Graham C-Stores, Co. Profit Sharing Plan

Report on the Financial Statements
We have audited the accompanying financial statements of Graham C-Stores, Co. Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Graham C-Stores, Co. Profit Sharing Plan as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the year ended December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.

Report of Supplementary Information
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Assets Held at End of Year, referred to as "supplementary information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

GRAHAM C-STORES, CO. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Graham C-Stores, Co. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Graham C-Stores, Co. (the "Company", "Employer" and "Plan Administrator") who are employees on the last date of the plan year, have 1,000 hours of service, and are age twenty and one half years or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions. The Employer contributions to the Plan are at the discretion of the Employer's Board of Directors. The Employer elected to make a gross contribution of 7.50% of eligible compensation totaling $310,732 for the year ended December 31, 2013. Participants may rollover eligible contributions from another qualified retirement plan. The Plan does not permit after tax voluntary contributions.

Participant Accounts. Each participant's account is credited with an allocation of (a) the Employer's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participants' earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their rollover contributions plus actual earnings thereon. Vesting in the Employer contributions portion of their accounts plus earnings thereon is based on years of service. A participant vests 20% with three years of service and is 100% vested after six years of credited service. A participant becomes fully vested in the portion attributable to the Employer contribution if employment is terminated because of death, normal retirement age, or total and permanent disability.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balances, whichever is less. The loans are secured by the balance of the participant's account and bear interest at the rate defined in the Plan document. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts. A terminated participant's nonvested account balance is forfeited in the Plan year following such participant's fifth consecutive one-year break in service. Forfeitures are reallocated to participants as additional Employer contributions. Reallocated forfeitures were $54,906 for the year ended December 31, 2013.

Benefits. Benefits representing the vested portion of a participant's balance are payable upon termination, retirement, death or disability. Benefits to participants whose employment has terminated are payable after the end of the Plan year in the month following the issuance of the Annual Report.

Distributions may be made as an eligible rollover to an IRA, an eligible rollover to another plan, a lump sum payment or substantially equal installments, paid at least annually over the participants' life expectancy.

Party-in-Interest Transactions. Administrative expenses of the Plan, consisting principally of accounting and trustee fees, are paid directly by the Employer. Various administrative, legal and accounting services are performed by the Employer personnel on behalf of the Plan for which no charges are made to the Plan, and the Employer's management has no plans to obtain reimbursement of these expenses from the Plan.

GRAHAM C-STORES, CO. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Concentration of Credit Risk. Substantially all of the Plan's investments are held by UBS Financial Services, Inc.

Basis of Accounting. The accompanying financial statements have been prepared on the accrual method of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained and as the operating environment changes.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits. Benefits are recorded when paid.

NOTE 3 – INVESTMENTS

The Plan's investments are held in an account with a major securities broker. All of the investments are nonparticipant-directed. The following is a summary of investments that represent 5% or more of the Plan's net assets as of December 31:

	2013	2012
Common Stocks:		
UBS AG Deposit Account	$ 623,702	
Merck & Co.	$ 458,108	$ 374,724
BP PLC Sponsor ADR	$ 379,157	$ 324,792
JP Morgan Chase & Company	$ 292,400	
International Business Machines		$ 766,200

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(Continued)

GRAHAM C-STORES, CO. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

Common Stocks, Preferred Stock, Partnership and U.S. Government Securities. Valued at the closing price reported on the active market on which the individual securities are traded.

Money Market Funds. Valued at the net asset value of shares held by the Plan at year end.

Warrants. Valued at cost which approximates fair market value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011.

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Common stocks	$ 6,177,504	$ -	$ -	$ 6,177,504

Warrants	-	-	9,677	9,677
Total investment assets at fair value	$ 5,599,808	$ -	$ 9,677	$ 5,609,485

The following table sets forth a summary of the changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2012.

	Warrants
Beginning balance	$ 9,677
Unrealized gains/(losses) relating to instruments still held at the reporting date	716
Ending balance	$ 10,393
The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date.	$ 716

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 – TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed in accordance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service or other tax authorities, generally for three years after the tax returns are filed; however, there are currently no audits for any tax periods in progress.

GRAHAM C-STORES, CO. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 – RISK AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2013 through October 10, 2014, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period.
