INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
ABC Savings and Security Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ABC Savings and Security Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which is certified by Principal Life Insurance Company, the Custodian, of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator, that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan

Administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report of Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Pamal Broadcasting, Ltd. established a defined contribution 401(k) retirement plan, currently known as the ABC Savings and Security Plan (the "Plan") effective April 1, 1990. Effective January 1, 2009, the Plan Administrator became Albany Dodge, Inc. The Plan was established for the benefit of eligible employees, and the eligible employees of certain companies under common ownership, who have satisfied the Plan's eligibility requirements. On January 1, 2002, the ABC Savings and Security Plan adopted Principal Life Insurance Company's prototype for non-standardized profit sharing plans with CODA, with Principal Life Insurance Company as the Custodian.

1. DESCRIPTION OF PLAN

The following description of the ABC Savings and Security Plan provides only general information. Participants should refer to the Plan document, including all amendments, for a complete description of the Plan's provisions. These notes to the financial statements are presented to assist in understanding the ABC Savings and Security Plan's financial statements. The financial statements are the representations of the named fiduciaries of the Plan, who are responsible for their integrity and objectivity. These financial statements conform to accounting principles generally accepted in the United States of America and the accounting policies used have been consistently applied in the preparation of these financial statements.

General

The Plan is a defined contribution plan covering all employees of the Plan Administrator, and certain companies under common control with the Employer, within the meaning of IRC Section 414(c). Employees are eligible to participate in the Plan, who are age twenty-one or older, are credited with 1,000 hours of service and have completed one year of service (as defined by the Plan). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Accounts

Each participant's account is credited with the participants' contributions, employer matching contributions, plan earnings, rollover contributions, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants' accounts are valued at their fair value on a daily basis. On such dates, earnings, expenses, gains and losses on investments are allocated to each participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in matching contributions and discretionary contributions plus actual earnings or losses thereon is based on years of continuous service. A participant is one hundred percent vested after six years of credited service or on termination of service due to death, normal retirement, early retirement, disability, or plan termination. Special vesting rules would apply if the Plan were to become "top heavy" under IRC Section 416.

1. DESCRIPTION OF PLAN (CONTINUED)

Contributions

Each year, participants may contribute pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of their and employer matching contributions into various investment options offered by the Plan. Effective January 1, 2009, the Plan was amended and matching contributions were suspended. On January 1, 2013, the Plan was amended and the matching contributions were reinstated. The employer contributed thirty-three percent of the participant's elective deferral contribution, not to exceed six percent of the participant's compensation. Additional amounts may be contributed at the option of the participating employer's management, and will be allocated based on a percentage of each eligible participant's compensation to the total compensation of all the eligible participants for the year. Contributions are subject to certain limitations. The employer matching contributions for a plan year will not be more than $1,000.

Notes Receivable from Participants

Eligible participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000, or fifty percent of their vested account balance, whichever is less. The loans are secured by the participants' accounts and bear interest rates that are commensurate with local prevailing rates. Level payments of principal and interest must be repaid through payroll deductions, over a period not to exceed five years (thirty years if for the purchase of a primary residence). The plan allows the participant to pay the loan in full at any time during the loan period. Interest income received by the Plan on participants' loans amounted to $13,402 and $12,488, for the years ending December 31, 2013 and 2012, respectively.

Payment of Benefits

On termination of service due to retirement, death or disability, a participant may elect to receive one of the following: a lump-sum amount equal to the value of the participant's vested interest in his or her account, flexible income payments, or an annuity covering a five to fifteen year period over the life of the participant and/or the designated beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2013 and 2012, the unused forfeited nonvested account balances amounted to $6,889 and $7,132, respectively. The Plan provides that these accounts will be used to pay future plan administrative expenses and to reduce employer contributions. Administrative expenses paid from forfeitures amounted to $2 and $2,878, for the years ended December 31, 2013 and 2012, respectively.

2. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when incurred.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of registered investment company stock are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Insurance contracts are valued at fair value. Participant notes receivable are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Administrative Expenses

Except for the loan fees associated with notes receivable from participants, the Plan Administrator pays the administrative expenses not covered by the Plan.

3. RELATED-PARTY TRANSACTIONS

The Trustee of the Plan owns one hundred percent of the Companies participating in the Plan. Officers or employees of the Plan Administrator perform certain administrative functions of the Plan. The Plan reimbursed the Plan Administrator $-0- for accounting and administrative services for the years ended December 31, 2013 and 2012, respectively.

3. RELATED-PARTY TRANSACTIONS (CONTINUED)

The pooled separate accounts in mutual funds and the guaranteed investment contracts are held by a related party of the Custodian, Principal Financial Life Insurance Company. These funds had purchases of $1,355,950 and $1,091,323, and sales of $1,228,392 and $2,203,727, for the years ended December 31, 2013 and 2012, respectively.

4. INVESTMENTS

5. FAIR VALUE MEASUREMENTS

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts in mutual funds: The total value is derived by multiplying the number of shares owned by the unit market value determined on a daily basis of underlying assets.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed investment contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 8).

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's fair value hierarchy, as Level 1, for those assets measured at fair value as of December 31,:

	2013	2012
Pooled Separate Accounts in Mutual Funds	$ 3,850,533	$ 3,099,342
Mutual Funds	4,604,841	3,654,997
Guaranteed Investment Contracts	83,987	109,298
Total Assets at Fair Value	$ 8,539,361	$ 6,863,637

6. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Custodian, at December 31,:

Investments, at Fair Value:

	2013	2012
Total Assets Certified by Custodian	$ 8,539,361	$ 6,863,637
Investment Income	$ 1,740,148	$ 997,983

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31,:

	2013	2012
Net Assets Available for Benefits – Financial Statements	$ 8,726,886	$ 7,124,314
Participant and Employer Contribution Receivable	(4,722)	-
Net Assets Available for Benefits – Form 5500	$ 8,722,164	$ 7,124,314

Participant and employer contributions receivable reflect amounts due to the Plan at December 31, 2013 and 2012.

8. GUARANTEED INVESTMENT CONTRACTS

The Plan investments include eight guaranteed investment contracts that will mature on December 31, 2013 through December 31, 2017. The contract rates of return applicable to these guaranteed investment contracts are 0.09% to 0.42% for three-year contracts and 0.41% to 1.80% for five-year contracts. These accounts are valued at fair market value by the Custodian, Principal Life Insurance Company, and are included in the investments on the statement of net assets. The fair value of the guaranteed investment contracts amounted to $83,987 and $109,298 at December 31, 2013 and 2012, respectively.

9. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan Administrator by letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer and the participating Employers reserve the right under the Plan to discontinue their contributions, or terminate the Plan at any time, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in employer contributions.

11. OFF BALANCE SHEET RISK

The Plan's assets are invested in eight guaranteed investment contracts, twelve different pooled separate investment accounts and nine different mutual funds. Decisions regarding each individual fund are controlled and monitored by the investment team of each fund. As such, the Plan is subject to general economic conditions, which may be affected by the domestic and international markets.

12. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

13. SUBSEQUENT EVENTS

Subsequent to year-end, there has continued to be substantial volatility in the United States financial markets. Major investment indexes have experienced significant volatility. In addition, many fixed income securities have also experienced significant valuation pressure as a result of turmoil in the credit markets.

Management has evaluated events through October 2, 2014 the date the financial statements were available to be issued.
