We were engaged to audit the accompanying financial statements of Midwest Groundcovers 401(k) Plan as of December 31, 2009 and 2008, and for the years then ended and the supplemental schedule on page twelve as of and for the year ended December 31, 2009, as listed in the table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 5 and note 7, which was certified by Principal Financial Group, the trustee of the Plan, except for comparing the information with related information included in the financial statements and supplementary schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee, as of and for the years ended December 31, 2009 and 2008, that the information provided to the fund administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MIDWEST GROUNDCOVERS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Midwest Groundcovers 401(k) Plan (Plan) is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, which is responsible for their integrity and objectivity.

GENERAL

The Plan provides a deferral of compensation for its participants. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual method of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to guaranteed interest accounts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the guaranteed interest accounts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

PAYMENT OF BENEFITS

Upon termination of service, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

2. DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering employees having 6 months of service, 500 or more hours of service in a service period, (a service period is 6 months long), and are age twenty-one or older.

Contributions - Each year, participants may contribute from 1% to 20% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company can not contribute to the Plan. Contributions are subject to IRS limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions in any percentage increment into the investment options as allowed under the Plan.

Administrative Expenses - Substantially all administrative expenses are paid by the employer. These expenses include insurance, auditing, actuarial and legal expenses. The expenses that are paid from Plan assets will be shared by all participants on either a pro-rata or on an equal dollar basis.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is involved in a contract with Principal Financial Group (Principal). Principal maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals, as well as the participants' pro-rata portion of administrative expenses. The account is included in the financial statements at fair value, as reported to the Plan by Principal. Fair value represents contributions made to the contract plus earnings, less Plan withdrawals.

4. RELATED PARTIES

The plan sponsor is Midwest Groundcovers, LLC, which is a related party.

The Plans investments are managed by Principal Financial Group. Principal Financial Group is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

5. INVESTMENTS

FASB Statement No. 157, *Fair Value Measurements*, establishes a framework for measuring the fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to unadjusted quoted process in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

5. INVESTMENTS (continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued using a pricing service, Interactive Data Corporation, (IDC). The underlying securities trade at quoted market prices, however the net asset value (NAV) of a separate account is not publicly quoted.

Guaranteed interest accounts: The guaranteed interest accounts with an insurance company are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed interest accounts is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. INVESTMENTS (continued)

During 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $330,264 and $ (668,300), respectively as follows:

	2009	2008
Pooled separate accounts	$ 327,328	$ (672,487)
Guaranteed interest accounts	2,936	4,187
	$ 330,264	$ (668,300)

The Plan's investments are held by the Principal Financial Group. These investments consist of securities and guaranteed interest accounts at December 31, 2009 and 2008. Individual investments with market values greater than 5% of the Plan's net assets at year end are as follows:

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

7. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan's Trustee certified the investment activity including investment balances, investment earnings, and investment transactions for the years ending December 31, 2009 and 2008.

Investments at fair value:

	2009	2008
Guaranteed Interest	$ 81,735	$ 126,749
Pooled Separate Accounts	1,760,591	1,253,176
Total	$ 1,842,326	$ 1,379,925

8. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated December 15, 1992, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

During 2009 the plan adopted the implementation of FIN 48, "Accounting for Uncertainty in Income Taxes". Under FIN 48, Management must evaluate the tax positions it has taken on tax returns. Management has determined that there are no tax positions that would result in a more likely than not (50% chance) of not being sustained under a potential audit or examination.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS

The financial statements were available to be issued on May 17, 2010, with subsequent events being evaluated through this date.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2009	2008
