INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Mission Internal Medical Group
Amended Profit-Sharing 401(k) Plan
Mission Viejo, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mission Internal Medical Group Amended Profit-Sharing 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related footnotes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information

summarized in Note 7, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013, and 2012 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Basis of Accounting

We draw attention to Note 2 of the financial statements which describe the basis of accounting. The financial statements are prepared on the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Mission Internal Medical Group, Inc. ("Company") Amended Profit-Sharing 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees except non-shareholder physicians. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was originally adopted on April 30, 1992. Effective January 1, 2010, the prior plan was amended in its entirety. Effective September 1, 2011 the Company amended the Plan to add MIMG Medical Management, LLC as a new Adopting Employer to the Plan.

Employees shall be eligible to participate following the later of the date on which they attain age 21 or on the date on which they have completed one year of service, as defined by the Plan. Eligible employees may enroll in the Plan on either the first day of the plan year or the first day of the plan quarter after they have satisfied eligibility requirements.

Partial Plan Termination

On November 1, 2012, the Company sold its medical practice and administrative services in their entirety, but retained the services of all shareholder physicians. The Plan was also amended to allow only shareholder physicians as participants. All non-physician participants were terminated from the Plan on October 31, 2012.

After the sale, a new defined benefit plan was set up for all remaining shareholder physicians of the Company. This Plan and the defined benefit plan are considered part of a controlled group. The discrimination testing was performed as a combined group plan in order to meet 414(c) requirements.

Contributions

Each year, participants may contribute 100% of their pretax annual compensation, as defined in the Plan, up to the annual Internal Revenue Service

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Contributions (Cont'd)

dollar limitation. Participants may make Roth 401(k) elections with respect to some or all of their contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Company may make matching contributions on a discretionary basis. The matching contribution will be the same percentage of deferrals made for each Plan participant. The percentage of salary reduction contributions to be matched will be determined by the Company.

In addition, on a year-by-year basis the Company may also decide, at the end of the Plan year, to make a profit sharing contribution. The amount is at the Company's discretion. The profit sharing contribution will be the same percentage of pay for each Plan participant in the participant's profit sharing group.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, if any, and (b) Plan earnings or losses, and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions in the salary reduction contribution account and company non-elective contributions plus actual earnings thereon.

Due to the partial plan termination described above, all employees terminated on October 31, 2012 became 100% vested in profit sharing and matching contributions.

Participants terminating prior to October 31, 2012 had matching contributions, profit sharing contributions and their earnings vest based on the following schedule:

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Vesting (Cont'd)

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The vesting percentage for a participant who is an employee on or after the date they reach normal retirement age (as defined by the Plan) will be 100% vested in the Company's discretionary contributions.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to $50,000 minus the highest outstanding loan balance in the immediately preceding 12-month period not to exceed 50% of the participant's vested fund balance. All loans, other than loans made for the purpose of acquiring the principal residence of the participant, shall be repaid within five years and shall be amortized on a level basis. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate plus 2%. Principal and interest is paid ratably through bi-weekly payroll deductions. Effective January 1, 2006 participants may only have three loans outstanding at any time. If a participant had more than three loans as of January 1, 2006, the participant will be allowed to repay the loans under the original agreements.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution, installment payments or a combination of the above as specified by the beneficiary. For termination of service due to other reasons, a participant may receive the vested interest as a lump-sum distribution. If, however, a participant's vested interest is less than $5,000, it will automatically be distributed in a lump sum.

Under certain circumstances of financial hardship, participants are allowed to withdraw their elective contributions (not including earnings) from the Plan. Any amount withdrawn may be subject to income taxes and additional tax based on early withdrawal. Participants may not contribute to the Plan for six months following a hardship withdrawal.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Payment of Benefits (Cont'd)

Effective October 1, 2009, the Plan was amended to allow participants who have not separated from service and who have attained age 59 ½ the option of in service withdraws from the vested balance in their participant salary reduction, matching contribution, profit sharing contribution and rollover contribution accounts.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures can be used by the Company to reduce future employer contributions and to pay Plan expenses. For the year ending December 31, 2013, forfeitures of $18,683 were used to pay Plan expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis method of accounting for both financial and tax reporting purposes. Under this method, income is generally recognized when received and expenses are generally recognized when paid. However, receivables for employer profit sharing contributions, 401(k) plan matching, 401(k) deferrals and interest on notes receivable from participant loans have been included. Investments have been recorded at their fair market values. This is consistent with the basis on which the Plan's tax returns are prepared. Accordingly, these statements are not intended to purport financial position or the results of operations in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Investment Valuation and Income Recognition

As described in Accounting Standards Codification ("ASC") 962, *Plan Accounting - Defined Contribution Pension Plans,* investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan. As required by ASC 962, the Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefit is prepared on a contract value basis. See Note 6 for a discussion of investment contract.

Purchases and sales of publicly traded investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent notes receivable are reclassified as distributions based on the terms of the plan document.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Fees and Expenses

The Company is responsible for most administrative costs and management fees of the Plan. The Plan is responsible for costs related specifically to the investments. Administrative fees incurred by the Plan were $77,248 for the year ended December 31, 2013.

NOTE 3 – SIGNIFICANT CONCENTRATIONS OF CREDIT RISK

Investments that potentially subject the Plan to concentrations of credit risk

NOTE 3 – SIGNIFICANT CONCENTRATIONS OF CREDIT RISK (CONT'D)

consist principally of assets in participant directed accounts. The Plan maintains cash balances and participant directed investments at various brokerage firms, which from time to time may exceed Securities Investor Protection Corporation and / or Federal Deposit Insurance Corporation insured limits. During the years ended December 31, 2013 and 2012, the Plan had deposits and investments in excess of insured limits at brokerage firms.

NOTE 4 – INVESTMENTS

The Plan's investments which constituted 5% or more of the total Plan assets as of December 31, 2013 were $1,850,031 in Morley Stable Value, $1,708,803 in Dodge & Cox Income and $2,619,234 in Schwab S&P 500 Index, the last two are registered investment companies. The Plan's investments which constituted 5% or more of the total Plan assets as of December 31, 2012 were $3,501,779 in Morley Stable Value, $2,066,049 in Dodge & Cox Income, and $1,796,189 in Schwab S&P 500 Index.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $4,108,792 as follows:

Common/collective trusts	$	329,765
Corporate stocks		(52,854)
Investment contract		17,354
Mutual funds		1,636,758
PCRA:		
Money market funds		856
Bonds		10,471
Government obligations		18,113
Registered Investment Companies		1,370,910
Corporate stock		487,700
Unit investment trust		231,563
Limited partnerships		1,368
Annuities		56,788
	$	4,108,792

NOTE 5 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The following describes the three levels of the fair value hierarchy under FASB ASC 820.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONT'D)

Registered Investment Companies: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/collective trusts: Value based on the net asset value ("NAV") of shares held of the underlying assets by the plan at year end.

Corporate stocks, corporate debt instruments and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Investment contract: Valued at the amount payable on demand at year end (See Note 6).

Personal Choice Retirement Account ("PCRA"): Values based on quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Limited partnerships: Valued based on the closing market price reported on the active market on which the underlying investments are traded and current appraisals.

Annuities: Valued at the net asset value (NAV) of the investments held by the annuities at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONT'D)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

NOTE 5 – FAIR VALUE MEASUREMENTS (CONT'D)

The following tables set forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2013 and 2012:

	Investment Contract
Beginning balance January 1, 2013	$3,567,747
Issuances, repayments and settlements, net	(1,711,687)
Ending balance at December 31, 2013	$1,856,060

	Investment Contract
Beginning balance January 1, 2012	$3,064,935
Issuances, repayments and settlements, net	502,812
Ending balance at December 31, 2012	$3,567,747

The following table represents the Plan's level 3 investment, the valuation techniques used to measure the fair value of the investment, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value	Valuation Technique	Unobservable Inputs	Significant Input Values
Guaranteed investment contract	$1,856,060	Wrap re-quote	Re-bid rates for contract level wrap fees	0.23% - 0.52%
			Weighted ave.	0.33%

NOTE 6 – INVESTMENT CONTRACT

The Plan's investment in the Morley Stable Value Fund is a fully benefit-responsive investments stated at fair value. Contributions to the fund are maintained in a general account. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable asset fund.

The average yield and interest crediting rates in 2013 were 1.27% and 1.17%, respectively. The average yield and interest crediting rates in 2012 were 1.62% and 1.42%, respectively. Fully benefit investment contracts in which the Plan

NOTE 6 – INVESTMENT CONTRACT (CONT'D)

invests provide for a minimum interest crediting rate of zero percent. In the event that the interest crediting rate should fall below zero, the shortfall required to maintain the interest crediting rate at zero will be paid by the issuers of the contract. This ensures that participants' principal and accrued interest is protected. Key factors that influence future interest crediting rates for a fully benefit-responsive investment contract include (1) the level of market interest rates, (2) the amount and timing of participant contributions, transfers and withdrawals, (3) the returns generated by the investments, typically bonds, that back the contract and (4) the duration of the underlying investments backing the contract. Interest crediting rates are typically reset on a monthly basis.

Certain events limit the ability of the plan to transact at contract value with Standard. Such events include the following (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the plan's ability to transact at contract value with the plan participants is probably of occurring.

NOTE 7 – INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Predecessor Custodian and the Custodian have certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

Investments at fair value	
Registered investment companies	$ 10,253,664
Common/collective trusts and investment contract	4,291,008
Limited Partnerships	10,183
Personal choice retirement accounts	17,499,780

NOTE 7 – INFORMATION CERTIFIED BY THE CUSTODIAN (CONT'D)

Investment income:	
Dividends	341,888
Investment income and net appreciation in fair value of investments	4,104,858

NOTE 8 – PLAN TERMINATION

The sponsoring Company has the right under the Plan to terminate the entire Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Refer to Note 1 for Company's partial Plan termination in 2012.

NOTE 9 – TAX STATUS

The Plan obtained its latest determination letter on August 30, 2010, in which the Internal Revenue Service stated that the Plan, as then designed was in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants and certain Plan investments are managed by Charles Schwab. Charles Schwab is the custodian and trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions for which there is a statutory exemption.

NOTE 12 - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per these financial statements to the Form 5500 as of December 31, 2012:

Net assets available for benefits per financial statements	$ 33,382,411
Add: 2011 Forfeitures of employer contributions	9,571
Net assets available for benefits per Form 5500	$ 33,391,982

NOTE 13 – PRIOR PERIOD ADJUSTMENT

In 2011, there was $9,571 of forfeitures of employer contributions that reduced employer contributions on the December 31, 2012 financial statements. In error, this reduction was not reflected on the 2012 Form 5500, resulting in a difference between the December 31, 2012 financial statements and Form 5500. This difference was subsequently reversed and corrected on the December 31, 2013 financial statements.

NOTE 14 – SUBSEQUENT EVENTS

Events subsequent to December 31, 2013 have been evaluated through October 1, 2014, the date financial statements were available to be issued, to determine whether they should be disclosed to keep the financial statements from being misleading.
