PERKO, INC. 401(K) PROFIT-SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE A – PLAN DESCRIPTION

The following description of the Perko, Inc. (The Company) 401(k) Profit-Sharing Plan (The Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

GENERAL - The Plan is a defined contribution plan covering all full-time employees of the Company who have met certain requirements as to length, hours of service and age and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS - After enrollment in the Plan, participants may voluntarily contribute a portion of their gross compensation, not to exceed the maximum allowable under Internal Revenue Code 401(k) ($16,500 in 2009 and $15,500 in 2008). The Company, at the discretion of its Board of Directors, may elect to make matching contribution up to the elective deferral or the employee's compensation. The total of employee and employer contributions to an account cannot exceed the lesser of $49,000 for 2009 and $46,000 for 2008, or 100% of the employee's annual compensation.

PARTICIPANT ACCOUNTS - Each participant account is credited with the participant's voluntary contribution and an allocation of the Company's discretionary contribution and applicable investment earnings. Allocations are based on participant gross compensation. The benefit to which a participant is entitled is equal to the participant's account balance.

Participants who reach age 59-1/2 or suffer financial hardships may withdraw all or any part of their vested account resulting from participant contributions or rollover contributions. Participants who become permanently and totally disabled or who reach normal retirement age of 65 are entitled to receive the entire amount of their accumulated account.

The plan has been amended to reflect certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001. Specifically, the amount of compensation of each participant taken into account for determining all benefits provided under the plan for any determination period cannot exceed $245,000 in 2009 and $230,000 in 2008. Participants who are at least 50 years of age may make catch-up elective deferral contributions of up to $5,500 in 2009 and $5,000 in 2008.

PAYMENT OF BENEFITS - Upon retirement, a participant can elect to receive the distribution in a lump-sum payment, direct rollover to a qualified retirement plan or elect to delay the receipt of benefits. The plan requires certain minimum distributions be made depending upon the retired participant's age. Upon termination of employment, a participant will receive as a lump-sum payment the value of his or her account, or if the value of the account is more than $5,000, the participant may elect to receive retirement benefits at his or her normal retirement date.

FORFEITURES – Forfeitures of profit sharing contributions or matching contributions that are not used to pay Plan expenses are reallocated as either an additional profit sharing contribution or discretionary matching contribution, respectively.

NOTE A – PLAN DESCRIPTION (CONTINUED)

ADMINISTRATIVE COSTS - The Plan's administrative costs are absorbed by the Company.

VESTING - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

PARTICIPANT LOANS - Participants may borrow from their fund accounts. The loans are secured by the balance in the participants' accounts. Principal and interest are paid through payroll deductions.

PLAN TERMINATION - Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. The Collective Trust Funds held by the Plan holds investment contracts which are subject to the FSP. However, adoption of the FSP did not have a significant impact on the financial statements as the contract value approximates estimated fair value.

ESTIMATES - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION - The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan on behalf of its participants.

Included in the statements of changes in net assets available for benefits is the net (depreciation) appreciation in fair value of investments, which consists of realized gains or losses and unrealized appreciation or depreciation on the Plan's investments.

NEW ACCOUNTING PRONOUNCEMENTS – In June 2009, the Financial Accounting Standards Board ("FASB") issued a pronouncement establishing the FASB Accounting Standards Codification ("ASC") as the source of authoritative accounting principles recognized by the FASB to be applied in the preparation of financial statements in conformity with generally accepted accounting principles in the United States ("GAAP"). The standard is effective for financial statements issued for periods ending after September 15, 2009.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

In September 2009, the FASB issued ASC Update 2009-12, "Fair Value Measurements and Disclosures (Topic 820) — Investment in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)". This update provides guidance on estimating the fair value of a company's investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance is effective for periods ending after December 15, 2009. The adoption is not expected to have a material impact on the Plan's financial statements.

In January 2010, the FASB issued ASC Update 2010-06, "Fair Value Measurements and Disclosures (Topic 820) — Improving Disclosures about Fair Value Measurements". This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010 and interim periods within those fiscal years. When adopted, this guidance is not expected to impact our financial statements since this is a disclosure enhancement.

NOTE C – FAIR VALUE MEASUREMENT

GAAP defines fair value, establishes a framework for measuring fair value, expands disclosure about fair value measurements, and establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include: Level 1 which is defined as observable inputs such as quoted prices in active markets; Level 2 which is defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3 which is defined as unobservable inputs in which little or no market data exists therefore requiring an entity to develop its own assumptions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,769,233			$ 2,769,233
Collective Trust Funds		$ 1,572,655		1,572,655
Participant Loans			$ 28,487	28,487
	$ 2,769,233	$ 1,572,655	$ 28,487	$ 4,370,375

NOTE C – FAIR VALUE MEASUREMENT (CONTINUED)

The collective trust funds consist of two funds: Sun Trust Retirement 500 Index Fund Class B (the "Index Fund") and the Sun Trust Retirement Stable Asset Fund (the "Asset Fund"). The Index Fund is a fund in which the investments correspond to the price and yield performance of publicly traded stocks as represented by the Standard and Poor's 500 Composite Price Index. The Asset Fund was established for employee benefit plans and primarily invests in investment contracts such as guaranteed investment contracts ("GIC's") issued by insurance companies and other financial institutions and other investment products with similar characteristics. The Asset Fund's investments in collective investment trust funds are carried at net asset value. Short-term investments with an original maturity of sixty days or less are valued at their amortized cost. The Asset Fund's investment contracts are carried at contract value.

Participant loans, all of which mature by the end of 2014 and are secured by vested account balances of the borrowing participant, were valued at their carrying balance, which approximates fair value.

Methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – SIGNIFICANT INVESTMENTS

A favorable determination has been obtained from the Internal Revenue Service on the amendments and restatements of the Plan and Trust documents. The Plan's sponsor believes that the Plan continues to qualify as tax exempt and to operate as designed.
