MILESTONE TECHNOLOGIES, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2009

Note 1 - Description of plan:

The following description of the Milestone Technologies, Inc. 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established by Milestone Technologies, Inc. (the "Company" or "Plan Sponsor") on January 1, 1998, restated on January 1, 2000, restated on January 1, 2002, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company is the Plan administrator and retains the services of a third party to assist in the administration of the Plan. During 2009 and 2008, the Plan's custodian was John Hancock USA, and the Plan's third party administrator was Primark Benefits.

Eligibility and coverage - Except for excluded employees, all employees of the Company are eligible in the Plan if age 21 or older, and complete either 1 year of service, or if earlier 3 consecutive full calendar months of employment with the Employer or an Affiliated Employer. Participants may begin deferring a portion of their compensation into the Plan on the first day of each calendar quarter following eligibility. Employees covered under a collective bargaining agreement, non-resident aliens, and leased employees are not eligible to participate in the Plan.

Contributions - For each contribution period, participants may contribute up to 15% of pre-tax compensation as defined in the Plan. All participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to annual limits specified under the Internal Revenue Code (the "Code"). The annual limitation was $16,500 for 2009 and $22,000 for participants who are age 50 or older by the end of the year. Participants are also allowed to roll over contributions from other qualified employer-sponsored retirement plans and individual retirement accounts. In any Plan year in which the maximum rate permitted by the Plan was not deferred, participants may contribute up to 100% of pre-tax compensation.

The Company may at its sole discretion make a basic matching contribution. There was no Company match for the years ended December 31, 2009 and 2008. Additionally, the Company may make discretionary non-elective contributions to the Plan. Such discretionary Company contributions are allocated to each participant who is eligible for the Plan, allocated based on the ratio of each participant's compensation as a percentage of total compensation of all participants eligible to share. For the years ended December 31, 2009 and 2008, the Company contributed approximately $30,000 and $40,000, respectively. Contributions are subject to certain limitations.

Participants direct the investment of their account balances into any of the Plan's various investment options. Participants may change their investment options daily.

MILESTONE TECHNOLOGIES, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2009

Note 1 - Description of plan (continued):

Participants' accounts - Each participant's account is credited with the participant's contribution and allocations of (1) the Company's contribution, and (2) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. All Plan investments are units of funds managed by the custodian, therefore, these investments and all investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's elective and non-elective contribution portion of their accounts is based on years of continuous service, subject to a four year graded schedule.

Participant loans - Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant notes fund. The loans are secured by the balance in the participant's account and bear interest at a reasonable interest rate, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits - On termination of service due to normal retirement age, disability, death, or termination of employment, the entire balance in the participant's deferral account as well as the participant's vested balance in the Company's match may be distributed to the participant in a lump sum payment, installment payments, joint and survivor annuity, rolled over into another qualified plan, or left in the Plan (subject to minimum balance requirements).

As an active participant in the Plan, an employee may, upon attaining age 59 ½, request the distribution of his or her balance. In addition, a participant may apply for a hardship withdrawal, if he or she is experiencing an immediate and heavy financial need as defined by the specific criteria in the Plan document.

Forfeited accounts - The Plan Sponsor may elect that all or any portion of the forfeiture account be allocated to all eligible participants who receive non-elective employer contributions. Subsequent to December 31, 2009 and 2008, the forfeiture balances of approximately $11,000 and $300, respectively, were distributed to all eligible participants.

Notes to Financial Statements

December 31, 2009

Note 2 - Summary of significant accounting policies:

Financial statement preparation - In June 2009, the Financial Accounting Standards Board ("FASB") issued *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles*. This statement modifies the Generally Accepted Accounting Principles ("GAAP") hierarchy by establishing only two levels of GAAP, authoritative and non-authoritative accounting literature. Effective July 2009, the FASB Accounting Standards Codification ("ASC"), also known collectively as the Codification, is considered the single source of authoritative U.S. accounting and reporting standards. This statement applies beginning in 2009. All accounting references herein have been updated, and therefore references to Statements of Financial Accounting Standards have been replaced. The issuance of the Codification did not change GAAP and therefore its adoption by the Plan will only affect how specific references to GAAP literature are disclosed in the notes to the financial statements.

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld from the participant.

Investment valuation and income recognition - The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The money market funds are valued at cost plus accrued interest, which approximates fair value. The participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair value measurements - In September 2009, the FASB issued authoritative guidance on estimating the fair value of a company's investments in investments companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial condition or results of operations and all applicable disclosures are included in these financial statements.

Net appreciation (depreciation) in fair value of Plan assets - The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of Plan assets.

Note 2 - Summary of significant accounting policies (continued):

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results may differ from those estimates.

Administrative costs - Investment management and distribution fees are borne by participants. All other administrative costs of the Plan are paid by the Company.

Subsequent event - Subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits are recognized in the financial statements. For non-recognized subsequent events, the Plan discloses the nature of the event as well as an estimate of its financial effect, or a statement that such an estimate cannot be made. The Plan has evaluated subsequent events through the date that the financial statements are available to be issued which is the date of the auditors' report.

Reclassifications - Certain reclassifications have been made to the prior year financial statements to conform to the current year's presentation. Such reclassifications had no effect on the previously reported statement of changes in net assets available for benefits or net assets available for benefits.

Note 3 - Fair value measurements:

The Plan performs fair value measurements in accordance with ASC 820 Fair Value Measurements. ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1 - Quoted prices in active markets for identical assets or liabilities;

- Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 3 - Fair value measurements (continued):

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2009 (Level 1, 2, and 3 inputs are defined above):

	Fair Value Measurements Using Input Type			
Description	Level 1	Level 2	Level 3	Total

Note 4 - Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock USA, the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2009 and 2008.
- Investment gain (loss), as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009 and 2008.
- Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year).

The fair values of individual investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2009 and 2008 are as follows:

	2009	2008
JH Lifestyle Fund -Aggressive Portfolio	$	$ 86,322

Note 5 - Party-in-interest transactions:

Certain Plan investments are managed by John Hancock USA. John Hancock USA is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. At December 31, 2009 and 2008, the Plan held for investment a net amount of approximately $1,162,000 and $800,000, respectively, in John Hancock USA's mutual funds and pooled separate accounts.

MILESTONE TECHNOLOGIES, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2009

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Income tax status:

The Plan obtained its latest opinion letter on March 3, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for federal or state income taxes has been included in the Plan's financial statements.

Note 8 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 9 – Reconciliation of Financial Statements to Schedule H of Form 5500:
