INDEPENDENT AUDITORS' REPORT

To the Trustees,
Charles Perry Partners, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Charles Perry Partners, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company U.S.A. (John Hancock USA), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CHARLES PERRY PARTNERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

(1) **Description of Plan:**

The following description of the Charles Perry Partners, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) **General**—The Plan is a defined contribution 401(k) Profit Sharing Plan that covers substantially all employees of Charles Perry Partners, Inc. (the Company) who have attained the age of twenty-one and completed one year of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) **Contributions**—Each year, participants may contribute up to 100% of pretax or post-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective May 22, 2013, the Company amended the Plan to remove qualified automatic contribution arrangement (QACA) safe harbor matching contributions. Subsequent to this date, the Company can make designated qualified nonelective contributions and nonelective discretionary contributions to the Plan. For the year ended December 31, 2013, the Company made QACA safe harbor matching contributions equal to 100% of the first 5% of the participant's elective deferral contributions to the Plan through May 22, 2013 only. The Company did not make any designated qualified nonelective contributions or nonelective discretionary contributions to the Plan for the year ended December 31, 2013. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

(c) **Participant accounts**—Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The Company currently offers 53 pooled separate accounts as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) **Vesting**—Participants are vested immediately in their contributions plus actual earnings thereon. Participants employed as of June 30, 2010, are vested immediately for the portion of their accounts related to the Company's QACA safe harbor matching contributions and nonelective discretionary contributions. Participants employed after June 30, 2010, are fully vested after two years of credited service for the portion of their accounts related to the Company's QACA safe harbor matching contributions and are fully vested after six years of credit service for the portion of their accounts related to the Company's nonelective discretionary contributions. Participants become immediately 100% vested in the Company's contribution portion of their accounts upon death or disability.

(e) **Notes receivable from participants**—Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the balances in the participant's accounts and bear interest rates of 4.25% with terms ranging from one to five years, unless for the purchase of the participant's principal residence. Principal and interest is paid ratably through weekly payroll deductions.

(1) **Description of Plan:** (Continued)

(f) **Payment of benefits**—Upon termination of service, retirement, disability, or death, participants may receive a distribution equal to their vested account balance. Distributions may be paid in the form of a lump-sum payment or annual installments. The participant's contributions may also be withdrawn for certain hardship situations.

(g) **Forfeited accounts**—At December 31, 2013 and 2012, there were no forfeited non-vested accounts. In 2013, employer contributions were reduced by $2,185 from forfeited non-vested accounts.

(h) **Administrative expenses**—The Plan permits payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. However, certain operating expenses of the Plan, such as audit fees, are paid by the Company. Plan administration and investment management fees reduce the participants' account balances. Expenses relating to specific participant transactions (i.e.: loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

(i) **Plan amendments**—The Plan was amended, effective May 22, 2013, to remove all safe harbor contributions, while continuing to allow for discretionary match and discretionary profit sharing contributions.

The Plan was also amended, effective June 1, 2014, to remove exclusions for leased employees and interns as it applies to plan entry, to remove the one year of service requirement before an employee can make salary deferrals into the Plan (still applicable for designated qualified nonelective contributions and nonelective discretionary contributions by the plan sponsor), and to add a vesting period for nonelective discretionary contributions requiring six years of credit service to become fully vested.

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of accounting**—The accompanying financial statements of the Plan are presented on the accrual method of accounting.

(b) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Interest and dividend income are recorded when paid. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) **Notes receivable from participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(d) **Payment of benefits**—Benefits are recorded when paid.

(2) **Summary of Significant Accounting Policies:** (Continued)

(e) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(f) **Subsequent events**—The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 8, 2014, the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed, except as described at Note 1(i).

(3) **Information Certified by the Custodian:**

All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2013 and 2012, and the net appreciation in fair value of investments and interest income for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company U.S.A. (John Hancock USA), the custodian of the Plan.

(4) **Investments and Fair Value Measurements:**

The fair value measurement accounting literature provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) **Investments and Fair Value Measurements:** (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts – Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the custodian, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of underlying investments held by the sub-accounts less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the assets and liabilities of the Plan for which fair values are determined on a recurring basis:

Following is a description of the significant investment strategies of each major category of investments that calculate net asset value per share and are not in an active market:

Lifecycle – Seeks high total return until its target retirement date and invests in funds using an asset allocation strategy designed for investors with an expected retirement date.

Lifestyle – Seeks long-term growth of capital by investing in a mixture of equity securities and fixed-income securities.

Fixed income – Primarily invests in fixed income securities of varying maturities, seeking maximum returns consistent with preservation of capital.

Large cap – Seeks long-term growth of capital and invests primarily in common stocks of large capitalization companies.

Mid cap – Seeks long-term growth of capital and invests primarily in common stocks and other equity securities of U.S. companies with strong earnings growth potential and middle market capitalizations.

Small cap – Seeks long-term growth of capital and invests primarily in common stocks of small capitalization companies.

(4) **Investments and Fair Value Measurements:** (Continued)

International – Invests in securities of companies with their principal place of business or principal office outside of the United States.

Index – Seeks to achieve the approximate aggregate return of a specific index by tracking the performance of the index.

Sector – Primarily investments in equity securities of companies principally engaged in specific industry sectors, including: science and technology, energy, financial services, utilities, and real estate to achieve long-term growth of capital.

Global bond – Seeks to achieve maximum total return by investing primarily in fixed-income securities denominated in major foreign currencies, baskets of foreign currencies and the U.S. dollar.

Stable value fund – Primarily invests in benefit responsive contracts issued by state regulated insurance companies and banks, including but not limited to John Hancock Life & Health Insurance Company.

There are no unfunded commitments related to any investments measured at fair value based on NAV per share as of December 31, 2013 and 2012. Participants in the Plan may redeem these investments on a daily basis, with a daily notice period.

The following presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

	2013	2012
Lifestyle Balanced	$ *	$ 710,325
Lifestyle Growth	1,558,458	1,294,987
Lifecycle 2020	811,830	715,056
Stable Value Fund	1,609,473	2,438,539

* Represented less than 5% of the Plan's assets

Investment earnings for amounts held in pooled separate accounts reflect a combination of interest income, dividend income, realized gains and losses and unrealized gains and losses depending on the composition of the underlying investments. Contributions made by the Company shall be applied or invested in accordance with participant directed allocations. During the year ended December 31, 2013, the Plan's investments in pooled separate accounts (including investments bought, sold and held during the year) appreciated in fair value by $1,943,510.

(5) **Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(6) **Income Tax Status:**

The Plan adopted a volume submitter profit sharing plan that obtained a favorable determination letter from the Internal Revenue Service dated January 31, 2006. A favorable determination letter qualifies the Plan under Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since the date of the letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.

(7) **Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) **Parties-in-Interest:**

Plan investments are managed by John Hancock USA. John Hancock USA is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. Pencor provided record keeping services and accordingly were compensated $904, which is included in administrative expense. Except as described in Note 1(h), the Company pays any other fees related to the Plan's operations.
