Plan Administrator
EDI Retirement/Savings Plan
Chippewa Falls, Wisconsin

We were engaged to audit the statements of net assets available for benefits of EDI Retirement/Savings Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedules (Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year)) as of and for the year ended December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan's administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information in Note 4, which was certified by Alerus Financial, N.A. (the "Trustee"), except for comparing such information to the related information included in the financial statements and supplemental schedules. We have been informed by the Plan's administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan's administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan's administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EDI Retirement/Savings Plan

Notes to Financial Statements

Note 1 Description of Plan

The following description of the EDI Retirement/Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution 401(k) plan covering all employees of Extrusion Dies Industries, LLC (the "Company") who are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute 1% to 100% of eligible salary or wages, subject to certain Internal Revenue Code (IRC) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Until April 15, 2009, the Company matched 100% of the first 3% and 50% of the next 3% of the employee's eligible salary or wages contributed. Subsequent to April 15, 2009, the Company replaced the safe harbor matching contribution with a discretionary matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and Plan earnings or losses allocable to the participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

All investments of the Plan are participant-directed. Participants have the option of directing their account balance to one or more investment options.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

EDI Retirement/Savings Plan

Notes to Financial Statements

Note 1 Description of Plan (Continued)

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their account balance in accordance with the Plan agreement. Participants are permitted to have one outstanding personal loan and one outstanding real estate loan through the Plan. Loans are to be repaid over a period not to exceed five years, unless the loan is for a principal residence, in which case the repayment period may exceed five years. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.25%. Principal and interest payments are made through payroll deductions.

Payment of Benefits

The Plan provides for payment of the entire vested balance in the participant's account upon retirement, death, disability, or termination of employment. The method of payment will generally be in the form of a lump sum distribution or installment payments.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

EDI Retirement/Savings Plan

Notes to Financial Statements

Note 2 Summary of Significant Accounting Policies

Estimates

The preparation of the accompanying financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

Trustee investment fees are paid directly from the Plan's assets. All other Plan administration costs are paid directly by the Plan sponsor and not charged to the Plan.

Subsequent Events

The Plan has evaluated subsequent events through September 10, 2010, which is the date the financial statements were available to be issued.

EDI Retirement/Savings Plan

Notes to Financial Statements

Note 3 Fair Value Measurements

The Plan measures fair value of its financial statements using a three-tier hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets. • Quoted prices for identical or similar assets or liabilities in inactive markets. • Inputs, other than quoted prices, that are observable for the asset or liability. • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Collective trust fund: Represents the Federated Capital Preservation Fund (Fund) which is a collective trust fund that may invest in guaranteed investment contracts (GICs), synthetic guaranteed investment contracts (SGICs), and money market instruments. The GICs and SGICs are comprised of bonds and corporate debt securities which are valued based on market valuations furnished by a pricing service. The fair value of the Fund is based on the fair value of the underlying assets. The contract value of the Fund represents the contributions plus earnings (losses) less participant withdrawal and administrative expenses. For the years ended December 31, 2009 and 2008, the Fund had an average yield of 3.54% and 4.68% and crediting interest rate of 4.32% and 4.43%, respectively.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

EDI Retirement/Savings Plan

Notes to Financial Statements

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 Income Tax Status

The Company has adopted a nonstandardized prototype document with an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated the prototype plan document was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter. However, the Plan's administrator and the Plan's tax counsel believe the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 Related-Party Transactions

Certain Plan investments are managed by Alerus Retirement Solutions. Alerus Financial, N.A. is the Trustee as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions.

Note 9 Prohibited Transactions

Under DOL Reg. 2510.3-102(b), employers are required to remit the employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the fifteenth business day following the month the participant contributions are withheld or received by the employer. Contributions for payrolls during the Plan year ended December 31, 2009, totaling $28,834 were not remitted to the Plan timely. Other contributions were remitted within a time frame considered reasonable by the DOL for segregation from the employer's assets.
