NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Profit Sharing Plan and Trust for Employees of Del-Air Heating, Air Conditioning & Refrigeration, Inc. (the "Plan") significant accounting policies applied in the preparation of the accompanying financial statements follows. Other significant accounting policies are disclosed elsewhere in the financial statements and the notes thereto.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis.

Investments

The Plan's investments are held under a contract entered into with ING Life Insurance and Annuity Company ("ING"). Contract value at ING represents contributions made under the contract plus interest at the contract rate, less funds used to pay benefits and administrative expenses charged by ING. The interest in pooled separate accounts are invested in ING separate accounts at current value which is based on quoted market prices of the assets of the various separate accounts.

The net change in the difference between the fair value or contract value and the cost of investments is reflected in the Statements of Changes in Net Assets Available for Benefits as unrealized appreciation in the aggregate estimated fair values and contract values of the investments.

Payment of Benefits

Benefits are recorded when paid.

Plan Termination

Although it has not expressed any intent to do so, Del-Air Heating, Air Conditioning & Refrigeration, Inc. (the "Company") has the right to terminate the Plan at any time, subject to the provisions of ERISA.

Administrative Expenses

Administrative expenses of the Plan are paid through earnings or contributions to the Plan, unless paid by the Company in its own discretion.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value Measurements

U.S. generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs in valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs are quoted prices for similar assets in active or inactive markets or other observable market data.

Level 3 - Inputs are unobservable and based on management estimate.

Reclassifications

Certain prior year amounts have been reclassified to conform to the December 31, 2013 presentation. These reclassifications had no impact on previously reported net assets available for benefits.

NOTE 2 - PLAN DESCRIPTION

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.
