INDEPENDENT AUDITOR'S REPORT

Investment Committee of
the Malcolm Drilling Company Inc.
Profit Sharing Plan and Trust

Report on the Financial Statements
We have audited the accompanying financial statements of Malcolm Drilling Company Inc. Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended and supplemental schedule as indicated in the table of contents and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Malcolm Drilling Company Inc. Profit Sharing Plan and Trust as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held for Investment as of December 31, 2013, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

MALCOLM DRILLING COMPANY INC. PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

A. General:

The Malcolm Drilling Company Inc. Profit Sharing Plan and Trust (the "Plan") is a plan established in 1976, which covers employees that have reached the age of 21, have completed at least six months of service and are not covered by a collective bargaining agreement. In 2003, the Money Purchase Pension Plan merged into Profit Sharing Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is exempt from federal and California taxes on income under the current provisions of the Internal Revenue Code and the California Revenue and Taxation code, respectively.

B. Contributions:

Money Purchase:

The company has committed to contribute to each eligible participant 10% of the participant's compensation up to the IRS limitations on compensation.

Profit Sharing:

At the discretion of the employer, contributions are made annually to the plan. The employer is not obligated to make any contributions. For the years ended December 31, 2013 and 2012, there were no contributions made by the employer.

Contributions are credited to an individual account for each employee who is an eligible participant in the plan for the year the contribution is made.

C. Distributions:

Distributions to a participant normally commence within a reasonable time after a participant's death, retirement, or termination of service. Distributions are made in a lump sum or periodic payment.

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

D. Vesting:

The portion of a participant's account resulting from rollover contributions is fully vested and non-forfeitable. All accounts under the profit sharing provisions are 100% vested. For employer contributions for the money purchase pension plan provisions, a participant's vested interest at any given time is based on years of service with >1000 hours per year, and increases during continued participation in the Plan according to the following vesting schedule:

2 years	20%	5 years	80%
3 years	40%	6 years	100%
4 years	60%		

Any forfeited amounts from the employer contribution account will be used to reduce the employer contributions. Forfeitures in the amount of $32,740 and $26,894 were used to offset employer contributions for the years ended December 31, 2013 and 2012.

E. Participants' Accounts:

An individual profit sharing account and an individual money purchase pension account are maintained for each participant, which each includes the following components as of December 31:

1. Employee rollover contribution if allowable.

2. Employer contributions.

3. The participant's pro rata share of net investment income/loss incurred on their account net of investment and administrative expenses directly deducted from their account

4. Deductions for benefits paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting:

The Plan's financial statements are prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

B. Valuation of Investments:

Cash equivalents are based on cost which equals fair value. Common stock and mutual funds are stated at fair value based on closing market quotations at December 31.

C. Benefits Payable to Terminated Participants:

The non-vested portion of an account balance is forfeited one year after termination.

Under the terms of the Plan Agreement, terminated participants whose vested benefit is $5,000 or less, may be distributed to the participant without the participant's consent. Participants whose benefit is more than $5,000, or has ever been greater than $5,000, can leave their account under the plan to continue participation in plan investments and/or to provide benefits upon retirement or death. Terminated vested participants have the option of withdrawing the accumulated benefits through several options offered by the plan.

D. Uncertain Tax Positions:

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The Plan administrator believes that the Plan has not taken uncertain tax positions that require adjustment to the financial statements as a tax liability. Informational tax returns, for tax years for which the applicable statutes of limitations have not expired, are subject to examination by authorities.

NOTE 3 - INVESTMENTS

A. General:

Investment assets of the Plan are held by TD Ameritrade and American Funds under the terms of agreements.

NOTE 3 – INVESTMENTS – (Continued)

A. General: - (Continued)

The following information, included in the Plan's financial statements as of December 31, 2013 and 2012, was extracted from information prepared by the above financial institutions and furnished to the plan administrator.

	2013	2012
	Fair Value	Fair Value
Cash equivalents	$ 607,382	$ 4,217,407
Common stock	13,935,940	10,525,487
Mutual funds	6,354,999	-
	$ 20,898,321	$ 14,742,894

The Plan's investments (including investments bought, sold, as well as held during the year) appreciated during the year 2013 and 2012 as follows:

	2013	2012
Common stock	$ 2,997,456	$ 915,831
Mutual funds	955,237	-
	3,952,693	915,831

Included in the investments are the following which individually represent 5% or more of net assets available for benefits as of December 31, 2013.

	Fair Market Value

The Growth Fund of America-R4	1,926,365
IBM Corp.	1,875,700
Apple Inc.	1,122,040

NOTE 3 – INVESTMENTS – (Continued)

B. Fair Value Measurement: – (Continued)

The Plan has adopted the Fair Value Measurement Topic of the Financial Accounting Standards Board Accounting Standards Codification No. 820 (ASC 820). In accordance with ASC 820, fair value is defined as the price that the Plan would receive upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market of the investment. As amended, ASC 820 permits entities to use Net Asset Value (NAV) as a practical expedient to measure fair value when the investment does not have a readily determinable fair value and the net asset value is calculated in a manner consistent with the investment company accounting. ASC 820 established a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk, for example, the risk inherent in a particular valuation technique used to measure fair value including such a pricing model and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset of liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are assets that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad Levels listed below.

- Level 1 – quoted prices in active markets for identical investments
- Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 – significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments)

The following is a summary of the inputs used as of December 31, 2013 in valuing the Plan's investments carried at fair value:

	Level 1	Level 2	Level 3	Total 2013
Cash equivalents	607,382	-	-	607,382
Common stock	13,935,940	-	-	13,935,940
Mutual funds	6,354,999			6,354,999
Total	$ 20,898,321	$ -	$ -	$ 20,898,321

NOTE 4 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

NOTE 5 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the audit opinion date of the financial statements. No material subsequent events have occurred since December 31, 2013 that required recognition or disclosure in the financial statements.
