NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

The following description of the Pyramid Diversified Services, Inc. d/b/a Simple HR 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

NOTE 1 - PLAN DESCRIPTION

A. General

The Plan is a defined contribution multiple-employer plan available to all full-time employees of Pyramid Diversified Services, Inc. d/b/a Simple HR (the Company) which is a professional employer organization providing employment services to a number of companies in the northwest Florida geographic area. Under the Plan, participating employers may adopt certain elections regarding their specific employment group as long as those elections meet the provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA). Some of the elections available to participating employers are eligibility requirements, entry dates and minimum number of hours worked in the Plan year. Participating employers may also elect to transfer assets from existing plans into the Simple HR Plan.

B. Contributions

Contributions are made by the Company on behalf of the employee participants who have agreed to have their taxable wages or salaries reduced. Participants may agree to have the Company withhold up to 100% of their compensation for the purpose of making before-tax savings contributions to the Plan. Contributions are limited by Federal Tax legislation. The limit for 2009 and 2008 401(k) employee contributions was \$16,500 and \$15,500, respectively, per participant. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans.

Employer contributions are comprised of two components: a profit sharing contribution and an employer matching contribution. The profit sharing contribution is made at the discretion of the participating employers and is allocated among all participants in an employment group based on the ratio which each participant's annual compensation bears to the total compensation for all participants.

Participating employers have several options if they elect to offer a matching provision. Included in those options are provisions ("Safe Harbor Methods") which satisfy certain Internal Revenue Code requirements and eliminate the need for the performance of certain non-discrimination annual tests. All matching or profit sharing contributions are invested at the participant's discretion.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

C. Participant Accounts

Each participant's account is credited with the participant's before-tax contributions and an allocation of (a) the participating employer's contribution and (b) Plan earnings. Allocations of profit sharing contributions are based on participant earnings as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Forfeitures of terminated participant's non-vested accounts, if applicable, are used to offset employer contributions to the Plan.

D. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as elected by the participating employers, not to exceed six years.

E. Participant Loans

Loans are available to participants of electing participating employers up to the lesser of 50% of participant's vested balance or \$50,000. Generally, the term of loans shall not exceed five years and the interest rate is determined by Slavic Integrated Administration, Inc., the Plan's third party administrator.

F. Payment of Benefits

Upon termination, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or purchase an annuity outside the Plan. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

B. Asset Allocation

Several of the Plan's mutual fund investments have been combined and classified in Note 3 to the financial statements as "Other". These investment options individually comprise less than five percent of plan assets.

Pyramid Diversified Services, Inc. d/b/a Simple HR
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Estimates

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

D. Investment Valuation and Income Recognition

Quoted market prices are used to value mutual fund investments. Participant loans are valued at the unpaid balance, which approximates fair value.

Investment and loan interest income are recorded as earned. Purchases and sales of investments are accounted for on a trade-date basis.

E. Payment of Benefits

Benefits to participants are recorded when paid.

F. Net Appreciation in Fair Value of Investments

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation of those individual investments.

G. Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

H. Subsequent Event

The Company has evaluated events and transactions that occurred between December 31, 2009, and September 10, 2010, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009:

- *Common stocks, corporate bonds and U.S. government securities:* Valued at the closing price reported on the active market on which the individual securities are traded.
- *Mutual funds:* Valued at the net asset value (NAV) of shares held by the plan at year-end.
- *Participant loans:* Valued at amortized cost, which approximates fair value.

Pyramid Diversified Services, Inc. d/b/a Simple HR
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Plan investments are categorized as Level 1 investments, with the exception of participant loans, which are categorized as Level 3 investments. Investments that represent five percent or more of the Plan's net assets are separately identified with an asterisk (*). The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009, and 2008:

NOTE 4 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated October 13, 2004, that the Plan is designed in accordance with the applicable requirements of the Internal Revenue Code. The Company has amended the plan periodically to comply with Federal law changes and Internal Revenue Service requirements. However, the Plan Administrator and the Plan's Tax Counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Management is not aware of any uncertain tax positions that would require accrual or disclosure in accordance with generally accepted accounting principles. The Plan is no longer subject to tax examinations by tax authorities for years before 2006.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in both their employer and employee accounts.

NOTE 6 - TRANSFER OF ASSETS

During the year ended December 31, 2009, \$76,242 was transferred out of the Plan. The transfer of assets out of the Plan resulted from individual employees and certain employers terminating services with the Plan sponsor.
