Guaranteed Interest Accounts
Balance, beginning of year	$ 180,381
Realized gain	(825)
Purchases	71,496
Sales	(45,728)
Interest credited	3,342
Balance, end of year	$ 208,666

Note 4 - Income Tax Status

The prototype plan has received its opinion letter, dated March 31, 2008, which stated the prototype plan as designed, was in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in these financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) only if the organization has taken an uncertain position that more likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2010.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated by the Company, all participants will become 100% vested in their accounts.

Note 6 - Information Certified by the Plan Trustee (Unaudited)

For Plan years 2013 and 2012, the financial information included in the Plan's financial statements and Schedule H, line 4i, except for notes receivable from participants, contributions, benefit payments to participants, and administrative expenses, has been derived from information certified as complete and accurate by the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 7 - Investments

The following represents the fair value of individual investments that represents 5% or more of the Plan's net assets available for benefits as of December 31:

	2013	2012
Pooled separate accounts		
Principal Money Market - R1	$ (a)	$ 303,711
Principal Government & High Quality Bond - R1	(a)	339,826
Principal Large Cap S&P 500 Index - R1	578,384	401,935
Principal Large Cap Growth - R1	1,058,910	764,790
Principal Large Cap Value - R1	394,149	290,734
Principal LifeTime 2020 - R1	623,308	455,331
Principal LifeTime 2040 - R1	771,502	535,196
Principal MidCap Growth - R1	395,893	(a)
Principal International Small Cap-R1	360,187	(a)

(a) Investment does not represent 5% or more of the Plan's net assets available for benefits for the respective year.

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,162,998 and $545,394, respectively.

Note 8 - Guaranteed Interest Accounts

The Plan has entered into five non-fully benefit-responsive interest accounts with the Trustee. The Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by the Trustee. The accounts are included in the financial statements at fair value, as reported to the Plan by the Trustee.

Payments and transfers from the guaranteed interest accounts will be made in full within seven business days after the requested date of payment. However, the Trustee reserves the right to defer any payment or transfer up to 270 days. The deferment will be based on unstable or disorderly market or investment conditions which do not allow for an orderly investment transfer. The deferment may include, but not be limited to, situations where regular banking has been suspended or when an emergency or other circumstances beyond the Trustee's control do not allow for the orderly disposal and liquidation of securities or other assets.

The Trustee also reserves the right to make the portion of the requested payment or transfer in excess of the greater of twenty-five percent of the aggregate guaranteed interest accounts under the contract on the date twelve months prior to the determination date, or $25 million in the twelve month period which ends on the date of the requested payment or transfer in substantially equal monthly installments over a period not to exceed thirty-six months. If the limitation is imposed, the Trustee will make the first installment one month after the date of the request, or on the date specified in the Company's notification. The delay rights do not apply to payments to the beneficiary named by the participant, payments to a participant due to disability or retirement under the Plan. Participants may be subject to a surrender charge or market value adjustment upon early liquidation of their investment in the Contract.

Note 9 - Parties-In-Interest Transactions

Plan investments are shares of pooled separate accounts and funds held in the guaranteed interest accounts. The investments are managed by the Trustee and qualify as party-in-interest transactions.

Note 10 - Subsequent Events

Management has evaluated subsequent events as of August 4, 2014, which was the date the financial statements were available for issuance, and has determined that there are no subsequent events to be reported.
