ME-N-ED'S PIZZERIA
401(K) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2013 and 2012

NOTE 1 - Description of Plan:

The following brief description of Me-N-Ed's Pizzeria 401(k) Retirement Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Me-N-Ed's Pizzeria 401(k) Retirement Plan covers substantially all employees of Me-N-Ed's Pizzerias, Inc. and all employees of the participating entities Piazza del Pane, Inc., Siena Corp., Milano Equipment Corp., Milano International Marketing, Inc., Milano International Development Corp., and Me-n-Ed's Ceres, Inc. (the "Companies"). It is subject to the provisions of Sections 401, 403(a) and 405(a) of the Internal Revenue Code, the Employee Retirement Income Security Act of 1974, the Tax Equity and Fiscal Responsibility Act of 1982, the 1986 Tax Reform Act, the Omnibus Reconciliation Acts of 1987 and 1988, and the Pension Protection Act of 2006, all of which have been complied with at December 31, 2013 and 2012.

Vesting

A participant's vested right in the employer contribution account is based on his number of years of service based on a graduated vesting schedule where, at two years of credited service, an employee is 20% vested with an additional 20% each year thereafter, and, after six years, an employee is 100% vested. Employees are 100% vested in employee contributions.

Participant loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon the attainment of normal retirement age, or in the event of termination of an employee's participation by reason of his death or disability, the full value of his employer contribution account shall become vested and nonforfeitable.

The unvested portion of a participant's employer contribution account shall be forfeited and used to reduce future employer contributions.

Upon retirement or permanent disability, the participant shall receive their portion of the employer contribution account by payment in a lump sum.

Forfeited accounts

For the years ended December 31, 2013 and 2012, forfeited nonvested accounts totaled $421 and $1,637, respectively, with balances remaining of $147 and $1,605, respectively. These accounts will be used to reduce future employer contributions.

(continued)

Termination of Plan

The Companies shall have the right to amend the Plan by resolution of the Board of Trustees and to amend or cancel any amendments, provided that no amendment shall attempt to cause any of the assets of the Plan to be used for or diverted to purposes other than for the exclusive benefit of participants or their beneficiaries.

In the event the Companies elect to terminate the Plan or discontinues operation of its business, the entire interest of the participants shall vest 100% immediately and be nonforfeitable.

Employer contributions

For each year the Companies participate in the 401(k) Retirement Plan, the Companies may, from their net profits or accumulated net profits, make a contribution of such amount as determined in accordance with a resolution of the Boards of Directors. The amount of the contribution may not obligate the Companies to contribute, for any year, any sums which are estimated to be in excess of the amount which the Companies would be permitted to deduct on their Federal income tax return for such year. In no event shall the annual addition to the account of each participant with respect to any given plan year exceed the lesser of $51,000 for 2013 and $50,000 for 2012, or 100% of each participant's compensation during such year. The dollar amount limitation shall be adjusted pursuant to Section 415(d) of the Internal Revenue Code as of January 1 of each year. For the years ended December 31, 2013 and 2012, the Companies declared contributions in the amount of $6,114 and $5,626, respectively.

Employee contributions

Employees eligible to participate in the plan can contribute up to the maximum amount allowable under Internal Revenue Service codes. Additionally, each employee directs the ratio or fixed amount to be allocated to one of several investment options offered by the Companies. Contributions received from participants for 2013 and 2012 are net of payments of $1,266 and $1,312 made in 2013 and 2012, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

Subsequent events

Management has evaluated subsequent events through September 30, 2014, the date on which the financial statements were available to be issued.

NOTE 2 - Summary of significant accounting policies:

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for plan benefits and changes in those net assets at current values. The difference between current value and the cost of the investments is reflected in the statement of changes in net assets available for plan benefits as unrealized appreciation (depreciation) of investments.

Management estimates

The preparation of financial statements in conformity with the accrual basis of accounting requires management and the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(continued)

Federal income taxes

Me-N-Ed's Pizzeria 401(k) Retirement Plan files an annual informational return/report (Form 5500) with the Internal Revenue Service under the tax exempt status allowed under the provisions of the Internal Revenue Code Section 501(a).

Information certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's Trustee has certified that the following data included in the accompanying financial statements is complete and accurate: (a) investments as shown in the statements of net assets available for plan benefits as of December 31, 2013 and 2012, and (b) investment income as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2013 and 2012. The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Concentrations of risk

The Financial Accounting Standards Board requires disclosure in the financial statements relating to concentrations of risk and financial instruments with off-balance-sheet risk. Financial instruments that potentially subject the Plan to concentrations of risk consist of cash investments.

The Plan has significant amounts of investments which are uninsured and subject to market value fluctuations. The Plan had $1,375,190 and $1,192,615 invested with Transamerica Life Insurance and Annuity Company at December 31, 2013 and 2012, respectively.

Fair value of financial instruments

Unless otherwise indicated, the fair value of all reported assets and liabilities which represent financial instruments (none of which are held for trading purposes) approximates the carrying values of such amount.

Fair value measurements

The Financial Accounting Standards Board (FASB) has provided a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 - Investments:

The Plan's investments are reported at their fair value at the measurement date. The fair value of the investment in the pooled separate account is based on the fair value of the fund's net assets as determined by the trustee of the fund, primarily using quoted prices for similar assets in active markets. The Plan Administrator has obtained certification from the Plan Trustee, TransAmerica Life Insurance and Annuity Company in 2013 and 2012, that the information summarized below is complete and accurate. The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2013 and 2012, respectively:

* Each of these investments is in excess of 5% of the net assets available for plan benefits.

Participants in the 401(k) plan can designate contributions to be invested in various funds offered through Transamerica Life Insurance and Annuity Company.

NOTE 4 – Investment contract with insurance company:

The Plan has entered into a fully benefit-responsive investment contract with TransAmerica. TransAmerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal at a specified interest rate.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is included on the statement of net assets available for benefits at contract value.

Contract value as reported by the Plan by TransAmerica, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012, was $1,482 and $1,670, respectively. The average yield and crediting interest rates were approximately .50% and .57% for 2013 and 2012, respectively. The crediting interest rate is based on a formula taking into consideration a number of factors.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 - Allocating assets:

Net assets available in the amount of $102,392 in 2013 and $149,735 in 2012 have been allocated to the accounts of employees who have withdrawn from the Plan.

NOTE 6 - Plan status:

Each year, plan documents and informational return (Form 5500) are prepared, and eligibility tests (ACP and ADP tests) are performed by a third-party administrator as required by the Internal Revenue Service.

The Me-N-Ed's Pizzeria 401(k) Retirement Plan is based on a prototype plan as written by All Valley Administrators, LLC. The Plan relies on the latest determination letter for the All Valley Administrators, LLC, prototype plan, dated March 31, 2008, in which the IRS stated that the All Valley Administrators, LLC, document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code, as amended (the Code). The Companies believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of December 31, 2013 and 2012.
