MISSOURI CANCER ASSOCIATES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Missouri Cancer Associates 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan is a defined contribution plan covering all full-time employees except leased employees and coverage physicians of Missouri Cancer Associates (the "Company"). The Plan was amended and restated effective January 1, 2009 with Fidelity Management Trust Company becoming trustee of the Plan. As a result of the change in the Plan to a new service provider, the Plan had a blackout period from December 31, 2008 to February 18, 2009. Employees are eligible to participate in the Plan after six months of service and attainment of age 21. Entry dates for participation into the Plan are on the first day of January, April, July, and October coinciding with or following meeting the eligibility requirements. The Plan is participant directed and participants may change their contribution amounts as of the beginning of any plan quarter and investment options at any time.

Contributions

Through December 31, 2008, participants could elect to contribute up to 100 percent of pre-tax annual compensation, as defined in the Plan and subject to certain Internal Revenue Service limitations. Effective January 1, 2009, participants may elect to contribute up to 75 percent of eligible compensation, subject to certain limitations. The Plan permits participants to make Roth elective deferrals to the Plan. Roth elective deferrals are contributions that are made to the Plan by participants on an after-tax basis. Earnings on Roth deferrals will generally not be subject to federal income tax upon distribution provided certain requirements are satisfied. Roth deferrals are subject to the Internal Revenue Service limitations applicable to pre-tax deferrals to the Plan.

The Company may elect to make a discretionary profit sharing contribution to the Plan. A discretionary profit sharing contribution of $227,740 was made during 2009. The profit sharing contribution is allocated to participants as defined in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings and charged with any applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their contributions. Vesting in the Company contribution portion of their accounts plus earnings thereon is based on years of service. Participants vest 20 percent per year after one year of service and are 100 percent vested after five years of service.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Loans

Plan participants may borrow Plan assets from a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50 percent of their vested account balance in the Plan. Loans are repaid in level installments through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. The loans bear interest at reasonable rates and are secured by the participant's vested account to the extent of the principal amount of the loan plus accrued interest.

Payment of Benefits

A participant shall be immediately vested upon death, retirement, or termination of employment due to total and permanent disability, and termination of the Plan. Normal retirement age under the Plan is age 60. Upon death, retirement, disability, or termination of employment, participants are eligible for a benefit payment. The Plan also allows hardship and in-service withdrawals. The funds in the participant's account are distributed in a lump-sum payment, unless the participant elects another form of distribution allowed by the Plan.

Forfeited Accounts

Forfeitures of nonvested Company contributions shall be used in the following order:

1) Restore forfeited amounts upon participant's reemployment.

2) Offset Plan expenses.

3) Reduce employer's contribution to the Plan.

The total forfeitures balance at December 31, 2009 was approximately $4,000. There was no forfeitures balance at December 31, 2008. During 2009, the Company used $2,135 of forfeitures to pay Plan expenses.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Codification

The Financial Accounting Standards Board ("FASB") issued the FASB Accounting Standards Codification ("ASC") effective for financial statements issued for interim and annual periods ending after September 15, 2009. The ASC is an aggregation of previously issued authoritative U.S. generally accepted accounting principles ("GAAP") in one comprehensive set of guidance organized by subject area. In accordance with the ASC, references in the accompanying notes to previously issued accounting standards have been replaced by ASC references. Subsequent revisions to GAAP will be incorporated into the ASC through Accounting Standards Updates ("ASU"). The adoption of the ASC did not have an impact on the Plan's financial statements.

Basis of Accounting

The accounting records of the Plan are maintained on the cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

Administrative expenses are paid by the Company and the Plan.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS

Investments that represent 5 percent or more of the Plan's net assets at December 31 are separately identified below, stated at fair value:

Identity of Party Involved	Description	2009	2008
Mutual Funds:			
Allianz	NFJ Dividend Value Fund - Administrative	$461,158

During the year ended December 31, 2009, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value by $725,388.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures,* clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Various inputs are used in determining the value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, FASB ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at net asset value ("NAV") of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Participant Loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodology used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2009 and 2008.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hand Benefits and Trust Company, the trustee and record keeper of the Plan from December 31, 2008 to January 8, 2009 and Fidelity Management Trust Company, the trustee and record keeper of the Plan from January 9, 2009 to December 31, 2009, have certified to the completeness and accuracy of all investments reflected in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2009 and 2008 and the Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2009 and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in mutual funds managed by entities affiliated with Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan and, therefore, qualifies as a party-in-interest under ERISA guidelines. Fees paid by the Plan for trustee services amounted to $2,279 for the year ended December 31, 2009. Loans to participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan. In the event of termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 8 - TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the volume submitter plan adopted by the Plan, as then designed, qualifies under the appropriate sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 10 - EXCESS CONTRIBUTIONS REFUNDABLE

At December 31, 2008, liabilities of $35,407 are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

NOTE 11 - RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2008 (there was no difference at December 31, 2009):

Net assets available for benefits per the financial statements	$3,047,093
Add: Nondiscriminatory refunds payable	35,407
Net assets available for benefits per the Form 5500	$3,082,500

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2009:

Change in net assets available for benefits per the financial statements	$1,357,183
Less: Nondiscriminatory refunds	35,407
Change in net assets available for benefits per the Form 5500	$1,321,776

NOTE 12 - SUBSEQUENT EVENTS

Effective January 1, 2010, the Plan was amended to allow participants to change their contribution amounts at any time.

The Plan has evaluated subsequent events through September 15, 2010, the date the financial statements were available to be issued.
