Independent Auditors' Report

We were engaged to audit the financial statements of Bering Home Center, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009, and the supplemental schedules as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified by Prudential Trust Company, the Trustee for the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The Bering Home Center, Inc. Retirement Savings Plan (the "Plan") is a qualified retirement plan adopted by Bering Home Center, Inc. (the "Company") effective October 1, 1968. The Plan was amended and restated on October 1, 2002. The Plan is administered by a committee appointed by the Board of Directors of the Company.

The summary of significant provisions of the Plan presented below provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. Employee Participation − The Plan is a defined contribution plan covering all employees of the Company who are age eighteen (18) years or older and have completed six (6) months of service. Employees may enter the Plan on the first day of the month following the date they satisfy the eligibility requirements.

B. Contributions − Participants may elect to defer at least one percent (1%) to one hundred percent (100%) of eligible compensation into the Plan not to exceed the maximum amount allowed by law. Participants age fifty (50) or older may elect to defer additional amounts called catch-up contributions. Participants may modify or revoke their election at any time.

   The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participants' elective deferrals, which the Company will determine each year. The discretionary matching contribution is currently equal to twenty-five percent (25%) of each participant's deferral up to six percent (6%) of eligible compensation.

   On an annual basis, a discretionary nonelective contribution may be made to the Plan and allocated to eligible participants based on compensation. In order to share in the nonelective contribution, a participant must be actively employed on the last day of the Plan year and must have completed at least 1,000 hours of service during the Plan year. A participant will share in the nonelective contribution for the year regardless of the above in the year of death, disability, or attainment of normal retirement age. The Company did not make a discretionary nonelective contribution for the year ended December 31, 2009.

   Participants may also deposit into the Plan distributions they have received from other plans and certain IRAs as rollover contributions.

C. Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, Plan earnings or losses, and administrative expenses. Participant accounts are segregated for purposes of determining the earnings or losses on their accounts. Participant accounts do not share in the investment performance of other participants who have directed their own investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

D. Vesting − Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions or discretionary nonelective contributions of their accounts plus actual earnings or losses thereon is based on years of service. A participant is fully vested after six (6) years of credited service.

E. Investment Options – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value fund as investment options for participants.

F. Payment of Benefits − Benefit payments may be made upon death, normal retirement, disability or termination of employment. Benefit payments will be made either in a single lump-sum payment in cash equal to the value of the participant's account balance, installment payments over a period of not more than the participant's assumed life expectancy (or beneficiary's in case of death), or directly rolled over to an IRA or another qualified employer plan. If the participant's vested account balance is not greater than $1,000, it will be paid automatically in a lump-sum payment in cash as soon as administratively feasible following the event that entitled a distribution. Participants may receive an in-service distribution upon attaining age 59 ½ or incurring a financial hardship. Hardship withdrawals are available to participants who do not have sufficient resources or savings available to satisfy immediate and heavy financial needs. In the event a participant receives a hardship distribution, the participant will be suspended from making elective deferrals for at least six (6) months after receipt of the hardship distribution.

G. Forfeited Accounts − If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remaining in the Plan is called a forfeiture. Forfeitures are first used to pay Plan administrative expenses. Forfeitures will then be used to reduce employer contributions. There were $3,762 and $3,015 in forfeited nonvested accounts at December 31, 2009 and 2008, respectively. For the year ended December 31, 2009, $1,385 was used to pay Plan expenses.

H. Reclassifications – Certain reclassifications have been made to the prior year to conform with the presentation in the current year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements and supplemental schedules have been prepared on the accrual basis of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Effective January 1, 2008, the Plan adopted the provision of guidance now codified as Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, with respect to its investments. FASB ASC Topic 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. FASB ASC Topic 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.

- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (the "Codification"). This standard replaces SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles*, and establishes only two levels of GAAP, authoritative and nonauthoritative. The FASB Accounting Standards Codification ("ASC") has become the source of authoritative, nongovernmental GAAP. All other nongrandfathered, accounting literature not included in the Codification will become nonauthoritative.

The Plan has adopted the provisions of ASC 855, *Subsequent Events* (formerly SFAS No. 165, *Subsequent Events*) which clarifies that management must evaluate, as of each reporting period, events or transactions that occur after the balance sheet date and through the date that the financial statements are issued or available to be issued, both for interim and annual reporting periods. The provisions of ASC 855 became effective prospectively for interim and annual reporting periods ending after June 15, 2009.

