We were engaged to audit the accompanying statements of net assets available for benefits of MedSpeed, LLC 401(k) Plan (the "plan") as of December 31, 2009 and the statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Nationwide Financial, the Trustee of the plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee, as of December 31, 2009 and for the year then ended, that the information provided to the plan administrator by the Trustee is complete and accurate.

MEDSPEED, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2009 (Audited) and 2008 (Compiled)

NOTE 1 - Description of the Plan

The following description of the MedSpeed, LLC 401(k) Plan (the "plan") provides only general information. Participants should refer to the plan's summary plan description for a more complete description of the plan's provisions.

General

The plan is a defined contribution plan established by MedSpeed, LLC (the "company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, covering all employees who have completed at least six months of service with the company, as defined by the plan. Upon enrollment in the plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The company matches 20% of employee contributions for contributions up to 5% of the participant's compensation. Additional company contributions may be contributed at the company's discretion. No discretionary contributions were made for the years ended December 31, 2009 and 2008. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction and rollover contributions plus earnings thereon. Participants who leave the plan because of death, early or normal retirement, or disability retirement, as defined in the plan, are considered 100% vested. Company contributions and earnings thereon vest in accordance with provisions of the plan as follows:

Vesting Years of Service	Percentage Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of December 31, 2009 and 2008, forfeited nonvested accounts totaled $26 and $38, respectively These accounts will be used to reduce future company contributions. In 2009, company contributions were reduced by $199 from forfeited nonvested accounts.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The plan provides for normal retirement at age 65 or the fifth anniversary of joining the plan, if later. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments, or an annuity. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the plan.

Termination of Plan

Although it has not expressed any intent to do so, the company has the right under the plan to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest at rates that range from 3.25% - 9.00%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses

The company pays a portion of the plan's administrative expenses.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The plan's investments are valued at fair value using quoted market prices.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - Information Prepared and Certified by Trustee - Unaudited (cont.)

During the year ended December 31, 2009, the plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value as follows:

Registered investment companies	$ 90,361
Interest and dividends	141
Net Investment Return Certified by Trustee	$ 90,502

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 4 - Fair Value of Financial Instruments

Effective January 1, 2008, the plan adopted recently enacted accounting standards which provide a framework for measuring, reporting, and disclosing fair value under generally accepted accounting principles. These regulations apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis. There was no effect on net assets available for benefits on January 1, 2008 upon adopting these new rules.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs that are not corroborated by market data.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

NOTE 4 - Fair Value of Financial Instruments (cont.)

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

	December 31, 2009			
	Total	Level 1	Level 2	Level 3

The changes in Level 3 assets and liabilities measured at fair value on a recurring basis are summarized as follows:

	2009	2008

New loans issued, interest earned, and repayments, net	3,260	(1,120)
Balances, End of Year	$ 7,011	$ 3,751

NOTE 5 - Amount Owed to Participants Withdrawing From the Plan

Amounts owed to participants who have withdrawn from the plan total approximately $14,559 and $0 as of December 31, 2009 and 2008, respectively, and are included in net assets available for benefits.

NOTE 6 - Parties In Interest

Certain plan investments are shares of registered investment companies managed by the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services are with the trustee and are party in interest transactions. These fees are netted against investment income for the year ended December 31, 2009.

NOTE 7 - Tax Status

The plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. The plan administrator believes that the plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the plan was qualified and the related trust was tax-exempt at the financial statement date.
