RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

November 30, 2013 and 2012

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Penny Newman Grain Co., Inc. Retirement Plan ("the Plan") is a defined contribution plan effective August 8, 1961. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective December 1, 2006, the Plan was amended to include a safe harbor match and to permit designation of salary deferrals as Roth after-tax contributions. The Plan has been amended for final EGTRRA restatements effective January 1, 2009. The Plan's purpose is to provide employees of Penny Newman Grain Co., Inc. the opportunity to accumulate funds for their retirement.

Eligibility

An employee of the Company normally becomes eligible to participate in the Plan after completing one year of service with the Company and after attaining age twenty-one. Employees may elect to participate in the Plan on the first day of December, or the date six months thereafter, following completion of all eligibility requirements.

Administration

The Plan is administered by the Company. The costs of administering the Plan, unless paid by the Company are allocable to the accounts of a particular participant or charged to the accounts of all participants on a pro rata basis.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employee contributions

Participants may contribute a percentage of their annual compensation to the plan through salary deferrals up to the maximum dollar amount determined by the Internal Revenue Service each year. If the participant is age 50 or older, the participant may elect to defer additional amounts as defined by law.

Employer contributions

Upon fulfillment of the eligibility requirements, participant accounts will accrue a safe harbor match of 100% of employee deferrals up to 4.0% of eligible compensation. The Company is permitted to change the safe harbor formula annually. The Company match is allocated to participant accounts that have received deferrals during the year. These amounts are limited to the maximum dollar amount determined by the Internal Revenue Service each year.

Each year the Employer may determine a discretionary amount to contribute to the Plan. Contributions will be allocated to participants in proportion to each participant's compensation for the plan year to total compensation for all participants for that year. For years ended November 30, 2013 and 2012, the Company did not make a discretionary contribution.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Vesting
Participant contributions, safe harbor match and actual earnings thereon are immediately 100% vested. Discretionary contributions by the Company vest on a pro rata basis over six years. In the event of death, disability or retirement, a participant's interest in employer discretionary contributions become fully vested.

Forfeitures
Forfeitures (participants' allocated interest in Plan assets which are not vested because employment is terminated before the vesting period is complete) will be applied to reduce administrative expenses of the Plan. Any remaining forfeitures may reduce employer discretionary and matching contributions. At November 30, 2013 and 2012, there were no unallocated forfeitures available to be allocated to participant accounts in the following year.

Distributions
In the event of termination, a participant's vested benefit will remain in the Plan until death, disability or retirement. However, at the election of the participant, or in the event that the participant's vested benefit does not exceed $5,000, the participant's vested benefit will be distributed as soon as administratively feasible. A lump sum distribution is the only form of payment under the Plan.

Payment of benefits
Benefits are recorded when paid. The Plan accounts for benefits due to participants who have terminated employment with the Company as a component of net assets available for benefits until such amounts have been paid.

Early payment options
A participant who has attained age 59-1/2 and who has not separated from service may obtain a distribution of their vested benefits.

Investments
Participants are allowed to direct their contributions and the related employer discretionary and matching contributions by the Company into any of the various investment options offered by the Plan.

Notes receivable from participants
Participants in the Plan may borrow a minimum amount of $1,000 and a maximum of 50% of their vested balance up to $50,000. Loan terms range from one to five years, unless the loan is being used to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are included in administrative expenses when incurred. As of November 30, 2013 and 2012, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Termination

The Company has the right to terminate the Plan at any time. In the event of termination, participants become 100% vested in the aggregate value of their respective accounts.

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United Sates of America. The financial statements present the net assets available for benefits and changes in those net assets at current values. The difference between current value and the cost of the investments is reflected in the statements of changes in net assets available for benefits as unrealized appreciation (depreciation) of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for Plan benefits during the reporting period. Actual results could differ from those estimates.

Investment valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Federal income taxes

The plan files an annual information return/report (Form 5500) with the Internal Revenue Service under the tax exempt status allowed under the provisions of the Internal Revenue Code section 501(a).

Date of management's review

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 8, 2014, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are not directly observable for the asset but are derived principally from or corroborated by observable market data through correlation or by other means, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. There were no transfers of Plan assets between levels.

Level 2 Fair Value Measurements

The John Hancock pooled separate accounts are valued at fair value. Fair value of shares of the underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund. The value of the pooled separate accounts is certified in accordance with regulation 2520.103-5 of the Department of Labor by John Hancock Life Insurance Company.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of November 30, 2013.

NOTE 5 – TAX STATUS

The plan obtained its latest determination letter on the prototype plan on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6 – ALLOCATION OF ASSETS

Net assets available in the amount of $211,859 and $137,948 for the years ending November 30, 2013 and 2012, respectively, have been allocated to the accounts of employees who have withdrawn from the Plan. There were no non-vested amounts subject to forfeiture as of November 30, 2013 and 2012.

NOTE 7 – RELATED PARTY TRANSACTIONS

The Plan assets were managed by John Hancock Life Insurance Company (USA). Plan management includes record keeping and investment services related to contributions received, plan earnings and distributions. Thiesen Dueker provides investment advisory services. The services to the Plan qualify as party-in-interest transactions. Investment management services and third party administrative services are paid for by the Plan. John Hancock contract administration fees totaled $31,843 and $26,498 for the years ended November 30, 2013 and 2012, respectively. Broker commissions reported by John Hancock related to the Plan totaled $27,028 and $23,088 for the years ended November 30, 2013 and 2012, respectively. Third party administrative services and compensation reported by John Hancock related to the Plan totaled $4,704 and $4,527 for the years ended November 30, 2013 and 2012, respectively.

Administrative functions are jointly performed by employees of the Company and All Valley Administrators. No employee receives compensation from the Plan. The independent auditor's fees are paid directly by the Company.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PARTICIPANTS' RIGHTS TO ADDITIONAL INFORMATION

Plan participants have the right, upon request and at no charge, to examine or to receive copies of the statements from the regulated financial institutions describing the qualifying plan assets or evidence of the required fiduciary bond. If Plan participants are unable to examine or obtain copies of the regulated financial institution statements or evidence of the required bond, participants should contact the Regional Office of the US Department of Labor's Employee Benefits Security Administration closest to you. The DOL EBSA Regional Offices are located in Atlanta, Boston, Chicago, Cincinnati, Dallas, Kansas City, Philadelphia, Los Angeles, New York City and San Francisco.

Plan participants also have the legally protected right to examine the Plan's annual report at 7576 N. Ingram, Suite 102, Fresno, CA, 93711 and at the US Department of Labor in Washington DC, or obtain a copy from the US Department of Labor upon payment of copying costs. Requests to the Department should be addressed to: Public Disclosure Room, Room N-15113, Employee Benefits Security Administration, US Department of Labor, 200 Constitution Avenue, NW, Washington DC, 20210.