In January 2010, the FASB issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures About Fair Value Measurements* ("ASU 2010-06"), which amends the Fair Value Measurements and Disclosures Topic of ASC 820. This amendment requires new disclosures on the value of and the reasons for transfers in and out of Levels 1 and 2 of the fair value hierarchy and additional disclosures about purchases, sales, issuances and settlements within Level 3 fair value measurements. ASU 2010-06 also clarifies existing disclosure requirements on levels of disaggregation and about input and valuation techniques.

ASU 2010-06 is effective for interim and annual reporting periods beginning after December 19, 2009, except for the requirement to provide additional disclosures regarding Level 3 measurements which will be effective beginning after December 15, 2010.

E. Investment Valuation and Income Recognition

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds: Investments in mutual funds are stated at fair value based upon quoted market prices of the net asset value of shares held by the Plan at year-end.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Investment Valuation and Income Recognition (Continued)

Stable Value Fund: The Prudential Stable Val 10 is a stable value fund that is a common/collective trust fund. The fund may invest in a variety of investment contracts and instruments issued by selected insurance companies and financial institutions. Common/collective trust funds are stated at fair value as determined by the issuer of the common/collective trust funds based on the fair market value of the underlying investments. Common/collective trust funds with underlying investments in investment contracts are valued at fair market value of the underlying investments and then adjusted by the issuer to contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2009			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 3,368,552**	**$ -**	**$ -**	**$ 3,368,552**

TOTAL ASSETS, at fair value	$ 3,555,221	$ -	$ 534,316	$ 4,089,537

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Investment Valuation and Income Recognition (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Stable Value Fund
Balance, beginning of year	$ 534,316
Unrealized gains (losses) relating to instruments still held at the reporting date	37,190
Purchases, sales, issuances and settlements (net)	(313,052)
BALANCE, END OF YEAR	$ 258,454

The adoption of FASB ASC Topic 820 did not have a material impact on the Plan's financial statements.

As described in the guidance now codified as FASB ASC 962, *Plan Accounting – Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by FASB ASC 962, the statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The yield earned at December 31, 2009 and 2008 was 3.40% and 5.29%, respectively. The yield earned with an adjustment to reflect the actual interest rate credited to participants at December 31, 2009 and 2008 was 3.32% and 4.10%, respectively.

Valuation of the Plan assets is made annually on the last day of the Plan year. In addition, valuations of all contributions are made every business day. Net appreciation in value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Benefits

Benefits are recorded when paid. There were no amounts allocated to participants who have elected to withdraw from the Plan as of December 31, 2009.

G. Administrative Expenses

The Plan will pay some or all Plan related expenses. The expenses charged to the Plan may be charged pro-rata to each participant in relation to the size of each participant's account or may be charged equally to each participant. In addition, some types of expenses may be charged only to some participants based on their use of a Plan feature or receipt of a Plan distribution.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Prudential Trust Company, the Trustee for the Plan, except for comparing, such information certified by the Trustee to information included in the Plan's financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year):

	December 31, 2009	December 31, 2008
Mutual funds	**$ 3,368,552**	$ 3,555,221
Stable value fund	**257,938**	563,031
TOTALS	**$ 3,626,490**	$ 4,118,252

The Trustee also certified to the completeness and accuracy of $693,875 of capital gains and net appreciation in value of investments and $47,055 of dividend earnings related to the aforementioned investments for the year ended December 31, 2009.

NOTE 4 – INVESTMENTS (UNAUDITED)

At December 31, 2009 and 2008, the Plan's investments were held by Prudential Trust Company and were participant-directed. The following presents investments that represent five percent (5%) or more of the Plan's net assets at year-end:

	2009	2008

Prudential Stable Val 10	**257,938**	563,031

** Represented less than five percent (5%) of the Plan's net assets as of December 31.

The following table presents the net appreciation (including investments bought, sold and held during the year) in value for each of the Plan's investment categories for the year ended December 31, 2009:

Mutual funds	$ 685,916
Stable value fund	7,959
TOTAL	$ 693,875

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Prudential Trust Company. Prudential Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all participants will become fully vested in their accounts.

