GARTON TRACTOR, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Garton Tractor, Inc. 401(k) Plan (the Plan), provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General: The Plan is a defined-contribution plan covering all eligible employees of Garton Tractor Inc. (the Company) who have six months of service and are age 18 or older. Having met eligibility requirements, employees may enter the Plan on either the first day of the plan year or the first day of the seventh month of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions: Each year, participants may contribute up to the annual federal tax law limit of annual compensation, as defined in the Plan. Participants may elect to make both pre-tax deferrals and Roth 401(k) deferral contributions. Those who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

For each plan year, the Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. Eligible participants who have been working at least six months and have reached the entry date requirement qualify. The Company elected not to make matching contributions for the years ended December 31, 2012 and 2013.

Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. Participants who are employed on the last day of the plan year, qualify to participate.

The Company made profit sharing contributions of $183,987 and $205,591 in the years ended December 31, 2012 and 2013, respectively.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution, if any, and (b) plan earnings, and charged with an allocation of administrative expense, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, comparable to similar types of loans by other lenders, as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, directly roll over the balance to an IRA or other eligible plan, or leave the balance in the account until a future distribution date.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Forfeited accounts: At December 31, 2013, forfeited non-vested accounts totaled $4,154. These accounts will be used to cover administrative expenses and/or to reduce future employer contributions.

Administrative expenses: Administrative expenses recorded in the Plan represent custodial fees, audit fees, and third-party administration fees paid directly from the Plan to the respective service provider. The Company pays the administrative costs of the Plan associated with plan communication and recordkeeping, as well as provides equipment, personnel, and supplies to administer the Plan (Note 5). Loan fees are deducted directly from the participants' accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and investment income recognition: The plan's investments are stated at fair value. The investment in guaranteed interest accounts is valued at contract price, which approximates fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participants' loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payments of benefits: Benefits are recorded when paid. The total vested benefits due to participants terminated but not paid at December 31, 2013 was $474,600.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and the supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2013	2012
Pooled accounts	$ 7,501,557	$ 5,731,835
Guaranteed interest accounts	577,604	492,452
Notes receivable from participants	340,317	321,633
	$ 8,419,478	$ 6,545,920

NOTE 4 – INVESTMENTS

The following presents investments that represent 5% or more of the plan's net assets at December 31, 2013 and 2012:

	2013	2012
JH Lifestyle Growth Fund	$ 640,688	$ 530,940
JH Lifestyle Aggressive Fund	580,527	389,129
JH Optimized All Cap Fund	438,735	309,912
JH 10-Year Guaranteed Interest Account	344,244	315,495
Fidelity ContraFund	344,015	–
JH Lifestyle Balanced Fund	340,537	–

During 2013, the plan's investment (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $1,249,489.

NOTE 5 – RELATED-PARTY TRANSACTIONS

Certain plan investments are mutual funds managed by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the Plan for contract administration, trustee services, and compliance reporting services, totaled $24,258. Audit fees paid by the plan for the year ended December 31, 2013, totaled $8,200.

Commissions of $10,970 for plan investment advice and administrative services were paid by the plan as indirect fees for the year ended December 31, 2013. Investment income, as calculated by John Hancock Life Insurance Company, is shown net of these fees.

Indirect fees paid by the plan for additional Third Party Administrator fees and commissions were $1,702.

NOTE 6 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

NOTE 7 – TAX STATUS (CONTINUED)

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan's last three years remain open for examination by the Internal Revenue Service.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of nets assets available for benefits.

NOTE 9 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 9 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Shares of registered investment companies: Valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013 and 2012:
