To the Plan Trustees
Pacific Plaza Hotels, Inc.
401(k) Plan
Alameda, California

We have conducted a DOL limited-scope audit of the financial statements of Pacific Plaza Hotels, Inc. 401(k) Plan for the year ended December 31, 2013 and have issued our report thereon dated August 11, 2014. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 15, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Pacific Plaza Hotels, Inc. 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- The disclosure of information certified by the custodian in Note 3.
- The disclosure of investments representing 5% or more of net assets available for plan benefits in Note 4.
- The disclosure of the fair value measurements used to value the plan assets in Note 7.

The financial statements disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 11, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Trustees and management of Pacific Plaza Hotels, Inc. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Campbell Taylor & Company

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Pacific Plaza Hotels, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of change in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. PACIFIC PLAZA HOTELS, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1: **DESCRIPTION OF PLAN**

The following description of Pacific Plaza Hotels, Inc. 401(k) Plan (the "Plan") provides only summarized general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan was established effective January 1, 2000 to provide benefits for employees of Pacific Plaza Hotels, Inc. (the "Plan Sponsor") and the employees' beneficiaries. The Plan Sponsor consists of a controlled group of employers with common ownership. The controlled group of employers consists of hotels and restaurants. The Plan is administered by a committee appointed by the Plan Sponsor. John Hancock Life Insurance Company is the custodian of the Plan assets. Four employees of the Plan Sponsor serve as Plan trustees.

The Plan is a combined 401(k) and profit sharing plan covering all employees upon the later date the employee attains the age of twenty-one (21) years, or completes a minimum of one year of service, and has worked 1,000 hours during the year. Employees covered by a collective bargaining agreement and nonresident aliens who do not receive United States source income are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Year
The Plan year begins January 1 and ends December 31.

Contributions
The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute amounts from their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code.

- *Discretionary Non-elective Employer Contributions*
  The Plan Sponsor may make non-elective contributions at its discretion to plan members that were active participants at the end of the Plan year and completed 1,000 hours of service during the Plan year. The non-elective contributions are allocated to eligible participants on a pro-rata basis at the discretion of the Plan Sponsor. The Plan Sponsor elected not to make a non-elective contribution in 2013 or 2012.

- *Employee Rollover Contributions*
  Participants may make rollover contributions from another qualified plan.

Participant Accounts
Each participant account is credited with the participant's contributions, rollover contributions, an allocation of Plan earnings, and certain Plan expenses, as defined by the Plan document. The yield (interest, dividends, and net realized and unrealized gains and losses) on investments is allocated to each participant's account based on each participant's pro rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Retirement
Normal retirement under the Plan is the later of age sixty-five (65) or the fifth anniversary of participation in the Plan.

Vesting
Participants are 100% vested in their salary deferral contributions as well as related gains/loss credited to their accounts. Participants vest in benefits from employer contributions in accordance with the following schedule:

Years of Credited Service	Vested Percentage
Less than 2 years	0%
After 2 years	20%
After 3 years	40%
After 4 years	60%
After 5 years	80%
After 6 years	100%

Forfeitures
Forfeitures are used first to pay reasonable Plan expenses with any remaining amounts used to reduce employer contributions to the Plan. No forfeitures were used to reduce employer contributions for the years ended December 31, 2013 and 2012. Forfeited amounts of $0 were available to pay reasonable Plan expenses or to reduce employer contributions as of December 31, 2013 and 2012.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum of equal to the lesser of $50,000 or 50% of their vested account balance. Principal and interest is paid ratably through monthly payroll deductions and loan periods range from one to five years, except for loans made for the purchase of a primary residence, which may permit a longer repayment term.

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) upon termination of employment, 3) death or disability, 4) demonstration of financial hardship, 5) in-service upon reaching age 59½, or 6) termination of the Plan. Benefit payments are made in a single lump-sum, except for installment payments for in-service or required minimum distributions. Refunds of excess contributions generally represent the distribution of certain assets to employees in order for the Plan to comply with nondiscrimination rules of the Code.

Administrative Costs
Administrative costs of the Plan are shared by the Plan and the Plan Sponsor at the discretion of the Plan Committee. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Allocation and Income Recognition
Investments in pooled separate accounts are stated at fair market value based on quoted market prices when available. The guaranteed interest account is valued at fair value by discounting the related cash flows based on current yields. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investments are valued daily.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Income Taxes
The Plan obtained its latest opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Estimates and Assumptions
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE CUSTODIAN**

NOTE 5: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall be 100% vested in their accounts.

NOTE 6: **RECONCILIATION TO FORM 5500**

The Plan financial statements contain differences from the Form 5500 as follows:

	2013	2012
Employee contributions per Form 5500	$ 148,502	$ 177,701
Excess participant contributions refundable	-	(16,988)
Employee contributions as reported	$ 148,502	$ 160,713

NOTE 7: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Level 2 Fair Value Measurements:
Pooled separate accounts invest mainly in mutual funds and stocks, both domestic and international. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

Level 3 Fair Value Measurements:
Guaranteed interest account is valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE 7: **FAIR VALUE MEASUREMENTS (Continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2013 and 2012:

	Guaranteed Interest Account
Balance, beginning of year	$ 8,614
Contributions	1,064
Net loss in fair value of investment	(34)
Balance, end of year	$ 9,644

NOTE 8: **PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of pooled separate accounts and an insurance contract managed by the custodian as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are recorded in net appreciation in fair value of investments. Fees for certain expenses related to the administration of the Plan were paid by the Plan or the Plan Sponsor. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 9: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 11, 2014, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.
