Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 12, which was certified by Massachusetts Mutual Life Insurance Company (Mass Mutual), the administrative services provider for contracts issued by Hartford Life Insurance Company, custodian of the Plan Assets, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from Mass Mutual on behalf of Hartford Life Insurance Company as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Note 1. DESCRIPTION OF PLAN

The following description of the L & G Concrete Construction (Employer) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement and Plan amendments for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Employer and L & G Equipment and L & G Transport who have one year of service and are eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. For the Plan year 2013, under a salary reduction agreement, participants may contribute up to $17,500 of pretax annual compensation, as defined in the Plan. Participants who attain age 50 by the end of the plan year may make additional "catch-up" contributions of up to $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Employer will match 100% of employee contributions up to 3% of the participant's compensation plus 50% of the employee contributions between 3% and 5% of the participant's compensation. Any fee or expense paid, directly or indirectly, by the Company is not considered a contribution to the Plan.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of (1) the Company's contribution and, (2) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's fully vested account.

Vesting. The balance in each Participant's Elective Account shall be fully vested at all times and, except as otherwise provided herein, shall not be subject to forfeiture for any reason.

Investment Options. A participant has the right to direct the Trustee with respect to the investment or re-investment of the assets comprising the participant's individual account.

Participant loans. Participant loans are permitted. Participants are allowed to borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at reasonable rates. The principal and interest is paid ratably over 5 years or longer for the purchase of a primary residence through regularly scheduled payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may withdraw an amount equal to the value of the participant's account.

Benefits are recorded when paid.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Hartford Life Insurance Company issues to plan sponsors a variety of investment options from which participants may direct the investment of their retirement funds. Most of the investment options are in variable unregistered pooled separate accounts for which their net asset values are based on the market value of their underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

	2013
American Funds Cap Inc Bldr	54,811
American Funds Capwld G&I	93,678
American Funds rowth Fund	61,401
Hartford Growth Opportunities	76,212
Lifepath 2030	110,283
Oppenheimer International Bond	89,771
Thornburg International Value	74,528
Thornburg Core Growth	65,249

Note 4. NET UNREALIZED GAIN OR LOSS ON INVESTMENTS

The net unrealized gain (loss) on investments was $106,249 in 2013 and $67,608 in 2012. The gain (loss) for each year was generated by pooled separate accounts.

Note 5. NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 6. RELATED PARTY TRANSACTIONS

All plan investments are managed by affiliates of Mass Mutual Financial Group. Mass Mutual is the administrative service provider of the Plan assets and acts on behalf of Hartford Life Insurance Company, the issuer of the investment contracts. Therefore, these transactions qualify as party-in-interest transactions. Fees paid or accrued by the Plan for investment management services amounted to $4,072 and $5,578 for the years ended December 31, 2013 and 2012, respectively. The CPA firm of Salinas, Allen & Schmitt, LLP conducted the audit of the Plan's financial statements for the years 2013 and 2012. The Plan accrued audit fees of $9,950 for 2013 and $10,500 for 2012. These transactions also qualify as party-in-interest transactions. Other parties-in-interest include the plan sponsor, L&G Concrete Construction Co., and the plan third party administrator, Loren D. Stark.

Note 7. FAIR VALUE MEASUREMENTS

Statement of Financial Accounting Standards ASC 820 provides a framework for measuring fair value under U.S. generally accepted accounting principles. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement is in both cases the same--to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (that is, an exit price). The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were used in valuing the Plan assets.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Hartford Life Insurance Company issues to Plan Sponsors group annuity contracts or funding agreements that include variable investment offerings through Pooled Separate Accounts. These unregistered Pooled Separate Accounts are divided into investments divisions called 'Sub-Accounts'. Each Sub-Account invests in shares of an underlying mutual fund. Sub-Account values are measured in terms of 'Accumulation Units'. The Accumulation Units of a Sub-Account are assigned a unit value on a daily basis, at the end of each day the New York Stock Exchange (NYSE) is open for trading, as of the close of the NYSE on that day (this is called a "Valuation Day"). To determine the current Accumulation Unit Value for a Sub-Account, the prior Valuation Day's Accumulation Unit Value is multiplied by the Net Investment Factor. The Net Investment Factor is used to measure the investment performance of a Sub-Account from one Valuation Day to the next. The Net Investment Factor for each Sub-Account equals the net asset value (NAV) per share of the underlying Fund held in the Sub-Account at the end of the current Valuation Day, divided by the NAV per share of the underlying Fund held in the Sub-Account at the end of each prior Valuation Day, minus any daily mortality and expense risk and administration charges, if applicable. The shares of the underlying Fund are valued at NAV on a daily basis.

Fixed Income Account - The Fixed Income Account is part of Hartford Life Insurance Company's (HLIC) general account and is subject to the claims of HLIC's general creditors. HLIC credits interest on contributions made to the Fixed Income Account at a rate HLIC declares for a period of time that it determines. HLIC guarantees a minimum rate of interest. Guarantees are subject to HLIC's claims paying ability. HLIC generally processes distributions and transfers from the Fixed Income Account within a reasonable period of time after a participant request is received in good order. However, under certain conditions, transfers from the Fixed Income Account may be limited or deferred, and distributions may be subject to a market value adjustment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies for assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements at the End of the Reporting Period Using:		
As of December 31, 2013:	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Fixed Accounts	$ 18,504	$ 0	$ 18,504	$ 0
Pooled separate accounts	828,133	0	828,133	0
Total assets at fair value	$ 846,637	$ 0	$ 846,637	$ 0
As of December 31, 2012:				
Fixed Accounts	$ 22,765	$ 0	$ 22,765	$ 0
Pooled separate accounts	633,849	0	633,849	0
Total assets at fair value	$ 656,614	$ 0	$ 656,614	$ 0

Note 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 10. INCOME TAX STATUS

The Internal Revenue Service has determined by a letter dated March 31, 2008 that the Prototype Plan described as a Volume Submitter Profit Sharing Plan with CODA submitted by Loren D. Stark Company, Inc. is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The IRS letter indicates that the letter is not a ruling as to whether an employer's plan qualifies under Code section 401 (a). However, an employer that adopts this plan may rely on this letter with respect to the qualification of its plan under Code section 401 (a). The letter also states that the terms of the plan must be followed in operation to remain qualified. The plan administrator believes they have followed the terms of their Plan and it remains a qualified plan.

The Plan's form 5500 is subject to examination by the IRS for the years ending December 31, 2010 through December 31, 2013.

Note 11. SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through October 5, 2014 the date the financial statements were available to be issued. No subsequent events occurred which require adjustment or disclosure to the financial statements at December 31, 2013.
