INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Hulett Environmental Services, Inc.
401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hulett Environmental Services, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by American United Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment

transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H Line 4i – Schedule of Assets (Held at End of Year), is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of Plan

The following description of Hulett Environmental Services, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of Hulett Environmental Services, Inc. (Company) who have ninety days of service and are age 18 or older. The Plan is subject to the provisions of ERISA. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions. Each year, participants may contribute the maximum amount allowable by the Internal Revenue Code (IRC) of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may annually elect to make matching and/or discretionary contributions. Any matching and profit sharing contributions are invested directly in the same manner as employee contributions. During the year ended December 31, 2013 the Company made a $16,017 matching contribution to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. The interest rates ranged from *3.25% to 5.50%*. Principal and interest is scheduled to be paid ratably through payroll deductions.

Payment of benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments as defined in the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. At December 31, 2013 and 2012, forfeited nonvested accounts totaled $-0- and $5, respectively. These accounts are used to reduce future employer contributions. In 2013 and 2012, employer contributions were reduced by $37 and $534 from forfeited nonvested accounts.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Uses of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded at December 31, 2013 or 2012. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

Note C – Plan Termination

In 2012, Hulett Environmental Services, Inc. sold eight of its locations in the state of Florida, resulting in the termination of 77 employees of which 40 were active participants in the Plan, resulting in a partial termination of the Plan. Partial termination of a Plan occurs if 20% or more of the Plan participants are terminated because of the action taken by the Plan sponsor. When a partial termination occurs, full vesting is required for the part of the Plan that was terminated, but not for the full Plan. Therefore the terminated participants were considered fully vested, but the remaining participants' vesting status would continue to be determined according to the Plan provisions.

Although the Plan had a partial termination in 2012, it has not expressed any intent to do a full termination; the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participation accounts and distributed in such a manner as the Company may determine.

Note D – Investments

The following presents investments that represent 5 percent or more of the Plan's net assets:

	December 31, 2013	December 31, 2012

OneAmerica Money Market Portfolio	•	174,708
Fixed interest investment option –		
American United Life Fixed Account	**284,687**	•

• – Investment did not represent 5 percent or more at end of year.

One of the investment options under the group annuity contract is a fixed interest investment option (AUL Fixed Interest Account). Funds invested in this account are held inside of the American United Life Insurance Company (AUL) General Account, where they would be subject to claims of AUL's general creditors should AUL become insolvent. However, due to the nature of the assets held within the AUL's General Account, the likelihood of this happening is quite remote.

The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at its contract value as provided by AUL, which approximates its estimated fair value.

Amounts allocated to the AUL Fixed Interest Account will earn interest at the higher of the rate guaranteed under the contract (3%) or the current rates established and declared in advance by AUL. The rate is based on the return AUL expects on new investments made by it and held within the AUL general account. Interest rates for new contributions are declared prior to the beginning of a calendar quarter and are applicable to all contributions received in that quarter until the end of the calendar year next following the current year. Each quarter's contributions and the corresponding interest rate are tracked together in a quarterly interest rate pocket (Quarterly Pocket). At the end of the calendar year next following the current year, the Quarterly Pockets established in the prior year are converted to an annual interest rate pocket (Annual Pocket) that is established and declared for each Annual Pocket and will remain in effect for at least that calendar year.

This contract is considered fully benefit responsive. Under the terms of the contract, participant-initiated transactions for the purpose of receiving benefits allowed under the plan, such as retirement, death, disability, hardship, loan, required minimum distribution, allowable in-service withdrawal, are completed at contract value without conditions, limits, or restrictions. Benefits related to termination of employment receive the same treatment unless termination is associated with a full or partial plan termination, the insolvency of the plan sponsor, or aggregate terminations in any contract year exceed 20% of the full contract value as determined on the first day of that contract year. Under those unlikely events, a surrender charge may apply depending on the terms of the plan.

At December 31, 2013 and 2012, average crediting interest rates in the AUL Fixed Interest Account were 3.00% and 3.12%, respectively.

Note E – Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	December 31, 2013	December 31, 2012
Investments, at fair value		
Variable investment options - Shares of registered investment companies – mutual funds	**$ 3,660,904**	$ 3,224,052

Interest income on investments	**5,894**	4,191
Interest income on notes receivable from participants	**2,526**	3,497

All investments are participant directed investments.

Note F – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs were not available. No Level 1 inputs were available to the Plan and no Level 3 inputs were used.

Level 2 Fair Value Measurements

The fair value of certain variable interest options/mutual funds is based on the daily net asset value (NAV) of shares held by the Plan after being adjusted for daily accrual amounts, as well as dividends and capital gains distributions and the daily equivalent of any fee charges pursuant to the contract. The fair value of the fixed interest investment option is based on the amounts contributed or transferred, less any withdrawals or transfers out, plus all accrued interest.

The following tables sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of:

December 31, 2013

	Fair Value	Significant Other Observable Inputs (Level 2)
Variable interest options/mutual funds

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

Note G – Related-Party Transactions

Certain Plan investments are held in a separate account managed by American United Life Insurance Company, which includes a fixed interest investment option account that is a general obligation of and is guaranteed and managed by AUL and variable investment option/mutual funds managed by AUL. AUL is custodian of the Plan's investments; therefore, these transactions qualify as party-in-interest transactions.

Note I – Tax Status

The Internal Revenue Service has determined and informed the Trustee, by a letter dated January 31, 2006, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions;

however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note J – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note K – Subsequent Event

Subsequent events were evaluated through October 3, 2014, the date the financial statements were available to be issued.

During March 2014, the Plan's board of trustees approved the change of the Hulett Environmental Services, Inc. 401(k) Profit Sharing Plan's trustee from American United Life Insurance Company to John Hancock Life Insurance Company. The new trustee has taken custody of all of the assets of the Plan and is now responsible for holding all Plan assets, executing investment transactions, and maintaining recordkeeping requirements for the Plan.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
