DALLAS NEPHROLOGY ASSOCIATES 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE A – DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of the Company who have at least one year of service (defined as 1,000 hours) and are age 21 or older. The Plan was formally adopted July 1, 1982, and was effective as of that date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The financial statements were approved for issue on September 14, 2010, which is the date the financial statements are available to be issued. Subsequent events were evaluated by the Plan Sponsor through September 14, 2010.

401(k) provisions

Contributions are by salary reduction and are at the employee's discretion within the limits imposed by the 401(k) provisions of the Plan and the applicable Internal Revenue Code sections. The participant accounts are "participant directed accounts."

Contributions

Employer 401(k) contributions and employer profit sharing contributions are determined on an annual basis by the Board of Directors of the Company and are at the discretion of the Board of Directors within the limits imposed by the Plan documents and the applicable Internal Revenue Code sections. For 2009 and 2008, the Company made a matching contribution of 50% of each participant's 401(k) contribution, up to 6% of the participant's compensation. Additionally, the Company made a profit sharing contribution in the amount of $777,989 for 2009 and $740,724 for 2008.

Participant accounts

Each participant's account is credited with the participant's 401(k) contribution, if any, and an allocation of (a) the Company's contribution, (b) investment experience on those amounts, and (c) forfeitures of terminated participants' nonvested amounts. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE A – DESCRIPTION OF PLAN

Vesting

Vesting in the participants' accounts is based on years of service and the type of contribution made to the profit sharing account. A participant is 100% vested immediately on participant 401(k) and/or rollover contributions. A participant is 100% vested after six years of credited service on employer contributions to the profit sharing account and the employer matching 401(k) account. The vesting schedule is as follows:

Years of Service	Vesting %
0 to 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant loans

The Plan allows participants to borrow fifty percent, up to $50,000, of their vested account balance from the Plan at any time; however, only one new loan is allowed per year, and a participant can have no more than two loans outstanding at any given time. The rate of interest is determined as the Bank of America, N.A. (formerly Merrill Lynch) prime rate plus 1/2% on the date of the loan. Loan payments are typically made through a payroll check deduction. The notes are collateralized by the participant's vested interest in the Plan. Effective June 1, 2007, the Plan's loan policy was amended to allow one additional loan to a participant if the additional loan is classified as a "hardship loan" as determined by the Administrator. A loan is considered a "hardship loan" only if the loan is made in conjunction with an immediate and heavy financial need and is necessary to satisfy the immediate and heavy financial need within the meaning of Section V.9.3 of the Plan.

NOTE A – DESCRIPTION OF PLAN

Payment of benefits

Distributions of participants' account balances occur only upon retirement, death, hardship or other termination of employment. A participant or participant's beneficiary may receive distributions under one of several options. The options allow for payment in lump-sum distributions of cash or transfer to an individual retirement account or other brokerage account.

Investing options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the mutual fund investment options listed in Note C. Participants may change their investment options at any time.

Operating expenses

The Company absorbs all of the operating expenses related to the Plan.

Forfeitures

Forfeitures are allocated to existing participant's accounts based upon a ratio of the participant's compensation to gross Plan compensation. The Company has not allocated forfeitures to participant accounts for the year ended December 31, 2009. The unallocated forfeited nonvested accounts totaled $19,938 and $27,806 at December 31, 2009 and 2008, respectively.

Funding policy

It is the policy of the Plan sponsor to remit the employee contributions as soon as administratively possible but no later than 15 business days after the date of payroll. The employer contribution is made annually within nine months of the Plan's year end.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies of Dallas Nephrology Associates (Company) 401(k) Profit Sharing Plan (Plan) is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting except that the benefit distributions are recorded when paid.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Common Collective Trust Fund

As described in Financial Accounting Standards Board's current authoritative literature, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the Standard), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the Standard, the statement of net assets available for plan benefits should present the fair value of the investment contracts as well as the adjustment of the investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Merrill Lynch Retirement Preservation Trust is a common collective trust fund with underlying investments in investment contracts that are valued based on the underlying investments and then adjusted by the issuers to contract values. The fund may invest in fixed interest insurance investment contracts, money market funds, corporate, and government bonds, mortgage-backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The Merrill Lynch Retirement Preservation Trust maintains a net asset value of $1.

