To the Plan Administrator
Novaspect, Inc. 401(k) Plan
Schaumburg, Illinois

We have conducted a DOL limited-scope audit of the financial statements of the Novaspect, Inc. 401(k) Plan for the year ended December 31, 2013, and have issued our report thereon dated October 9, 2014. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibility under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 4, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Novaspect, Inc. 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed in 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. There are no accounting estimates that are particularly sensitive because of their significance to the financial statements or because of the possibility that future events affecting them may differ significantly from those expected.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

630.545.4500 *main* · 630.574.7818 *fax* · www.wolfcpa.com

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The only necessary adjustments to the financial statements relate to receivables for participant and employer contributions. Management has agreed to all adjustments.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 9, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Novaspect, Inc. 401(k) Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Plan Administrator and management of the Novaspect, Inc. 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Wolf & Company LLP

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Novaspect, Inc. 401(k) Plan
Schaumburg, Illinois

We were engaged to audit the accompanying financial statements of NOVASPECT, INC. 401(K) PLAN, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOVASPECT, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Novaspect, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Novaspect, Inc. and its affiliates (the Company). Employees of the Company are eligible to participate in the Plan once they reach the age of 18. All employees of the Company as of October 1, 1994, the effective date of the Plan, became eligible to participate on that date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Contributions – Each year participants may contribute up to 60% of their pre-tax annual compensation as defined in the Plan within the Internal Revenue Service contribution limit. Age 50 and over participants can contribute an additional $5,500 in 2013 and 2012. Participants may also contribute amounts representing distributions from other qualified plans subject to the Company's approval. The Company contributes 100% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the discretion of the Company. Participants must be employed by the Company as of the last day of the plan year to be eligible for any matching or profit sharing contributions that may be made for that plan year. Contributions are subject to certain other plan and statutory limitations.

Participants' Accounts – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) account earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is generally 100% vested after five years of credited service. Accelerated vesting applies in certain cases.

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Investment Options – Participants may direct the investment of their accounts among any of the designated investment funds. Participants may change their investment selection at their discretion.

1. Description of the Plan (Cont.)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. All loans must be repaid in level payments of principal and interest on at least a quarterly basis over a five-year period or up to a ten-year period if the loan proceeds are used for the purchase of a primary residence. Participants may have only one loan outstanding at any time. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. All loans outstanding during 2013 and 2012 bear interest at 6.50%. All notes are currently being repaid, with interest, through semi-monthly payroll deductions.

Payment of Benefits – On termination of service, a participant may elect to receive the value of the participant's vested interest in his or her account in a lump-sum distribution or another method of payment as described in the Plan's documents. Vested account balances of less than $1,000 are automatically paid out in a lump-sum amount. Hardship and age 59½ withdrawals are also permitted under the Plan. Benefits are recorded when paid.

Forfeited Accounts – Forfeited accounts are used to reduce future employer contributions or pay certain administrative expenses. Forfeitures of $26,177 were used to offset employer contributions in 2013. No forfeitures were used to offset employer contributions in 2012. Unused forfeitures totaled $10,776 and $24,797 as of December 31, 2013 and 2012, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Shares of registered investment companies and money market investments are valued at quoted market prices which represent the net asset value of shares held by the Plan. Investments in common stock in the self-directed common stock fund are also valued at quoted market prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

2. Summary of Significant Accounting Policies (Cont.)

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Revenue Sharing – The Plan recognizes the income from revenue sharing agreements when received. During 2013 and 2012, the Plan received $20,000 and $15,023, respectively, of revenue sharing income.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company on behalf of the Plan. Included in these expenses are costs related to certain employees of the Company who perform administrative and trustee services for the Plan for which the Plan does not reimburse the Company. Certain investment management fees are included in net appreciation in fair value of investments. The fees paid by the Plan for investment, management and administrative services amounted to $4,545 and $1,170 for the years ended December 31, 2013 and 2012, respectively.

3. Investments

The following presents investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets:

	2013	2012

4. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy, which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The fair value of registered investment companies, money market funds and common stock in the self-directed common stock fund is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (Cont.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

5. Information Certified by the Plan's Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments, at fair value, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, and the supplemental schedule of assets (held at end of year) as of December 31, 2013, and the investment income components and interest from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012.

6. Transactions with Parties-in-Interest

Certain plan investments are shares of registered investment companies and money market funds managed by Fidelity Investment Funds. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balance.

8. Tax Status

The Internal Revenue Service has informed the Company by a letter dated October 9, 2003, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.
