NOTE 1 – DESCRIPTION OF PLAN

The following description of the Catalina Channel Express, Inc. 401(k) Plan and Trust (hereafter referred to as the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan was established effective January 1, 1988, for all eligible employees of Catalina Channel Express, Inc. (the "Company"). The Plan is a contributory profit sharing plan under section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

ELIGIBILITY

An employee is eligible for participation in the Plan if they are age eighteen or older, completed six months of service and have worked at least 1,000 hours.

CONTRIBUTIONS

Participants may contribute up to 75% of their eligible compensation. A participant's total contribution for any one calendar year is limited to the maximum annual contribution allowable pursuant to the requirements of section 401(k) of the Internal Revenue Code ($17,500 in 2013 and $17,000 in 2012). Participants may also contribute amounts representing distributions from other qualified plans. The Company matches 100% of the first 2% of annual compensation that a participant contributes to the Plan. The Company made matching contributions of approximately $161,000 and $156,000 for the years ended December 31, 2013 and 2012. In addition, the Company may make an additional discretionary matching and/or profit sharing contribution at the end of each Plan year. The Company made discretionary matching contributions of approximately $75,000 and $74,000 for the years ended December 31, 2013 and 2012, respectively. Contributions are subject to certain limitations, as defined by law.

Additional "catch-up" contributions can be made beginning in the Plan year in which a participant will be at least 50 years of age by the end of the Plan year. The maximum "catch-up" contribution was $5,500 in 2013 and 2012.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of (a) the Company's discretionary contribution and (b) Plan earnings, net of investment management fees. Allocations are based on participant earnings or account balances, as defined.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

VESTING

Participants are immediately vested in their contributions, employer matching and fail-safe contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution, plus actual earnings thereon, is based on continuous years of service as follows (upon termination of service due to death, retirement or disability, a participant will become fully vested):

Years of Service	Percentage Vested
1-2	0%
3	20%
4	40%
5	60%
6	80%
7	100%

INVESTMENT OPTIONS

Upon enrollment in the Plan, participants may direct their contributions in any of the investment fund options available under a group annuity contract with John Hancock Life Insurance Company (U.S.A.), (hereafter referred to as "John Hancock").

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from the investment funds to the participant notes receivable. Loan terms range from 1-5 years, or longer for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan custodian. Interest rates vary (4.25% to 11.00%) and were based on the prime rate plus 1% at the time of issuance. The prime rate was 3.25% as of December 31, 2013 and 2012. Principal and interest is paid ratably through payroll deductions.

BENEFIT PAYMENTS

Upon termination of service, becoming disabled, or reaching the age of 59 ½ while continuing to work, a participant may elect to receive a lump-sum, installment payment, or annuity contract distribution of their vested balance. There were no amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment prior to December 31, 2013, but not yet paid as of that date.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

FORFEITURES

At December 31, 2013 and 2012, the Plan did not have any forfeited non-vested accounts. These accounts are used for Plan expenses and any remaining amounts are reallocated to participants during the Plan year.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments in pooled separate accounts are stated at fair value based on the net asset value of the composite portfolio. Net asset value is the fair market value of the securities on the last business day of the Plan fiscal year as certified by John Hancock at December 31, 2013 and 2012, respectively. Investments in guaranteed interest accounts are stated at contract value, which approximates fair value, as certified by John Hancock at December 31, 2013 and 2012, respectively. Contract value represents contributions, plus interest earned at the contract rate, less distributions and expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned.

Any net unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits. See Note 6 for discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

BENEFIT PAYMENTS

Benefits to participants are recorded when paid.

PAYMENT OF ADMINISTRATIVE EXPENSES

The Plan pays certain fees to the Plan's custodian, John Hancock, related to maintenance of the group annuity contract. The Company pays all other administrative expenses of the Plan. As such, the Company may be deemed a party-in-interest under the guidelines of ERISA.

NOTE 3 – TAX STATUS AND UNCERTAIN INCOME TAX POSITIONS

TAX STATUS

The Company has received a determination letter dated February 26, 2003 from the Internal Revenue Service stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code, and, therefore, exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 3 – TAX STATUS AND UNCERTAIN INCOME TAX POSITIONS (CONTINUED)

UNCERTAIN INCOME TAX POSITIONS

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan, and determine whether such positions would more likely than not be sustained upon examination by the Internal Revenue Code. The Plan records a liability for uncertain tax positions when it is probable that a loss has been incurred and the amount can be reasonably estimated. Plan management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. The Plan recognizes any interest and penalties related to uncertain tax positions when identified in income tax expense. Management has determined that the Plan does not have any unrecognized uncertain income tax positions as of December 31, 2013 and 2012.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to federal and state income tax examinations by taxing authorities for years before 2010 and 2009, respectively.

NOTE 4 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 5 – INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The following unaudited information in the financial statements was certified to be complete and accurate by the Plan's custodian, John Hancock, within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

During the years ended December 31, 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,967,261 and $1,124,830, respectively. These investments consisted of pooled separate accounts and guaranteed interest accounts.

NOTE 6 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

LEVEL 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE 6 – FAIR VALUE MEASUREMENTS (CONTINUED)

LEVEL 2:

Inputs to the valuation methodology include:

1. quoted prices for similar assets or liabilities in active markets;
2. quoted prices for identical or similar assets or liabilities in inactive markets;
3. inputs other than quoted prices that are observable for the asset or liability;
4. inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the plan at year end.

Guaranteed interest accounts: Valued at contract value, which approximates fair value. Contract value represents contributions made under the contract plus compound interest earned less participant withdrawals and administrative expenses. Interest is earned over a defined term of 3, 5 or 10-years, provided all contributions remain in the account until maturity. Interest rates are established on the first day of the month and apply to all contributions made in the account during the period. Withdrawals taken prior to the end of the guarantee period may be subject to a market value adjustment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of a common collective trust managed by John Hancock. John Hancock is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions.

NOTE 8 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 19, 2014, the date which the financial statements were available to be issued. The Plan's evaluation of subsequent events has determined that there are no events that require additional disclosure.