As of December 31, 2009, the balance in this fund was $7,245,289. The Trustee estimates that the contract value is approximately $492,000 less than the fair value at December 31, 2009. As of December 31, 2008, the balance in this fund was $6,644,787. The Trustee estimates that the contract value is approximately $924,000 less than the fair value at December 31, 2008.

Investment valuation and income recognition

Bank of America, N.A. (formerly the Merrill Lynch Trust Company of Texas) holds the Plan investments. The fair value per unit/share is stated at quoted market prices as determined by Bank of America, N.A. (formerly the Merrill Lynch Trust Company of Texas). Participant loans are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan presents, in the statement of changes in net assets available for plan benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Benefit payments

Benefits are recorded when paid.

During the year ended December 31, 2009, the Plan's investments (including investments purchased, sold, as well as held during the year) appreciated (depreciated) in fair value or contract value, as appropriate, determined by quoted market prices as follows:

Mutual funds and common/collective trust	$ 4,929,395

NOTE D – DERIVATIVES

The Plan has no instruments that, in whole or part, are accounted for as a derivative instrument under current authoritative literature, *Accounting for Derivative Instruments and Hedging Activities,* during the current plan year.

NOTE E – FAIR VALUE MEASUREMENTS

Current authoritative literature, *Fair Value Measurements* (the Standard), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Standard are described as follows:

Level 1	Observable inputs such as quoted prices in active markets for identical assets or liabilities.
Level 2	Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly; these include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.
Level 3	Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds and Common/Collective Trusts: Valued at the net asset value (NAV) of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

NOTE E – FAIR VALUE MEASUREMENTS

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total

NOTE F – PLAN AMENDMENTS

The Plan completed a restatement of the plan document for the EGTRRA tax law changes effective January 1, 2009. The adoption agreement in conjunction with the Merrill Lynch Prototype Defined Contribution Plan and Trust Base Plan Document amended and restated the plan document in its entirety in order to comply with current plan qualification requirements under amendments to the Internal Revenue Code.

NOTE G – SEPARATED PARTICIPANTS WITH VESTED BENEFITS

There were two and four terminated participants with vested benefits of $27,992 and $273,448 as of December 31, 2009 and 2008, respectively.

NOTE H – PARTICIPANT LOANS IN DEFAULT

There were two participant loans in the amount of $6,211 in default at December 31, 2009. There were no loans in default at December 31, 2008. A loan is determined to be in default once loan payments have ceased for 90 days.

NOTE I – DETERMINATION LETTER

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated December 20, 2004, that the form of the Plan is qualified under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE J – PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2009, to Form 5500:

Net assets available for plan benefits per the financial statements	$ 33,727,014
Accrued contribution receivables not recorded on Form 5500	(1,337,816)
Net assets available for plan benefits per the Form 5500	$ 32,389,198

NOTE L – RELATED-PARTY TRANSACTIONS

Bank of America N.A., a federally chartered savings bank, acts as trustee and custodian of the Plan. Additionally, certain mutual funds offered as investment options under the Plan are managed by Merrill Lynch Investment Managers, L.P.

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. These transactions are exempt party-in-interest transactions.

The Plan allows for participant loans. These loans qualify as party-in-interest transactions. However, these transactions are exempt from the prohibited transaction rules.

Merrill Lynch, Pierce, Fenner & Smith, Incorporated has been designated by the Company as the provider of an individual retirement account that is established and maintained for automatic rollovers from the Plan.

On behalf of Bank of America, N.A., a Form 5500 will be filed for the Collective Investment Trusts for fiscal year ended December 31, 2009. Bank of America, N.A. is the trustee for the following collective investment trust funds: Equity Index Trust and Retirement Preservation Trust, Merrill Lynch Aggregate Bond Index Trust, Core Bond Trust, International Index Trust, Mid-Cap Index Trust, Small Cap Index Trust, Large Cap Value Index Trust and Large Cap Growth Index Trust.

NOTE M – RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

NOTE N – SUBSEQUENT EVENTS

Subsequent to December 31, 2009, the Executive Committee voted to transfer retirement plan record keeper and administration services to Mass Mutual.
