INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Gallery Furniture Profit Sharing Plan
Houston, Texas

We have audited the accompanying financial statements of Gallery Furniture Employee Benefit Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and the fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with the auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Gallery Furniture Profit Sharing Plan as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions together referred to as "supplemental information" are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of Gallery Furniture Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, the Company contributes to the Plan a discretionary amount as determined by the Board of Directors.

Participant Accounts: Each Participant's account is credited with the Company contribution in equal amounts. Plan earnings are allocated based on Participants' account balances. Forfeitures of terminated Participants' non-vested accounts are re-allocated in equal shares among active Participants' accounts.

Vesting: Vesting is based on years of service. Percentages are the following:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits: On termination of service for retirement, a Participant may elect to receive either a lump-sum amount equal to the value of his or her account, a joint and survivor annuity, a life annuity, the purchase of a different form of annuity, or equal installments over a period of not more than the assumed life expectancy determined at the time of distribution.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Date of Management's Review: Subsequent events were evaluated through October 10, 2014, which is the date the financial statements were available to be issued.

Basis of Accounting: The financial statements are prepared using the accrual method of accounting.

Payment of Benefits: Benefits are recorded when paid.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Estimates: The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants: Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan’s investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consist of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used only when Level 1 inputs were not available. There have been no changes in the methodologies used at December 31, 2013 and 2012.

NOTE 4 - PARTICIPANT LOANS

Participants in the Plan can borrow up to 50% of the vested balance in their account. Interest is at prime plus 1% with payments made weekly through payroll deductions from the employee’s check. The maximum loan period is one year and no new loans can be made until any existing loan is repaid. Total Participant notes outstanding at December 31, 2013 and 2012 were $219,943 and $446,604, respectively.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100 percent vested in their accounts.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Plans administrator by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2010.

NOTE 7 – INVESTMENTS

The Plan's investments are held by Merrill Lynch, a brokerage firm. The following table presents investments at December 31, 2013 and 2012. At December 31, 2013 and 2012, no investments represented 5% or more of the Plan’s net assets.

The following tables set forth, by level within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2013 and 2012:

	Fair Value	Fair Value of Measurements Using: (Level 1)
December 31, 2013		
Certificates of Deposit	$ 3,085,455	$ 3,085,455

Mutual Funds	889,192	889,192
Money Market Funds	454,036	454,036
Total	$ 5,168,750	$ 5,168,750

NOTE 7 – INVESTMENTS (Continued)

December 31, 2012	Fair Value	Fair Value of Measurements Using: (Level 1)
Certificates of Deposit	$ 2,289,635	$ 2,289,635
Corporate Stocks	65,464	65,464
Corporate Debt Instruments	756,808	756,808
Mutual Funds	870,568	870,568
Money Market Funds	1,010,259	1,010,259
Total	$ 4,992,734	$ 4,992,734

During 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $186,080.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
