To the Participants and Administrator of  
Guardian Building Products 401(k) Plan

We were engaged to audit the financial statements and supplemental schedule of the Guardian Building Products 401(k) Plan (the "Plan") at December 31, 2009 and for the period June 26, 2009 (Inception) through December 31, 2009, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by The Charles Schwab Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and for the period June 26, 2009 (Inception) through December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**Notes to Financial Statements**  
**Period of June 26, 2009 (Inception) Through December 31, 2009**

---

**1. Description of Plan**

The following description of the Guardian Building Products 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan adopted effective June 26, 2009 covering all full-time and part-time employees of Guardian Building Products, Inc. (the "Company") who have three months of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants in this Plan participated in another qualified plan through June 30, 2009. On June 26, 2009, their account balances of \$76,065,017 were transferred to the Plan.

**Contributions**

Each year, participants may contribute up to 25% of compensation, as defined in the Plan. Contributions to the Plan are limited to the maximum amount specified in the Internal Revenue Code (the "Code"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 100% of the first 2% of compensation that a participant contributes to the Plan ("Matching Contributions"). Participants direct the investment of their contributions into various investment options offered by the Plan.

**Participant Accounts**

Each participant's account is credited with the participant's contribution and applicable Company contributions. These contributions are used to purchase units in the Plan's investment options. Participant accounts reflect daily changes in the market value of the investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company Matching Contributions portion of their accounts is based on years of service. A participant becomes 100% vested in the Company Matching Contribution after two years of credited service.

**Participant Loans**

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have only one loan outstanding at a time. The loans are collateralized by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined monthly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

**Benefits**

Upon termination, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest, installment payments or annuity payments. Amounts allocated to accounts of terminated participants who maintain a plan balance that has not been paid at December 31, 2009 totaled \$15,600,583. Benefits payable to participants who requested withdrawals but were unpaid as of December 31, 2009 were \$0.

**Forfeitures**

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts may be used to offset future Company contributions. There were total forfeitures of \$112,229 used to offset Company contributions during 2009. There were \$31,440 of unallocated forfeitures as of December 31, 2009.

**2. Summary of Significant Accounting Policies**

The following is a summary of significant accounting policies followed in the preparation of the accompanying financial statements.

**Fully Benefit-Responsive Investment Contracts**

As described in Financial Accounting Standards Board Codification Topic 946-210, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

**Investment Valuation**

The Plan's investments are stated at fair value. The group annuity contracts are valued at fair value then adjusted to contract value in accordance with the FSP. Shares in common collective trusts are valued at the net asset value of shares held by the Plan at year end based upon current market value of the underlying assets. Shares in mutual funds are valued at the net asset value of shares held by the Plan at year end. The participant loans are valued at their outstanding balances, which approximate fair value. All investments of the Plan are participant directed.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation/depreciation on those investments. Interest and dividend income are recorded as earned on an accrual basis.

**Security Transactions**

Purchases and sales of securities are reflected on a trade-date basis. The basis on which cost is determined in computing realized gains or losses from sales or distributions of investments is average cost.

**Administrative Expenses**

The Company pays administrative expenses of the Plan, including trust management fees, investment advisory fees, legal fees and audit fees. Certain mutual fund expenses are paid by the plan. Loan set up fees and Qualified Domestic Relations Order (QDRO) processing fees are paid directly by the participant.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. These significant estimates include the market value of investments. Actual results could differ from estimates.

**Risks and Uncertainties**

The Plan provides for various investment options in fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

**Subsequent Events**

Subsequent events have been evaluated by the Plan through September 21, 2010, the date the financial statements were available to be issued.

**3. Plan Termination**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total accounts. The Company has not expressed any intent to terminate the Plan or discontinue contributions.

**4. Tax Status**

The Plan obtained a favorable determination letter on March 18, 2003 from the Internal Revenue Service stating that the Plan meets the requirements of Section 401(a) of the Internal Revenue Code (the "Code") and is exempt from the federal income tax under Section 401(a) of the Code. Although the Plan has been amended since the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

**5. Fair Value Measurements**

In September 2006, the Financial Accounting Standards Board issued codification Topic 820, *Fair Value Measurements* was issued. The Plan adopted ASC 820 prospectively on January 1, 2008. ASC 820 establishes a framework for measuring fair value and expands disclosures about fair value measurements in financial statements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Guardian Building Products 401(k) Plan**  
**Notes to Financial Statements**  
**Period of June 26, 2009 (Inception) Through December 31, 2009**

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2009.

*Common Collective Trust:* Valued using the market prices of the underlying securities and the value of the investment contract. The investment contract is valued by discounted cash flows based on the current yields of similar instruments with comparable durations taking into consideration the credit-worthiness of the issuer. Contracts may be subject to penalties if they are terminated before their stated maturity if the purpose for termination is other than to obtain funds for ordinary participant benefit payments. Certain factors may limit the ability of the Plan to transact at contract value with the issuer including premature termination of the contracts by the Plan, layoffs, plan termination, bankruptcy, mergers and early retirement incentives.

*Mutual Funds:* Valued at fair value using quoted prices.

*Participant Loans:* Valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

|                         | Level 1              | Level 2              | Level 3             | Total             |
