LENDERLIVE NETWORK, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the LenderLive Network, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is commonly known as a Code Section 401(k) profit sharing plan. It covers all employees of the Company who have one hour of service and are age twenty-one or older. The Plan covers eligible employees of LenderLive Network, Inc. and LenderLive Settlement Services, LLC. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute to the plan a percentage of their annual wages, not to exceed a specific dollar amount determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment options for participants. The Company may make contributions at the discretion of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Participant Loans. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by 50% of the borrowing participant's vested account and bear interest at rates, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions that coincide with the participant's pay dates, but not less than quarterly.

Payment of Benefits. As of September 2007, all distributions from the Plan will be made in one lump-sum payment in cash or, in certain circumstances, in property. If the participant

terminates employment for any reason (including retirement) and the value of the vested benefit does not exceed $5,000, then the participant is entitled to a lump-sum distribution within a reasonable time after termination. If the vested interest is over $5,000, then the participant must consent to the distribution before it may be made. If the election to receive the benefit is made, a distribution is made to the participant within a reasonable time after termination and consent to the distribution.

Withholding Taxes. The Plan is required to withhold 20% of distributions not directly transferred to another qualified plan or IRA account. These funds are then remitted to the Internal Revenue Service.

Forfeitures. Forfeitures of non-vested employer matching contributions are used to reduce future plan expenses and employer matching contributions. The Plan had no forfeitures for the year ended December 31, 2009.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through August 19, 2010, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:	
	Fair Value	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Unobservable Inputs (Level 3)**
December 31, 2009			
Mutual funds	$ 859,940	$ 859,940	$ -
Participant Loans	4,099	-	4,099
Total	$ 864,039	$ 859,940	$ 4,099
December 31, 2008			
Mutual funds	$ 583,879	$ 583,879	$ -
Participant Loans	4,359	-	4,359
Total	$ 588,238	$ 583,879	$ 4,359

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Participant Loans
December 31, 2009	
Beginning balance	$ 4,359
Purchases, sales, issuances, and settlements (net)	(260)
Ending balance	$ 4,099
December 31, 2008	
Beginning balance	$ 5,311
Purchases, sales, issuances, and settlements (net)	(952)
Ending balance	$ 4,359

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in net appreciation in fair value of investments.

4. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits held at December 31, 2009 and 2008. They are summarized as follows:

	2009	2008
Investments at Fair Value as Determined By Quoted Market Price		
Mutual Funds:		
Dreyfus Premium Alpha Growth Fund	$ 46,514	$ 33,737
Fidelity Advisor Equity Income Fund	48,721	35,890
Fidelity Freedom 2020	58,574	36,757
Janus Advisor Forty Fund	164,587	94,706

VanKampen Growth & Income Fund	-	30,148
Other	279,724	175,771
	$ 864,039	$ 583,879

During the years ended December 31, 2009, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

	Net Change in Net Value 2009
Investments at fair value as determined by quoted market price Mutual Funds	$ 178,534

5. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that had been prepared and certified to be complete and accurate by Nationwide Life Insurance Company (Custodian).

Information included in the statement of net assets available for benefits:
Investment values

Information included in the statement of changes in net assets available for benefits:
Net (depreciation) / appreciation in fair value of investments
Interest and dividend income

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Nationwide Life Insurance Company. Nationwide is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. TAX STATUS

The Company entered into an adoption agreement which allows them to become a participating Employer in a Defined Contribution Master Plan. Under this agreement, the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

9. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and such changes could materially affect participants' accounts balances and the amounts reported in the statement of net assets available for benefits.
