REPORT OF INDEPENDENT AUDITORS

Plan Administrator
WORLDWIDE FLIGHT SERVICES, INC. 401(K) PLAN

We were engaged to audit the accompanying financial statements of the WORLDWIDE FLIGHT SERVICES, INC. 401(K) PLAN ("Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 - DESCRIPTION OF PLAN

GENERAL

The WORLDWIDE FLIGHT SERVICES, INC. 401(K) PLAN ("Plan") is a defined contribution plan covering non-highly compensated employees, other than leased employees, of Worldwide Flight Services, Inc. ("Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

PARTICIPANT ACCOUNTS

All non-highly compensated employees, other than leased employees, of the Company are eligible for participation upon reaching 21 years of age and completing 1,000 hours of service within 12 consecutive months. Separate accounts are established for each participant. Participants' accounts are credited with the participant contributions and allocations of contributions by the Company and Plan earnings. The allocations are based on the participant accounts, as defined. Certain administrative expenses may be charged directly to the participants' accounts incurring those expenses.

CONTRIBUTIONS

Each year, a participant may contribute up to 15% of pretax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Additionally, participants who have attained age 50 are eligible to make catch-up contributions, subject to the statutory limit. For management employees only, the Company makes discretionary matching contributions of 50% of the first 6% of base compensation that a participant contributes to the Plan.

INVESTMENT OPTIONS

Participants may direct their employee and Company contributions into any of the investment options selected by the Plan administrator.

BENEFITS

A participant may receive a lump-sum amount equal to the vested value of his or her account at retirement, or upon death, disability, or termination of service.

1 - DESCRIPTION OF PLAN (Continued)

VESTING

Contributions by participants plus actual earnings thereon are 100% vested. Participants vest in Company contributions as follows:

Years of credited service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

FORFEITURES

At December 31, 2013 and 2012, the forfeiture account balance was $3,201 and $4,983, respectively. These accounts will be used to reduce future Company contributions and offset Plan administrative costs. No Forfeitures were used to reduce Company contributions during 2013.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. A Plan participant may request a loan not in excess of the lesser of (1) 50% of their vested account balance or (2) $50,000. The repayment terms of loans may not exceed five years except for loans used to acquire the participant's principal residence, which may be for up to 10 years. Each loan bears interest at a rate commensurate with market rates for similar loans and repayments are made through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

1 - DESCRIPTION OF PLAN (Continued)

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, the Company would authorize the trustee to liquidate the Plan and distribute all assets to the participants. Participants would also become 100% vested in Company contributions.

EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with U.S. generally accepted accounting principles.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a common and collective trust. Contract value for this common and collective trust is based on the net asset value of the fund as reported by the investment advisor. The statements of net assets available for benefits presents the fair value of the investment contract in the common and collective trust as well as the adjustment of the investment in the common and collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

ESTIMATES AND ASSUMPTIONS

Management uses estimates and assumptions in preparing financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could vary from the estimates used in preparing the accompanying financial statements.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan presents the net change in fair value of cash, registered investment companies, common stock and the common and collective trust, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

RECLASSIFICATIONS

Certain reclassifications have been made to the 2012 statement of net assets available for benefits in order for them to be in conformity with the 2013 presentation.

3 - TAX STATUS OF THE PLAN

The Plan obtained its latest determination letter on May 29, 2012, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("Code") and is, therefore, exempt from federal income taxes. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

4 - FAIR VALUE MEASUREMENTS

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

4 - FAIR VALUE MEASUREMENTS (Continued)

- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

CASH

Investments are valued at the net asset value ("NAV") of $1.00 per share.

COMMON STOCK

These investments are valued at the closing price reported on the active market on which the individual securities are traded.

REGISTERED INVESTMENT COMPANIES

These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

COMMON AND COLLECTIVE TRUST

The Plan holds an investment in the Invesco Stable Value Retirement Fund ("Fund"), which is managed by Invesco National Trust Company and invests in assets (typically affiliated synthetic guaranteed investment contracts and may include derivative instruments such as futures contracts and swap agreements), and invests in cash equivalents represented by shares in short-term investment funds. The fair value of the units of this investment is based on the fair value of the underlying investments, and a NAV can be calculated for this Fund. Audited financial statements are available for this investment. Income is calculated daily and the amount of income is dependent on contract interest rates, contract maturities, and new investments in the Fund. This investment is a fully benefit-responsive fund; however, it does contain a redemption exemption if the market value is less than the contract value, then participating plans must provide a 10 day notice. Full or partial Plan administrator-directed redemptions or terminations may be delayed.

