K-TRON SIZE REDUCTION GROUP
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE A **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND GENERAL DESCRIPTION OF THE PLAN**

Significant Accounting Policies

The significant accounting policies employed in the preparation of the accompanying financial statements follow.

Valuation of Investments - K-Tron Size Reduction Group 401(k) Plan's (the "Plan") investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Units of the Retirement Savings Trust are valued at net asset value at year-end.

Revenue Recognition and Method of Accounting - All transactions are recorded on the accrual basis. Purchases and sales of investments are recorded based on the trade date. Investment income is recorded as earned. Realized gains or losses on security transactions are determined using the average cost of securities sold on the trade date. Expenses are recorded as incurred.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Plan Expenses - For the years ended December 31, 2009 and 2008, Pennsylvania Crusher Corporation (the "Company") paid \$19,788 and \$18,831, respectively, of administrative expenses of the Plan.

Investment Contracts Subject to FASB ASC 962-325-50 - As described in Financial Accounting Standards Board ASC 962-325-50, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the "FSP"), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

K-TRON SIZE REDUCTION GROUP

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by Vanguard Fiduciary Trust Company, the trustee ("VFTC"). As required by the FSP, the statements of net assets available for benefits present the fair value of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits are prepared on the contract value basis. These requirements are effective for financial statements issued for periods ending after December 15, 2006.

Recently Issued Accounting Pronouncements

In September 2006, the FASB issued ASC 820-10, *Fair Value Measurements*, which is effective for fiscal years beginning after November 15, 2007. FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value and expands the related disclosure requirements. This statement applies under other accounting pronouncements that require or permit fair value measurements. This statement indicates, among other things, that a fair value measurement assumes that the transaction to sell an asset or transfer a liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability.

General Description of the Plan

A general description of the Plan follows. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan, a defined contribution plan, was established effective January 1, 1998, as a merger of the assets of the 401(k) Plan for Non-Manufacturing Personnel established effective July 1, 1988, and the assets of the 401(k) Plan for Manufacturing Personnel established effective October 1, 1991, to provide for the administration and investment of funds contributed by employees and by the Company on the employees' behalf. Effective October 1, 1999, employees of Jeffrey Specialty Equipment Corporation, Inc. became eligible to participate in the Plan. Effective January 1, 2007, the Plan changed its name from the Pennsylvania Crusher Corporation 401(k) Plan to the K-Tron Size Reduction Group 401(k) Plan when employees of Gundlach Equipment Corporation (Gundlach) became eligible to participate in the Plan. Effective January 1, 2009 Jeffrey Specialty Equipment Corporation merged with Rader Companies (Rader) and formed Jeffrey Rader Corporation (Jeffrey). At which time Rader employees became eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. VFTC serves as trustee of the Plan. The investing activities of the Plan are directed by the participants.

K-TRON SIZE REDUCTION GROUP

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

Each participant's account is credited with the participant's contribution and the employer matching contribution, as well as an allocation of Plan earnings. Participants have access to their accounts 24 hours a day/7 days per week via a toll-free telephone number and a website. Fund transfers and investment election changes may be elected daily. A participant may stop, start, or change his/her salary deferral rate at will.

The Plan is a contributory savings plan available to all nonunion employees of the Company, Jeffrey and Gundlach (the "Participating Companies"), with the exception of nonresident aliens. Effective March 1, 2005, employees who have completed six months of service with the Participating Companies are eligible to join the Plan. Prior to that date, eligibility was limited to those employees who had completed one year of service with the Company or Jeffrey. Effective January 1, 2002, the maximum participant deferral to the Plan increased from 14% to 50% of annual compensation, subject to Internal Revenue Code limitations. The Participating Companies match 100% of participant contributions up to 4% of a participant's compensation (as defined in the Plan document) for all eligible participants.

Participant contributions are credited directly to the individual employee's account and are fully vested immediately. Employer matching contributions also vest immediately.

Earnings of each fund are allocated to participants based on their proportionate interest in the investment of each fund.

There were no forfeitures in 2009 or 2008.

