Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for our opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Transamerica Financial Life Insurance Company, the trustee of the Plan (2013), and Branch Banking and Trust Company, the prior trustee of the Plan (2012), for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

NOTE 1 – DESCRIPTION OF PLAN

The following description of Luke & Associates Inc. 401(k) Profit Sharing Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - Luke & Associates, Inc. ("the Company") is the Plan Sponsor. The Plan is a defined contribution plan covering all employees of the Company who are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Matching and profit sharing amounts may be contributed at the option of the Company's Board of Directors. For the years ended December 31, 2013 and 2012, the Company did not elect to make any matching or profit sharing contributions. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) plan earnings, and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portions of their accounts, plus actual earnings thereon, is based on years of service. An employee must work at least 1,000 hours during each Plan Year to earn a year of vesting service.

A participant is 100% vested after five years of service, based on the following schedule:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Participants automatically become 100% vested upon death or termination due to disability.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participant Loans – Prior to the Plan amendment dated January 1, 2013, participants were not permitted to borrow from their fund accounts. Subsequent to this amendment, participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. At December 31, 2013, there were three loans outstanding, which were secured by the balance of the participant's account, bearing interest at 4.25%, which was commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratable through semimonthly payroll deductions.

Payment of Benefits - On termination of service, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, or annual installments over a period not exceed the life expectancy of the participant or the joint and last survivor life expectancy of the participant and their designated beneficiary.

Forfeitures - Forfeitures shall be used to first reduce plan expenses, and then to reduce employer contributions. Any remaining forfeitures shall be allocated to participants in the same proportion that each participant's compensation for the year bears to the compensation of all participants for such year. There were no forfeited non-vested accounts allocated or unallocated at December 31, 2013 and 2012. During 2013 and 2012, there were no forfeited non-vested accounts used to reduce plan expenses or employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant loans are valued at their amortized cost, which approximate fair value. Interest income is recorded on the accrual basis.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's administrative expenses that are directly related to the value of the investments under management are paid by the Plan and allocated to the individual participant accounts on pro rata basis based on their account balances. Other administrative expenses are paid by the Company.

Income Taxes - Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Income Taxes*, prescribes a recognition threshold and measurement attribute of the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return.

Management evaluates the Plan's tax positions on an annual basis for any uncertain positions, both past and current. If management determines that a past and/or current tax position is uncertain and is more likely than not to be sustained under audit, then a valuation allowance is recorded. As of December 31, 2013, management has determined that all past and current tax positions were likely to be realizable and sustainable upon examination and that the calculation of a tax liability was not necessary.

Tax years ended December 31, 2010 through 2013 remain subject to possible examination by the Internal Revenue Service.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Mutual funds: Valued at the closing price reported in the active market in which the individual funds are traded.

Participant loans: Valued at the amortized value at the stated interest rate or the value of the underlying collateral value if the loan is impaired. The loans are secured by the participant's account balance.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

	Assets at fair value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $43,156.

NOTE 6 – TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 16, 2010, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401 (a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

NOTE 7 - PARTICIPANT LOANS

Prior to the Plan amendment dated January 1, 2013, participants were not permitted to borrow from their fund accounts. Subsequent to this amendment, participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. At December 31, 2013, there were three loans outstanding, which were secured by the balance of the participant's account, bearing interest at 4.25%, which was commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratable through semimonthly payroll deductions. A loan may be repaid over a time period greater than five years if the loan is used to acquire any dwelling used as the principal residence of the participant and the loan is repaid within a reasonable time period. At December 31, 2013, the value of participant loans outstanding was $6,737.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 9 - RISKS AND UNCERTAINITES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 8, 2014, the date which the financial statements were available to be issued, and is unaware of any subsequent events requiring disclosure.
