Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Big Geyser, Inc. 401 (k) Plan, which comprise the statements as of December 31, 2013 and 2012, and for the year ended December 31, 2013, as listed in the accompanying index, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule listed in the accompanying index as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Big Geyser, Inc. 401 (k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Internal Revenue Service Code Section ("Code Section") 401(k) effective January 1, 1997. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan covers all eligible employees of Big Geyser, Inc. ("Company") who have three months experience and are over 21 years old. Eligible employees include all employees except those that are represented by a bargaining unit that has bargained with the Company in good faith on the subject of retirement benefits, a nonresident alien with no U.S. income or all such income is exempt from U.S. income tax, or considered an independent contractor. The effective date of participation is the first day of the month or after three months of service.

Contributions

Contributions to the Plan may be pre-tax Salary Deferrals or after-tax Roth Deferrals. Participants are immediately vested in their contributions plus actual earnings thereon. Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable. The Company matches contributions equal to 25% of a participant’s 401(k) elective deferral contribution. Additionally, the Company may make a discretionary contribution to the Plan. For the year December 31, 2013 the Company made matching contributions of $70,067 to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant’s contribution and Company matching contributions, as well as an allocation of the Company's discretionary contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants direct their accounts into various investment options offered by

the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts is based on years of continuous service as follows:

Years of Vesting Service	Amount Vested
Less than 1	0%
1 years of service	20%
2 years of service	40%
3 years of service	60%
4 years of service	80%
5 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Notes receivable from participants are secured by the balance in the participant's account. The interest rate on outstanding loans ranged from 3.25% to 9.75% per annum. Principal and interest is paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, in installment payments over a period of time, or a combination of lump sum and periodic installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

At December 31, 2013 and 2012, there were no forfeited nonvested accounts. The Company uses forfeited amounts to reduce employer contributions and Plan expenses. For the year ended December 31, 2013, the employer contributions were reduced approximately $2,800 from forfeiture nonvested accounts.

Hardship Withdrawals

A participant may request a hardship withdrawal under certain conditions as specified in the Plan agreement. Hardship withdrawals must be approved by the Plan administrator.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management of the Plan to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to contributions. At December 31, 2013 and 2012, corrective distributions payable were $21,026 and $27,002, respectfully, and were remitted back to the applicable participants prior to March 15 of the subsequent year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

3. INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets.

Investments	2013	2012
Principal Trust(SM) Target 2025 Fund	$ 530,531	$ 524,050
Principal Trust(SM) Target 2030 Fund	459,700	344,630
Principal Trust(SM) Target 2020 Fund	407,881	343,845
Principal Trust(SM) Target 2040 Fund	407,205	274,661
Principal Trust(SM) Target 2015 Fund	294,784	*
Principal Trust(SM) Target 2035 Fund	216,767	144,311
Principal Trust(SM) Target 2010 Fund	*	191,392

* Indicates that the fund was not over 5% of the Plan's net assets in the specified year.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) resulted in an increase in value of $419,694 as follows:

Collective investment trusts	$ 362,288
Mutual funds	36,455
Pooled separate accounts	20,951
	$ 419,694

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2013 and 2012 was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee.

	2013	2012
Investments, at fair value:	$ 2,850,452	$ 2,247,735
Participant loans	119,047	99,660
Net change in fair value of investments	419,694	246,349
Interest and dividends	863	1,032
Interest income from notes receivable	3,531	4,532

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted market prices in inactive markets or quoted prices for similar assets in active markets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The Plan establishes valuation processes and procedures to ensure that the valuation techniques for investments that are categorized within Level 3 of the fair value hierarchy are fair, consistent and verifiable. The Plan uses discontinuation value, as certified by the Plan's trustee, Principal Trust Company, to value Level 3 investments. The Plan Administrator considers the values and inputs for reasonableness. The trustees review reports from Principal Trust Company or more frequently, as needed, to determine whether the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted as necessary, based on current market conditions and other third party information.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements
Pooled Separate Accounts ("PSAs") invest mainly in stocks and mutual funds. The majority of the underlying securities have observable Level 1 quoted pricing inputs. While underlying assets values are quoted prices, the net asset value ("NAV") of a separate account is not publicly quoted. ASC 820 allows NAV per share to serve as a practical expedient to estimate the fair value of a PSA as long as certain requirements are met. It is Principal Trust Company's assessment that these PSAs meet those

requirements. The PSAs can be redeemed at NAV as of the measurement date, allowing them to be classified as Level 2 investments.