Distributions may be made in the following ways: a lump-sum payment of cash, a direct rollover of the vested assets to another qualified plan or to an IRA, or a combination of both methods.

Eligible contributions may be withdrawn by a participant at any time for reasons of hardship, as defined by the Plan document. Withdrawal for reasons other than hardship is restricted to all or any portion of the vested amount credited to a participant's account under the Plan for participants attaining the age of 59 1/2. A participant making a hardship withdrawal is suspended from participation in the Plan for a six-month period. Eligible participants making withdrawals for reasons other than hardship are not suspended from participation in the Plan.

In the event that a participant dies prior to the complete distribution of his or her account under the Plan, the related account shall become immediately vested, and the designated beneficiary under the Plan will be entitled to receive all undistributed amounts credited to the deceased participant's Plan account.

NOTE B TAX STATUS

The IRS issued a nonstandardized prototype profit-sharing plan opinion letter dated August 22, 2001, stating that the prototype plan document was designed in accordance with applicable Internal Revenue Code requirements as of that date. Although the Participating Companies have not applied for a determination letter for the Plan, the Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt for the years ended December 31, 2009 and 2008.

NOTE D FAIR VALUE MEASUREMENTS

FASB ASC 820-10 establishes a valuation hierarchy for disclosure of the inputs to the valuation used to measure fair value. This hierarchy prioritizes the inputs into three broad levels as follows.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. *Level 2* inputs are quoted prices to similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. *Level 3* inputs are unobservable inputs based on our own assumptions used to measure assets and liabilities at fair value.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

The following table provides the assets carried at fair value measured on a recurring basis as of December 31, 2009:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Shares of registered investment companies	\$ 19,514,776	\$ -	\$ -
Common collective trust	\$ -	\$ 3,389,147	\$ -
Participant loans receivable	\$ -	\$ -	\$ 4,690

Investments in shares of registered investment companies, employer securities and cash equivalents have quoted prices for identical assets in active markets; therefore, the investments are measured at fair value using these readily available Level 1 inputs.

The common collective trust is an over-the-counter security with no quoted readily available Level 1 inputs and, therefore, is measured at fair value using inputs that are directly observable in active markets and are classified within Level 2 of the valuation hierarchy using the income approach.

The fair value of participant loans receivable was derived using a discounted cash flow model with inputs derived from unobservable market data. The participant loans receivable are included at their carrying values in the statements of net assets available for benefits, which approximated their fair values at December 31, 2009.

The following table provides a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	<u>Level 3 Assets Participant Loans Receivable</u>
BALANCE AS OF JANUARY 1, 2009	\$ 7,562
Issuances, repayments and settlements, net	<u>(2,872)</u>
BALANCE AS OF DECEMBER 31, 2009	<u>\$ 4,690</u>

NOTE E PLAN TERMINATION AND AMENDMENTS

The Participating Companies currently intend to continue the Plan indefinitely. However, the Participating Companies reserve the right to amend or terminate the Plan at any time. If the Plan is amended, the benefits already credited to participants under the Plan will not be reduced unless required by the Internal Revenue Service (IRS). If the Plan is terminated or if contributions to the Plan are permanently discontinued, participants will become fully vested in all amounts credited to the participants' separate accounts in the Plan.

NOTE F MERGERS

The Plan executed a merger with Rader Companies 401(k) Savings Plan during the year ended December 31, 2009. The merger took place January 1, 2009. The transferred net assets of \$1,070,020 have been recognized into the accounts of the plan at the balances as previously carried in the accounts of the merged Plan. The changes in the net assets of the combined Plan are included in the statement of changes in net assets available for benefits.

NOTE G RELATED-PARTY TRANSACTIONS

The Plan invests in shares of mutual funds managed by an affiliate of VFTC. VFTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE H VANGUARD RETIREMENT SAVINGS MASTER TRUST

A portion of the Plan's investments are in the Master Trust, which was established for the investment of assets of eligible VFTC trusts and tax-qualified pension plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by VFTC (the "Trustee"). At December 31, 2009 and 2008, the Plan's interest in the net assets of the Master Trust was approximately .019% and .017%, respectively. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.
