Independent Auditors' Report

To the Board of Directors
TMPA Legal, Inc – Peace Officers' legal Defense Fund Plan and Trust.:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of TMPA Legal, Inc. – Peace Officers' Legal Defense Fund Plan and Trust ("the Trust'), which comprise the statements of benefit obligations and net assets available for benefits as of October 31, 2013 and 2012, and the related statements of changes in benefit obligations and net assets available for benefits for the year ended October 31, 2013 and 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
The Trust management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Trust as of October 31, 2013 and 2012, and the changes in its benefit obligations and net assets available for benefits for the years ended October 31, 2013 and 2012 in accordance with accounting principles generally accepted in the United States of America.

Note 5 - Fair Value of Financial Instruments

The Plan is required to disclose estimated fair values for its financial instruments. The fair value estimates presented herein are based on relevant information available to management as of October 31, 2013 and 2012. Because the reporting requirements exclude certain financial instruments and all non-financial instruments, the aggregate fair value amounts presented herein do not represent management's estimate of the underlying value of the Plan.

Note 5 - Fair Value of Financial Instruments (continued)

Cash and cash equivalents, receivable from affiliates, credit cards payable, contributions received in advance and claims payable are reflected in the Plan's financial statements at cost, which approximates fair value because of the short term maturity of these instruments.

The Plan has estimated fair value of financial instruments using available market information and appropriate valuation methodologies. The fair value of the close-end funds at October 31, 2013 and 2012 is determined based on quoted market values, which approximates fair value.

Financial instruments are considered Level 1 when their values are determined using quoted prices in active markets for identical assets that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1, such as quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. There were no Level 2 investments during the years ended October 31, 2013 and 2012.

Financial instruments are considered Level 3 when their values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable. Level 3 financial instruments also include those for which the determination of fair value requires significant management judgment or estimation. There were no Level 3 investments during the years ended October 31, 2013 and 2012.

The following table represents the Plan's fair value hierarchy for its investments as of October 31, 2013:

	Quoted Prices for Active Markets for Identical Assets (Level 1)	Total
Mutual funds	$ 402,529	$ 402,529
Total	$ 402,529	$ 402,529

The following table represents the Plan's fair value hierarchy for its investments as of October 31, 2012:

Mutual funds	$ 741,217	$ 741,217
Total	$ 741,217	$ 741,217
