We were engaged to audit the accompanying statement of net assets available for benefits of OHIO MEDICAL CORPORATION 401(K) PROFIT SHARING PLAN as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year then ended and the supplemental schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the plan's management. The 2008 financial statements of the plan were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Merrill Lynch Bank & Trust Company, FSB, the trustee of the plan. Their report, dated July 9, 2009, indicated that because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole. Their report also indicated that the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 6, which was certified by Bank of America, N.A. (f/k/a Merrill Lynch Bank & Trust Company, FSB), the trustee of the plan, except for comparing the investment information with the related information included in the 2009 financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds all of the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2009 financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

OHIO MEDICAL CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2009 through July 29, 2010, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Ohio Medical Corporation is the plan sponsor/employer and the plan administrator. Bank of America, N.A. (f/k/a Merrill Lynch Bank & Trust Company, FSB) is the trustee that has custody of plan assets, third party administrator that maintains participant records, and tax counsel that performs various compliance tests.

Investments - The plan administrator determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The mutual fund investments are recorded at fair value based on quoted market values. The common collective trust, Merrill Lynch Retirement Preservation Trust, is a stable value investment that invests directly in a common trust fund that holds fully benefit-responsive investment contracts offered by insurance companies, banks and other financial institutions. The fair value of the common collective trust is determined based on the plan's pro rata ownership of the underlying assets held in the common collective trust as confirmed by the trustee. The loans to participant are valued at their unpaid principal balances, which approximate fair value. The net appreciation (depreciation) in the fair value of investments bought, sold and held during the year is reflected in the statement of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plans. The accompanying statements of net assets available for benefits present the fair value of the fully benefit-responsive investment contracts as well as the adjustment of the investment contracts from fair value to contract value. The statement of changes in net assets available for benefits was prepared on a contract value basis.

Fair value measurements - Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The fair value methodology applied by the plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2009 and 2008 as set forth below.

Investments at fair value as of December 31, 2009

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established on as a defined contribution plan on February 22, 1963. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

Eligibility - The plan covers all full-time employees who have attained age eighteen. Employees are allowed to enter the plan on the first business day immediately following the date the plan's eligibility requirements are met.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute up to 80% of their annual compensation subject to certain limitations (employee elective deferral contributions).
- b. Employee rollover contributions are accepted by the plan from other qualified plans. There were no rollover contributions in 2009 or 2008.
- c. A safe harbor matching contribution is made by the employer equal to 100% of the first 3% of base compensation and 50% of the next 2% of compensation that a participant contributes to the plan. The plan was amended in April 2009 to discontinue the safe harbor contribution requirements.
- d. Additional employer matching and profit sharing contributions may be made at the employer's discretion. There were no such contributions in 2009 or 2008.

Participant accounts - Contributions are remitted to the third party administrator who invests them in accordance with the investment options selected by the participant. The value of the investments is adjusted daily to reflect the earnings plus the fair value appreciation (depreciation). Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Vesting - Participants are always 100% vested in their elective deferral, rollover, discretionary employer matching and employer safe harbor matching contributions and related earnings. Participants begin vesting in discretionary profit sharing contributions and related earnings upon two years of service at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement participants become 100% vested.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Participants may elect their distribution to be in the form of a single lump sum or installment payments. In-service withdrawals can commence upon attaining the age of 59½. Hardship withdrawals are permitted under certain circumstances.

Administrative fees - Certain administrative fees of the plan are paid by the employer.

Loans to participants - Participants can take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or \$50,000. The repayment term generally cannot exceed 5 years, the exception being when the loan is for the purchase of a primary residence. As of December 31, 2009, loans outstanding had various repayment schedules through August 2014 and interest rates ranging from 4.25% to 9.25%.

3. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of funds managed by Bank of America, N.A. Bank of America, N.A. is the trustee and custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for Bank of America, N.A. investment management services were \$4,535.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA.

5. INCOME TAX STATUS

The plan adopted the Merrill Lynch Pierce Fenner & Smith, Inc. prototype non-standardized profit sharing plan with CODA. The prototype plan received its most recent favorable determination letter on March 31, 2008 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. As a result, the plan administrator has not obtained a separate Internal Revenue Service determination letter for the plan. The plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

6. INFORMATION CERTIFIED BY TRUSTEE

The trustee of the plan, Bank of American, N.A., holds the plan's investment assets and executes investment transactions. The trustee has certified the following information to be complete and accurate.

- a. Investments held by the plan and the fair values of such as of December 31, 2009 and 2008;
- b. The contract values of the Merrill Lynch Retirement Preservation Trust as of December 31, 2009 and 2008;
- c. Interest income, dividends, capital gains distributions and the net appreciation (depreciation) in fair value of investments during 2009;
- d. Contributions to, withdrawals from, purchases, sales and interfund transfers between accounts during 2009; and
- e. Individual participant account statements (which include beginning account balances, contributions, investment income (loss), transfers, withdrawals and ending account balances) during 2009.

As allowed by Department of Labor regulations, the investments and investment activity have been excluded from the scope of the independent auditors' auditing procedures. All noninvestment activity for the plan, including contributions, benefit payments and participant account activity, has been subject to the independent auditors' auditing procedures. See independent auditors' report.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As discussed in Note 1, generally accepted accounting principles permit the use of contract value accounting for benefit-responsive investment contracts. The 2009 Form 5500 was prepared on a fair value basis. As a result, the accompanying statement of net assets available for benefits as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year then ended differ from the 2009 Form 5500 due to the 2009 Form 5500 reporting the Merrill Lynch Retirement Preservation Trust at fair value. The following is a reconciliation between the 2009 financial statements and the 2009 Form 5500.

Net assets available for benefits per the financial statements	\$4,248,225
Less: Adjustment from fair value to contract value for fully benefit-responsive investment contract	(41,439)
Net assets available for benefits per Form 5500	<u>\$4,206,786</u>
Net appreciation in fair value of common collective trust per the financial statements	\$ 7,215
Less: Adjustment from fair value to contract value for fully benefit-responsive investment contract	(41,439)
Net investment gain (loss) from common collective trust per Form 5500	<u>\$ (34,224)</u>