4 - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total

5 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Bank of America N.A., the trustee, a party-in-interest as defined by ERISA, as of December 31, 2013 and 2012 and for the year ended December 31, 2013, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2013	2012

REPORT OF INDEPENDENT AUDITORS

Plan Administrator
WORLDWIDE FLIGHT SERVICES, INC. 401(K) PLAN

We were engaged to audit the accompanying financial statements of the WORLDWIDE FLIGHT SERVICES, INC. 401(K) PLAN ("Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 - DESCRIPTION OF PLAN

GENERAL

The WORLDWIDE FLIGHT SERVICES, INC. 401(K) PLAN ("Plan") is a defined contribution plan covering non-highly compensated employees, other than leased employees, of Worldwide Flight Services, Inc. ("Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

PARTICIPANT ACCOUNTS

All non-highly compensated employees, other than leased employees, of the Company are eligible for participation upon reaching 21 years of age and completing 1,000 hours of service within 12 consecutive months. Separate accounts are established for each participant. Participants' accounts are credited with the participant contributions and allocations of contributions by the Company and Plan earnings. The allocations are based on the participant accounts, as defined. Certain administrative expenses may be charged directly to the participants' accounts incurring those expenses.

CONTRIBUTIONS

Each year, a participant may contribute up to 15% of pretax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Additionally, participants who have attained age 50 are eligible to make catch-up contributions, subject to the statutory limit. For management employees only, the Company makes discretionary matching contributions of 50% of the first 6% of base compensation that a participant contributes to the Plan.

INVESTMENT OPTIONS

Participants may direct their employee and Company contributions into any of the investment options selected by the Plan administrator.

BENEFITS

A participant may receive a lump-sum amount equal to the vested value of his or her account at retirement, or upon death, disability, or termination of service.

1 - DESCRIPTION OF PLAN (Continued)

VESTING

Contributions by participants plus actual earnings thereon are 100% vested. Participants vest in Company contributions as follows:

Years of credited service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

FORFEITURES

At December 31, 2013 and 2012, the forfeiture account balance was $3,201 and $4,983, respectively. These accounts will be used to reduce future Company contributions and offset Plan administrative costs. No Forfeitures were used to reduce Company contributions during 2013.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. A Plan participant may request a loan not in excess of the lesser of (1) 50% of their vested account balance or (2) $50,000. The repayment terms of loans may not exceed five years except for loans used to acquire the participant's principal residence, which may be for up to 10 years. Each loan bears interest at a rate commensurate with market rates for similar loans and repayments are made through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

1 - DESCRIPTION OF PLAN (Continued)

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, the Company would authorize the trustee to liquidate the Plan and distribute all assets to the participants. Participants would also become 100% vested in Company contributions.

EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with U.S. generally accepted accounting principles.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a common and collective trust. Contract value for this common and collective trust is based on the net asset value of the fund as reported by the investment advisor. The statements of net assets available for benefits presents the fair value of the investment contract in the common and collective trust as well as the adjustment of the investment in the common and collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

ESTIMATES AND ASSUMPTIONS

Management uses estimates and assumptions in preparing financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could vary from the estimates used in preparing the accompanying financial statements.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan presents the net change in fair value of cash, registered investment companies, common stock and the common and collective trust, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

RECLASSIFICATIONS

Certain reclassifications have been made to the 2012 statement of net assets available for benefits in order for them to be in conformity with the 2013 presentation.

3 - TAX STATUS OF THE PLAN

The Plan obtained its latest determination letter on May 29, 2012, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("Code") and is, therefore, exempt from federal income taxes. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

4 - FAIR VALUE MEASUREMENTS

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

4 - FAIR VALUE MEASUREMENTS (Continued)

- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

CASH

Investments are valued at the net asset value ("NAV") of $1.00 per share.

COMMON STOCK

These investments are valued at the closing price reported on the active market on which the individual securities are traded.

REGISTERED INVESTMENT COMPANIES

These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

COMMON AND COLLECTIVE TRUST

The Plan holds an investment in the Invesco Stable Value Retirement Fund ("Fund"), which is managed by Invesco National Trust Company and invests in assets (typically affiliated synthetic guaranteed investment contracts and may include derivative instruments such as futures contracts and swap agreements), and invests in cash equivalents represented by shares in short-term investment funds. The fair value of the units of this investment is based on the fair value of the underlying investments, and a NAV can be calculated for this Fund. Audited financial statements are available for this investment. Income is calculated daily and the amount of income is dependent on contract interest rates, contract maturities, and new investments in the Fund. This investment is a fully benefit-responsive fund; however, it does contain a redemption exemption if the market value is less than the contract value, then participating plans must provide a 10 day notice. Full or partial Plan administrator-directed redemptions or terminations may be delayed.

4 - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Cash	$ 13,357	$ -	$ -	$ 13,357

5 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Bank of America N.A., the trustee, a party-in-interest as defined by ERISA, as of December 31, 2013 and 2012 and for the year ended December 31, 2013, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2013	2012
Common and collective trust at fair value	$ 2,712,715	$ 3,080,623
