Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by City National Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. Department of Labor Rules and Regulations and generally accepted accounting principles require plan investments to be valued at fair value as of the end of the Plan year. As described in Note 5, investments totaling $193,425 and $109,070 (0.40% and 0.27% of net assets available for benefits, respectively) as of December 31, 2013 and 2012, have been valued at estimated fair value as determined by the Retirement Administrative Committee. Plan management does not have adequate procedures to properly value certain investments as of year end and therefore these investments may not be presented in compliance with Department of Labor Rules and Regulations or in conformity with generally accepted accounting principles. The effects on the financial statements and supplemental schedules of not applying adequate procedures to determine the fair value of these investments has not been determined.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The required supplemental schedules, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Imaging Healthcare Specialists, LLC 401(k) Salary Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan established and sponsored by Imaging Healthcare Specialists, LLC ("the Company"). The Plan was established on January 1, 1992 to enable eligible employees to share in the Company's earnings and permit employees to make pre-tax contributions to the Plan; thereby, providing employees with an opportunity to accumulate funds for their retirement. The Plan Trustee has the authority and responsibility for the management and investment of plan assets. The Plan is administered by the Plan's Retirement Administrative Committee.

ELIGIBILITY

An employee is eligible to participate in the profit sharing portion of the Plan on the earliest of either January 1 or July 1, following the completion of twelve consecutive months of service with not less than 1,000 hours of service.

An employee is eligible to participate in the employee elective deferral portion of the Plan on the first January 1, April 1, July 1, or October 1, following the completion of three consecutive months of service with not less than 250 hours of service.

An employee is not eligible to participate in the Plan if the employee is a member of a collective bargaining agreement with the Company or is a nonshareholder employee of Physician Radiology Medical Group, Inc.

CONTRIBUTIONS

Contributions to the Plan are as follows:

1) Participants may elect to contribute up to 100% of compensation received from the Company for the portion of the Plan year in which the employee was a participant, subject to an annual limitation imposed by Internal Revenue Service regulations.

NOTE 1 DESCRIPTION OF PLAN (Continued)

2) Each year, as of the last day of the Plan year, discretionary contributions made by the Company will be allocated, as defined in the Plan, to eligible participants. A participant must complete a minimum of 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year in order to share in any discretionary contributions, unless termination was due to death, disability, or retirement.

The Company contribution is determined annually by the Company's Retirement Administrative Committee. The Company made a discretionary contribution of $1,249,844 and $1,159,059 net of forfeitures for 2013 and 2012, respectively.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions and the Plan earnings. Allocations are based on the participant's compensation or account balance, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are 100% vested in their deferral contributions and rollover contributions. Employer contributions, including earnings, vest at the following rates:

2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

A participant is 100% vested in their employer contributions upon events such as death, permanent disability, or reaching normal retirement age.

PARTICIPANT LOANS

A participant may borrow from his/her 401(k) account. The loan is available only from the elective employee contributions. The amount of the loan may not exceed the lesser of $50,000 or one half of the participant's vested account balance.

NOTE 1 DESCRIPTION OF PLAN (Continued)

PAYMENT OF BENEFITS

The Plan provides for benefits to be distributed in periodic installments, in a lump sum, or a combination thereof, or may be deferred to a later time. Participants are entitled to receive the full value of their vested benefits when they retire, die, or become permanently disabled. Participants who terminate employment for any other reason are entitled to the value of their vested interest.

Participants may withdraw any or all of their salary deferred account balances at any time during the Plan year provided certain hardship conditions, as defined in the Plan, have been met.

In the event of a mandatory distribution greater than $1,000, but no more than $5,000, in accordance with the payment provisions of the Plan, if the Participant does not elect to have such distributions paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly under any form of payment allowed under the Plan, then the distribution will be paid in a direct rollover to an individual retirement plan designated by the plan administrator. Mandatory distributions of $1,000 or less will continue to be paid in cash as directed by the plan administrator, unless the Participant elects a direct rollover or elects to receive the distribution under another form permitted by the Plan.

ADMINISTRATIVE EXPENSES

Direct fees and expenses related to the operation of the Plan may be paid with forfeitures. Expenses not covered by forfeitures are paid from plan assets. Substantially all of the administrative expenses of the Plan were paid by the Plan for the years ended December 31, 2013 and 2012. Amounts totaling $86,262 and $56,017, were paid directly by the plan for fees and expenses relating to the operation of the Plan for the years ended December 31, 2013 and 2012, respectively. $21,061 and $0 was recorded as accrued administration fees at December 31, 2013 and 2012, respectively.

FORFEITED ACCOUNTS

The Plan provides that forfeited amounts in participants' Company contribution accounts are used to reduce future contributions of the Company or pay administrative expenses at the discretion of the Retirement Administrative Committee. During 2013 and 2012, there were $32,817 and $55,233 of forfeitures used to reduce employer discretionary contributions. As of December 31, 2013 and 2012 there were $0 of unallocated forfeitures.

NOTE 1 DESCRIPTION OF PLAN (Continued)

INVESTMENT OPTIONS

All participants may segregate their funds or choose from the investment alternatives in the trust established by the Retirement Administrative Committee. There are no non-participant directed investments.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the accrual method in conformity with generally accepted accounting principles.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investments - Investments are valued at current market value or estimated fair value as certified by the institution that holds the Plan's assets as an investment manager and are under the custody of the Plan's trustee. The limited partnership interests are valued using fair value and are not certified by the Plan's trustee.

Fair Value Measurement - The Plan follows accounting standards consistent with the FASB codification which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements for all financial assets and liabilities.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits - Benefits are recorded when paid.

Income Taxes - The pension plan is tax exempt under the Internal Revenue Code Section 401(A) and consequently pays no income tax.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan follows accounting standards for uncertainty in income taxes recognized in the Plan's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on derecognition and measurement of a tax position taken or to be taken in a tax return. As of December 31, 2013 and 2012, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan files tax returns in the U.S. Federal jurisdiction and is not subject to examination by U.S. tax authorities for the tax years prior to 2010.

Reclassifications - Certain items in the financial statements for December 31, 2012 have been reclassified to conform with the current year presentation. Such reclassification had no effect on net assets.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the rights of all employees to account balances accrued to the date of the termination are fully vested and non-forfeitable.

NOTE 6 FAIR VALUE MEASUREMENT

The Plan adopted the methods of fair value measurement to value its financial assets and liabilities. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels has been established, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Mutual Funds, Equities, Publicly Traded Partnerships and Cash and Cash Equivalents: The shares are valued at quoted market prices in an exchange and active market, which represent the net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Government and Agencies, Corporate Bonds and Other Assets: These are valued using a bid-evaluation method which compares the corroborated indicative quotes and other observable market-based data and are classified as Level 2 investments.

Non Publicaly Traded Partnerships: These partnership investments are valued at estimated fair market value by the Plan's retirement administrative committee on an annual basis and are classified as Level 3 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