Collective investment trusts ("CIT") invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the separate accounts are not publicly quoted pricing inputs. The fair value of mutual funds are publicly quoted pricing inputs (level 1). The fair value of all these investments are used in determining the net asset value ("NAV") of the CIT, which is not publicly quoted. ASC 820 allows NAV per share to serve as a practical expedient to estimate the fair value of a CIT as long as certain requirements are met. It is Principal Trust Company's assessment that these CITs meet those requirements. The CITs can be redeemed at NAV as of the measurement date, allowing them to be classified as Level 2 investments.

Level 3 Fair Value Measurements
The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. This fair value represents discontinuation value times 95% (One minus 5% withdrawal charge).

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

December 31, 2013	Level 1	Level 2	Level 3	Total

The following table set forth reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the guaranteed investment contract for the year ended December 31, 2013

	Guaranteed Investment Contract
Beginning Balance	$ 29,572
Gains	1,556
Interest Credited	460
Purchases	105,989
Sales	(102,628)
Transfers in to level 3	-
Transfers out of level 3	-
Ending Balance	$ 34,949

The amount of total gains or losses for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains or losses relating to assets held at the end of the reporting period	$ 1,556

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in net change in fair value of investments. Unrealized gains from the guaranteed investment contract are not reported in the statement of changes in net assets available for benefits as the contract is recorded at contract value for presentation in the net assets available for benefits.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2013, there were no significant transfers into or out of Level 3.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

	Fair Value at 12/31/13	Valuation Techniques	Unobservable Inputs	Range

(a) Asset Allocation Funds: Asset allocation funds invest in a variety of different types of equities and fixed income securities, to achieve their stated investment objective. The objective of an asset allocation fund can vary and includes, but is not limited to, target date funds and investment styles. Target date funds automatically rebalance its investments to create a portfolio for a certain retirement date. Investment styles can vary in risk and include investments in different sized companies and geographic regions, with different weights on equity and debt.

(b) Fixed Income Funds: Fixed income funds invest in fixed income securities. The objective of fixed income funds is generally to receive interest payments or capital growth.

Fixed income funds generally invest in sovereign, corporate, or municipal debt. Debt rates of return are based upon economic conditions and the credit worthiness of the debtor, amongst other factors.

(c) Equity Funds: Equity funds invest in stocks. The objective of an equity fund is growth through capital gains and dividends. Stock funds may have a specific style, for example, value or growth, and include investments in different sized companies and geographic regions.

6. GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with the Principal Life Insurance Company ("Principal Life"). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The methodology for calculating the interest crediting rate and the Composite Crediting Rate are defined in the insurance contract. Under the terms of the existing contract, the Composite Crediting Rate is currently reset on a semiannual basis and will never be less than the Guaranteed Minimum Interest Rate.

Changes in future interest crediting rates will not effect the amount reported as an adjustment from fair value to contract value on the statement of net assets available for benefits for the portion of net assets attributable to fully benefit-responsive investment contracts. Fair value is considered book value less early withdrawal charge.

The contract also defines the circumstances and amounts for which the contract may be terminated by the Plan. The issuer has the right to no longer receive deposits, however the circumstances for termination of the contract are still subject to the terms of the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012, was $34,949 and $29,572, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

The Principal Fixed Income Guaranteed Option is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. The Composite Credit Rate was 2.04% for the year ended December 31, 2013.

By definition, the group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. The terms and methods under which the contract may transact are defined in the contract. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events may include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit Principal Life to terminate the agreement prior to the scheduled maturity date.

Average yields:	2013	2012
Based on actual earnings	2.04%	2.48%
Based on interest rate credited to participants	2.04%	2.48%

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. TAX STATUS

The Plan has not been submitted to the IRS for a determination letter. The Plan is on a prototype non-standardized profit sharing plan with CODA and is relying on a letter received by its consultant dated March 31, 2008 that the Internal Revenue Service has determined and, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Principal Trust Company is the custodian of the Plan's investments and therefore certain transactions qualify as party-in-interest transactions. Administrative fees of approximately $8,800 were paid to Principal Trust Company from the Plan during the year ended December 31, 2013. Other expenses of the Plan are the responsibility of the Company.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following schedule is a reconciliation of the financial statements at December 31, 2013, and 2012 to Schedule H form 5500:

	2013	2012
Net assets available for benefits per the financial statements	$ 2,948,473	$ 2,328,421
Add: Refunds payable for excess Contributions	21,026	27,002
Net assets available for benefits per the 5500	$ 2,969,499	$ 2,355,423

On the Form 5500, excess contributions are recorded when paid.

12. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 8, 2014, the date the financial statements were available to be issued.
