Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

Board of Trustees and Participants of
Tobin Lucks, LLP
401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tobin Lucks, LLP 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the year then ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4I – Schedule of Investments (held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the Tobin Lucks, LLP, (the "Partnership") 401(k) Profit Sharing Plan (the "Plan") provides only general information. The specific provisions of the Plan are contained in the Plan document, which governs the legal operation of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General Description and Eligibility

The Plan is a qualified, defined contribution plan covering all employees who have attained age 21 of the Partnership and who have completed 1,000 hours of service for the twelve-month period that begins with their employment date. The purpose of the Plan is to provide retirement, disability, and death benefits for the Partnership's eligible employees and their beneficiaries. The Plan is designed to qualify under Section 401(a) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). The Plan's effective date was January 1, 1997. Participants can enter the Plan either on January 1 or July 1 after meeting the Plan's eligibility requirements.

Contributions

Under the 401(k) arrangement eligible employees participating in the Plan shall file a salary reduction agreement with the Plan administrator specifying the amount of compensation or percentage of compensation subject to limitations. The Plan provides rules for excess contributions and its distribution.

Participants may make pretax contributions to the Plan through salary deferrals in any amount not to exceed the annual maximum defined by tax law, as defined in the Plan. A participant may discontinue contributions at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. The Partnership contributes 50% of the first 4% of compensation that a non-attorney participant contributes to the Plan. The amount of contribution for the Plan year ending December 31, 2013 and 2012 was $72,399 and $66,342, respectively. The Partnership may also, at its discretion, make a profit sharing contribution. There were no profit sharing contributions for 2013 and 2012.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's share of the Partnership's matching contribution and is charged with an allocation of administrative expenses. Investment income and losses are allocated to participant accounts based on the ratio of their account balance to the total account balances of all participants in the same investment, as defined. Discretionary contributions are allocated among eligible participant accounts in the ratio that each such participant's compensation for the Plan year is to the total compensations for all eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (Continued)

Investment Options
Upon enrollment in the Plan, a participant may direct employee and employer contributions as desired, in any of a variety of options held by John Hancock Life Insurance Company (USA) ("John Hancock USA"), as chosen by the employer. Participants may change their investment options daily.

Vesting
Participants are immediately 100% vested in their voluntary contributions and actual earnings thereon. Vesting in the Partnership's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant's employer contribution portion of their account shall vest ranging from 20% to 100% for 2 to 6 years of service. The participant's interest in the matching contribution account shall vest 100% upon death and disability.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate of interest charged by any lending institution as of the date of the load, plus 2%. The term of the loan may not exceed five years except when loan proceeds are used to purchase the participant's principal residence, in which case a reasonable term is determined at the time the loan is made. Principal and interest is paid ratably through a salary reduction each pay period.

Payment of Benefits
As a general rule, termination by resignation or dismissal, disability, retirement or financial hardship, fully vested accounts will be distributed. If a participant dies before distribution of the participant's interest commences, the participant's entire interest shall be disbursed immediately following the calendar year in which the participant died.

There is only one form of payment under the Plan. The distribution will be in the form of a lump-sum distribution equal to the value of the participant's vested interest in their account, or the participant may select an alternate form of payment, if permitted under the Plan at the time of the distribution.

Forfeitures
Any portion of a participant's account, which is nonvested upon separation from service, is forfeited. Forfeitures reduce discretionary Partnership matching and profit sharing contributions, if any. Any remaining forfeitures are allocated among the participants. At December 31, 2013 and 2012, forfeitures totaled $0 and $0, respectively.

NOTE A - DESCRIPTION OF PLAN (Continued)

Plan Termination

The employer expects that the Plan will be continued indefinitely and the Trust is irrevocable but continuance of the Plan by the Company is not assumed as a contractual obligation. The Employer reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The statement of changes in net assets available for benefits presents the net appreciation (depreciation) in the fair value of the Plan's investments, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2013 and 2012, the Plan does not contain any benefit-responsive contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a fair value basis.

