INDEPENDENT AUDITORS' REPORT

To the Plan Trustees
Red Chamber Group of Companies 401(k) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Red Chamber Group of Companies 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting standards generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Transamerica Financial Life Insurance Company, the custodian of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
We are engaged for the purpose of forming an opinion on the financial statements as a whole. Because the supplemental schedule of assets held at end of year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RED CHAMBER GROUP OF COMPANIES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Red Chamber Group of Companies (the Company) 401(k) Plan (the Plan) is provided for general information purposes only. Plan participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1999, as a defined contribution plan covering all full-time employees of the Company who have 30 days of service and are age twenty-one or older. An employee becomes a plan participant as of the first day of each calendar month immediately following their completion of the age and service requirement. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan administrator.

The Company is a member of a related group of business organizations. The law treats all members of this related group as a single employer. The organizations included in this group are the following:

Red Chamber Company
Fisherman's Pride Processors, Inc. dba Neptune Foods
Tampa Bay Fisheries, Inc.
Admiralty Island Fisheries, Inc. dba Aqua Star
Orient Fisheries, Inc.
International Gourmet Fisheries, Inc.
Singleton Fisheries, Inc.

Contributions

Each year the participants may contribute up to 15% of pretax annual compensation, as defined in the Plan, limited to an amount allowable by statute. For the year ended December 31, 2013, the maximum statutory amount was $17,500. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. For the year ended December 31, 2013, the maximum statutory amount for catch-up was $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The deferred earnings will not be taxable to a participant until subsequently distributed from the plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for safe harbor matching contributions to be made by the Company. For the Plan year ended December 31, 2013 the Company has contributed 100% of the participant's contribution up to the first 4% of base compensation that a participant contributes to the Plan.

NOTE A – DESCRIPTION OF THE PLAN – CONTINUED

Contributions - Continued

The Plan also provides for discretionary profit sharing contributions to be made by the Company. Vesting on such contributions is based on the participant's years of service and follows a six-year grade. The Company has elected not to make a contribution for the Plan year ended December 31, 2013.

The policy of the Plan administration is to fund benefits through cash contributions from the Participant and the Company, invested in marketable securities; no insurance contracts are currently being purchased.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contribution, (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. The participants are also immediately vested in the Company's contributions portion of their accounts plus actual earnings thereon.

Investments

The Plan provides for a number of different investment options based upon various investment risk factors. Plan contributions are currently deposited with Transamerica Retirement Services.

Notes Receivable from Participants

The majority of active Plan participants may borrow from their fund accounts. The minimum amount of any loan is $1,000, with a maximum equal to the lesser of 50% of the participants' vested account balance, or $50,000. Active participants may not have more than one loan at a time. The loans are secured by the participant's vested account balance and bear interest at a reasonable rate of interest, as defined. For the year ended December 31, 2013, the rate was prime plus 1%. The repayment period may not exceed five years, unless such proceeds are used for the purchase or repair of a principal residence.

NOTE A – DESCRIPTION OF THE PLAN – CONTINUED

Payment of Benefits

On termination of service due to death, disability, retirement or termination of service due to other reasons, a participant must receive the benefit payment in a lump-sum amount equal to the value of the participant's vested interest in their account.

At December 31, 2013, there were no amounts allocated to the accounts of persons who, at the financial statement date, have elected to withdraw from the Plan but have not been paid.

Forfeitures

Prior to adopting a safe harbor 401(k) plan where the participants are immediately vested in the Company's contributions portion of their accounts plus actual earnings thereon, the forfeited non-vested accounts at December 31, 2013 totaled $14,086. These amounts will be first used to pay any administrative expenses and then to reduce the employer's safe harbor obligation in accordance with provisions of the Plan.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to prepare its financial statements on the cash basis of accounting. On this basis, revenues are recognized when received rather than when earned and expenses are recognized when paid rather than when incurred.

Accounting Estimates

The preparation of financial statements in conformity with cash basis accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are presented at their fair market values as of the reporting date. Fair market value is determined by quoted prices in an active market, for those assets that are readily marketable. In determining gains and losses from sale of investments, the first-in, first-out method is used. Interest income is recorded on the cash basis.

Administrative Expenses

Administrative expenses consist primarily of administrative services, the custodial costs of servicing the Plan and professional fees.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Subsequent events have been evaluated through October 10, 2014 which is the date the financial statements were issued. No significant events were noted.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Transamerica Retirement Services.

	December 31, 2013	December 31, 2012
Investments, at fair value:		
Pooled separate accounts	$ 20,422,024	$ 17,515,072
Investment income:		
Net appreciation in fair value of investments	$ 2,903,533	-

NOTE D - FAIR VALUE MEASUREMENTS - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

FASB ASC 820-10, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 or 3 inputs were available to the Plan.

NOTE D - FAIR VALUE MEASUREMENTS - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE –CONTINUED

Level 2 Fair Value Measurements
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for the substantially the full term of the asset or liability.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

December 31, 2013	Fair Value	Level 2

	$ 17,515,072	$ 17,515,072

NOTE E – INVESTMENTS

The majority of the Plans' investments consist of pooled separate accounts which are held in trust by Transamerica Retirement Services, the Plan custodian (Note C). The fair value of individual investments that represent 5% or more of the Plan's net assets is as follows:

	December 31, 2013	December 31, 2012
Investments at fair value:		
Mutual Shares	$ 1,100,044	$ 948,371
Transamerica Asset Allocation – Moderate	2,936,454	2,717,891

Janus Overseas Retirement	1,124,847	1,103,858
Fidelity Advisor Leveraged Co. Stock Inv.	1,081,493	-

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

NOTE G – INCOME TAX STATUS

The Plan has not received a determination letter from the Internal Revenue Service. It was drafted from a prototype plan and has been amended. Because of the approval status of the prototype plan from which the Plan was drafted, the Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about tax positions taken by the Plan that might be uncertain. Management has considered its tax positions and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE H – CONCENTRATION OF CREDIT RISK

Financial instruments which potentially expose the Plan to concentrations of credit risk consist primarily of cash deposits held in financial institutions in excess of federally insured limits.

At December 31, 2013 and 2012, there were no cash deposits in excess of federally insured limits.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