NOTE 7 – TAX STATUS

The Plan adopted a prototype standardized profit sharing plan sponsored by Prudential Insurance Co. of America. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – PROHIBITED TRANSACTIONS

During 2009, the Company failed to remit to the Plan's Trustee certain participant contributions totaling $2,945 within the period prescribed by Department of Labor regulations. The Company has or will make contributions to the affected participants' accounts to compensate these participants for potential lost income due to the delays.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2009	2008

Independent Auditors' Report

We were engaged to audit the financial statements of Bering Home Center, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009, and the supplemental schedules as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified by Prudential Trust Company, the Trustee for the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The Bering Home Center, Inc. Retirement Savings Plan (the "Plan") is a qualified retirement plan adopted by Bering Home Center, Inc. (the "Company") effective October 1, 1968. The Plan was amended and restated on October 1, 2002. The Plan is administered by a committee appointed by the Board of Directors of the Company.

The summary of significant provisions of the Plan presented below provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. Employee Participation − The Plan is a defined contribution plan covering all employees of the Company who are age eighteen (18) years or older and have completed six (6) months of service. Employees may enter the Plan on the first day of the month following the date they satisfy the eligibility requirements.

B. Contributions − Participants may elect to defer at least one percent (1%) to one hundred percent (100%) of eligible compensation into the Plan not to exceed the maximum amount allowed by law. Participants age fifty (50) or older may elect to defer additional amounts called catch-up contributions. Participants may modify or revoke their election at any time.

   The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participants' elective deferrals, which the Company will determine each year. The discretionary matching contribution is currently equal to twenty-five percent (25%) of each participant's deferral up to six percent (6%) of eligible compensation.

   On an annual basis, a discretionary nonelective contribution may be made to the Plan and allocated to eligible participants based on compensation. In order to share in the nonelective contribution, a participant must be actively employed on the last day of the Plan year and must have completed at least 1,000 hours of service during the Plan year. A participant will share in the nonelective contribution for the year regardless of the above in the year of death, disability, or attainment of normal retirement age. The Company did not make a discretionary nonelective contribution for the year ended December 31, 2009.

   Participants may also deposit into the Plan distributions they have received from other plans and certain IRAs as rollover contributions.

C. Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, Plan earnings or losses, and administrative expenses. Participant accounts are segregated for purposes of determining the earnings or losses on their accounts. Participant accounts do not share in the investment performance of other participants who have directed their own investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

D. Vesting − Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions or discretionary nonelective contributions of their accounts plus actual earnings or losses thereon is based on years of service. A participant is fully vested after six (6) years of credited service.

E. Investment Options – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value fund as investment options for participants.

F. Payment of Benefits − Benefit payments may be made upon death, normal retirement, disability or termination of employment. Benefit payments will be made either in a single lump-sum payment in cash equal to the value of the participant's account balance, installment payments over a period of not more than the participant's assumed life expectancy (or beneficiary's in case of death), or directly rolled over to an IRA or another qualified employer plan. If the participant's vested account balance is not greater than $1,000, it will be paid automatically in a lump-sum payment in cash as soon as administratively feasible following the event that entitled a distribution. Participants may receive an in-service distribution upon attaining age 59 ½ or incurring a financial hardship. Hardship withdrawals are available to participants who do not have sufficient resources or savings available to satisfy immediate and heavy financial needs. In the event a participant receives a hardship distribution, the participant will be suspended from making elective deferrals for at least six (6) months after receipt of the hardship distribution.

G. Forfeited Accounts − If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remaining in the Plan is called a forfeiture. Forfeitures are first used to pay Plan administrative expenses. Forfeitures will then be used to reduce employer contributions. There were $3,762 and $3,015 in forfeited nonvested accounts at December 31, 2009 and 2008, respectively. For the year ended December 31, 2009, $1,385 was used to pay Plan expenses.

H. Reclassifications – Certain reclassifications have been made to the prior year to conform with the presentation in the current year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements and supplemental schedules have been prepared on the accrual basis of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Effective January 1, 2008, the Plan adopted the provision of guidance now codified as Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, with respect to its investments. FASB ASC Topic 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. FASB ASC Topic 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.

- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (the "Codification"). This standard replaces SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles*, and establishes only two levels of GAAP, authoritative and nonauthoritative. The FASB Accounting Standards Codification ("ASC") has become the source of authoritative, nongovernmental GAAP. All other nongrandfathered, accounting literature not included in the Codification will become nonauthoritative.

The Plan has adopted the provisions of ASC 855, *Subsequent Events* (formerly SFAS No. 165, *Subsequent Events*) which clarifies that management must evaluate, as of each reporting period, events or transactions that occur after the balance sheet date and through the date that the financial statements are issued or available to be issued, both for interim and annual reporting periods. The provisions of ASC 855 became effective prospectively for interim and annual reporting periods ending after June 15, 2009.