Plan Administration

The employer is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Payments of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (Continued)

Administrative Expenses
Administrative expense incurred by the custodian in performance of its duties are paid form the assets of the Plan. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Plan sponsor. Investment related expenses are included in the appreciation of fair value of investments.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information by investment advisors and custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets for benefits and the statements of changes in net assets available for benefits.

The Plan invests in funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Subsequent Events
Management has evaluated the need for disclosures and/or adjustments resulting from subsequent events through September 12, 2014, the date the financial statements were available to be issued. Based on this evaluation, no disclosures or adjustments were required to the financial statements as of December 31, 2013.

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIAN

The custodian, John Hancock Life Insurance Company USA, has been granted discretionary authority to invest and reinvest the assets of the trust, subject to the investment discretion of the individual participants over the employer contributions and participant contributions.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

Total investments and notes receivable from participants held and certified by John Hancock Life Insurance Company USA in the accompanying statements of net assets available for benefits were $11,383,440 and $9,278,826 as of December 31, 2013 and 2012, respectively. The net investment income of $1,587,472 and interest income on notes receivable from participants of $27,172 certified by John Hancock in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2013.

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,584,900. These investments consist of pooled separate accounts offered by the custodian.

The following investments represent 5% or more of the Plan's assets available for benefits as of December 31, 2013 and 2012 were as follows:

Investments at fair value:	2013	2012
John Hancock Lifestyle Fund – Conservative	$ 653,196	$ 897,688
John Hancock Guaranteed Interest Accounts	$ 880,903	$ 667,508
John Hancock Money Market	$ 660,488	$ 753,784
John Hancock Lifestyle Fund- Aggressive	$ 528,352	*
John Hancock Lifestyle Fund- Growth	$ 633,802	*
John Hancock Fundamental All Cap Core Fund	$ 501,672	*

* Investment balance is less than 5% of the Plan's net assets.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements & Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Valued on an accumulation unit basis as determined by the custodian. The accumulation unit value is based on the quoted market price of the underlying investment held in the account, adjusted for any dividends or distributions received by the custodian and any fees charged pursuant to the contract. The accumulation unit value is not a publically quoted price in an active market. The pooled separate accounts do not have unfunded commitments relating to its investments, or any significant restrictions on redemptions. Participant redemptions can be made on any business day and do not have a redemption notice period.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

Guaranteed interest account: Valued at contract value, which approximates fair value. Contract value represents contributions made under the contract plus compound interest earned less participant withdrawals and administrative expenses. Interest is earned over a defined term of 3 or 10 years, provided all contributions remain in the account until maturity. Interest rates are established on the first day of the month and apply to all contributions made in the account during the period. Withdrawals taken prior to the end of the guarantee period may be subject to a market value adjustment. The average crediting rate to participants was 1.04% and the yield ranged from .10% to .40% during the year ended December 31, 2013.

The primary investment objective of the guaranteed interest accounts is to seek to achieve investment income consistent with the preservation of principal, primarily through investments in federal and other government bonds, corporate bonds and commercial mortgages. Transfers between guaranteed interest accounts are not permitted. The guaranteed interest accounts do not have unfunded commitments relating to its investments, or any significant restrictions on participant-directed withdrawals. Participant-directed transfers between a guaranteed interest account and other investment options may be subject to a market value adjustment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

NOTE E- PARTY IN INTEREST TRANSACTIONS

The custodian is a party in interest with respect to the Plan. All investments are held with the custodian and they also provide participants record keeping services to the Plan. Notes receivable from participants of the Plan and the related interest income are also considered party-in-interest transactions.

NOTE F - TAX STATUS

The Employer adopted a volume submitter document, which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Administration errors, if any, that are insignificant or operational in nature, are handled by the Plan administrator in accordance with applicable IRS correction policies.

NOTE F - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.
