1. Description of Plan

The following summary description of the Epic Pharma LLC Union 401 (k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering union employees of Epic Pharma, LLC (the "Company") who are age eighteen (18) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute, or elect to defer, a dollar amount or a percentage of their annual compensation as allowable by Section 404 of the Internal Revenue Code ("IRC"). Annual contributions by participants are limited to a maximum contribution amount as prescribed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may allocate their contributions among several pooled separate account investment options including a money market fund, mutual funds and guaranteed investment contracts. All investments options are fully participant-directed. Participants may direct the investment of their elective deferrals daily into any of the Plan's available investment options. Investments are valued by the Trustee daily.

The Company shall make nonelective contributions to the plan each year equal to 2% of each participant's base pay.

Participants Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollover contributions and the Company's matching contributions plus actual earnings or losses thereon.

1. Description of Plan *(continued)*

Notes Receivable from Participants

Participants may borrow from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 30 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account with interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrators. Principal and interest are paid ratably through monthly payroll deductions. Upon termination any unpaid loan balance could become a taxable distribution to the participant.

Payment of Benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

Investments are stated at fair value. Pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded as earned on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The majority of administrative expenses are paid by the Plan. Any administrative expenses not paid with the Plan assets are paid by the Company.

Accounting for Uncertainty Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2010.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 9, 2014.

3. Certified Information (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2013 and 2012, and investment income for the year ended December 31, 2013, that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan.

4. Investments

The following are the major categories of Plan investments measured at fair value on a recurring basis as of December 31, grouped by the fair value hierarchy:

	2013			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 1,002,119	$ -	$ 1,002,119

	2012			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 705,974	$ -	$ 705,974

The following investments represent 5% or more of the Plan's net assets at December 31:

	2013	2012
John Hancock New York Money Market PSA	$ 297,543	$ 232,483
John Hancock New York Lifestyle Growth	59,862	36,225
John Hancock New York Lifestyle Aggressive	54,608	*
John Hancock New York Lifestyle Balanced	55,967	41,705
John Hancock New York Lifestyle Moderate	155,227	101,181

* Amount did not represent five percent or more of Plan's net assets.

4. Investments *(continued)*

During 2013, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $92,676.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Tax Status

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008 stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "IRC"), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. Although the plan has been amended since receiving the determination letter the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

7. Party-in-Interest

Substantially all investments are managed by John Hancock New York, the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and administrative services amounted to $2,742 and $1,689 for the years ended December 31, 2013 and 2012, respectively.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