In January 2010, the FASB issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures About Fair Value Measurements* ("ASU 2010-06"), which amends the Fair Value Measurements and Disclosures Topic of ASC 820. This amendment requires new disclosures on the value of and the reasons for transfers in and out of Levels 1 and 2 of the fair value hierarchy and additional disclosures about purchases, sales, issuances and settlements within Level 3 fair value measurements. ASU 2010-06 also clarifies existing disclosure requirements on levels of disaggregation and about input and valuation techniques.

ASU 2010-06 is effective for interim and annual reporting periods beginning after December 19, 2009, except for the requirement to provide additional disclosures regarding Level 3 measurements which will be effective beginning after December 15, 2010.

E. Investment Valuation and Income Recognition

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds: Investments in mutual funds are stated at fair value based upon quoted market prices of the net asset value of shares held by the Plan at year-end.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Investment Valuation and Income Recognition (Continued)

Stable Value Fund: The Prudential Stable Val 10 is a stable value fund that is a common/collective trust fund. The fund may invest in a variety of investment contracts and instruments issued by selected insurance companies and financial institutions. Common/collective trust funds are stated at fair value as determined by the issuer of the common/collective trust funds based on the fair market value of the underlying investments. Common/collective trust funds with underlying investments in investment contracts are valued at fair market value of the underlying investments and then adjusted by the issuer to contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2009			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 3,368,552**	**$ -**	**$ -**	**$ 3,368,552**

TOTAL ASSETS, at fair value	$ 3,555,221	$ -	$ 534,316	$ 4,089,537

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Investment Valuation and Income Recognition (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Stable Value Fund
Balance, beginning of year	$ 534,316
Unrealized gains (losses) relating to instruments still held at the reporting date	37,190
Purchases, sales, issuances and settlements (net)	(313,052)
BALANCE, END OF YEAR	$ 258,454

The adoption of FASB ASC Topic 820 did not have a material impact on the Plan's financial statements.

As described in the guidance now codified as FASB ASC 962, *Plan Accounting – Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by FASB ASC 962, the statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The yield earned at December 31, 2009 and 2008 was 3.40% and 5.29%, respectively. The yield earned with an adjustment to reflect the actual interest rate credited to participants at December 31, 2009 and 2008 was 3.32% and 4.10%, respectively.

Valuation of the Plan assets is made annually on the last day of the Plan year. In addition, valuations of all contributions are made every business day. Net appreciation in value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Benefits

Benefits are recorded when paid. There were no amounts allocated to participants who have elected to withdraw from the Plan as of December 31, 2009.

G. Administrative Expenses

The Plan will pay some or all Plan related expenses. The expenses charged to the Plan may be charged pro-rata to each participant in relation to the size of each participant's account or may be charged equally to each participant. In addition, some types of expenses may be charged only to some participants based on their use of a Plan feature or receipt of a Plan distribution.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Prudential Trust Company, the Trustee for the Plan, except for comparing, such information certified by the Trustee to information included in the Plan's financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year):

	December 31, 2009	December 31, 2008
Mutual funds	**$ 3,368,552**	$ 3,555,221
Stable value fund	**257,938**	563,031
TOTALS	**$ 3,626,490**	$ 4,118,252

The Trustee also certified to the completeness and accuracy of $693,875 of capital gains and net appreciation in value of investments and $47,055 of dividend earnings related to the aforementioned investments for the year ended December 31, 2009.

NOTE 4 – INVESTMENTS (UNAUDITED)

At December 31, 2009 and 2008, the Plan's investments were held by Prudential Trust Company and were participant-directed. The following presents investments that represent five percent (5%) or more of the Plan's net assets at year-end:

	2009	2008

Prudential Stable Val 10	**257,938**	563,031

** Represented less than five percent (5%) of the Plan's net assets as of December 31.

The following table presents the net appreciation (including investments bought, sold and held during the year) in value for each of the Plan's investment categories for the year ended December 31, 2009:

Mutual funds	$ 685,916
Stable value fund	7,959
TOTAL	$ 693,875

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Prudential Trust Company. Prudential Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all participants will become fully vested in their accounts.

NOTE 7 – TAX STATUS

The Plan adopted a prototype standardized profit sharing plan sponsored by Prudential Insurance Co. of America. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – PROHIBITED TRANSACTIONS

During 2009, the Company failed to remit to the Plan's Trustee certain participant contributions totaling $2,945 within the period prescribed by Department of Labor regulations. The Company has or will make contributions to the affected participants' accounts to compensate these participants for potential lost income due to the delays.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:
