BRAGA RANCH, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value except for its guaranteed interest accounts which are valued at contract value with an insurance company (Note E). Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at the year-end.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE B - DESCRIPTION OF PLAN:

The following description of Braga Ranch, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all full-time employees of the Company who have six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may make contributions that cannot exceed the lesser of the annual specified maximum allowed by income tax regulations or 100% of pre-tax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investments offered by the Plan. For each plan year, the Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. Effective for the plan year ended December 31, 2013, the Plan has been amended to allow for safe harbor contributions of 100% of elective deferrals that do not exceed 3% of compensation, plus 50% of elective deferrals that exceed 3% of compensation up to 5% of compensation.

NOTE B - DESCRIPTION OF PLAN: (CONT'D)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if applicable) and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are vested immediately in their contributions in the plan plus actual earnings thereon. In the event of Employer contributions, participants are fully vested after 6 years.

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of $1,000 and a maximum of $50,000. A participant may only have two outstanding loans at a time. A participant must secure each loan with an irrevocable pledge and assignment of 50% of the non-forfeitable amount of the borrowing participant's accrued benefit under the Plan, other security the Trustee accepts and finds to be adequate, or both 50% of the participant's accrued benefits and other security.

The interest rate on the loan will be determined from time to time by the Trustee and will be fixed throughout the life of the loan. The loan principal and any accrued interest must generally be paid within five years from date of disbursement.

PAYMENT OF BENEFITS

On termination of service for any reason, a participant may elect to receive a single sum distribution or annuity payments of all vested amounts.

ADMINISTRATIVE EXPENSES

The Company pays the administrative costs of the Plan associated with any professional services provided to the Plan, and the cost of communications to the participants. Administrative expenses recorded in the Plan represent custodian fees and other recordkeeping fees paid directly from the Plan assets.

NOTE C - FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

BRAGA RANCH, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE C - FAIR VALUE MEASUREMENTS (CONT'D)

	Fair Value Measurements at Reporting Date Using:			
December 31, 2013	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Mutual Funds	$ 581,148	$ 581,148	$ -0-	$ -0-
Guaranteed Investment Accounts	188,711	-0-	188,711	-0-
Notes Receivable Participants	-0-	-0-	-0-	-0-
Total	**$ 769,859**	**$ 581,148**	**$ 188,711**	**$ -0-**
December 31, 2012				
Mutual Funds	$ 237,940	$ 237,940	$ -0-	$ -0-
Guaranteed Investment Accounts	70,681	-0-	70,681	-0-
Notes Receivable Participants	-0-	-0-	-0-	-0-
Total	**$ 308,621**	**$ 237,940**	**$ 70,681**	**$ -0-**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements
The fair value at quoted prices in active markets for identical assets or liabilities that the reporting entity can access at the measurement date.

Level 2 Fair Value Measurements
The fair value at any value other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets in active market, quoted prices for identical assets in inactive markets, and assets that have specified contractual terms.

Level 3 Fair Value Measurements
The fair value at values with unobservable inputs for the asset or liability in situations when there is little, if any, market activity.

NOTE D - INVESTMENTS:

The following presents investments that represent 5% or more of the Plan's assets:

	December 31, 2013	
Key Guaranteed Portfolio Fund	$	188,711
Great West Lifetime 2025 Portfolio		94,218
Great West Moderate Profile II Fund		73,117
Great West Conservative Profile II Fund		80,461
Great West Mod Aggressive Profile		81,459
Great West S & P 500 Index Fund		56,093
MFS Emerging Markets Equity A		43,099

During the year the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $58,634 during 2013. Investments consisted of mutual funds made up primarily of debt and equity securities and guaranteed interest accounts.

NOTE E – GUARANTEED INTEREST ACCOUNT WITH INSURANCE COMPANY:

Participants may elect to invest in benefit-responsive guaranteed investment accounts with Great West Life & Annuity Insurance Company. Great West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The account is included in the financial statements at book value as reported to the plan by Great West Life & Annuity Insurance Company. Book value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at book value.

There are no reserves against book value for credit risk of the contract issuer or otherwise. The average yields were approximately 1.47% in 2013. The contract value of the guaranteed interest accounts were $188,711 as of December 31, 2013.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were units of pooled separate accounts and guaranteed interest accounts managed by Great West Life & Annuity Insurance Company. Great West Life & Annuity Insurance Company was the custodian of the Plan, and therefore, these transactions qualified as party-in-interest transactions.

In addition, in as much as auditing and plan administration services are paid directly by the plan these services are also deemed to be party-in-interest transactions. Total fees, including audit fees and third party administration fees and insurance company contract administration fees, paid by the Plan were $563 in 2013.

Also, certain administrative functions have been performed by the Plan sponsor. There has not been a value calculated for these costs, and therefore the Plan has not been charged for these costs. These costs are further described in NOTE B above.

NOTE G – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would receive benefits under the Plan based on their vested account balance accumulated to the date of the termination of the Plan. Termination of the Plan could occur before attaining normal retirement age.

NOTE H – RISK AND UNCERTAINTIES:

Investments consist primarily of mutual funds comprised mostly of debt and equity securities (bonds and common stocks). Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – TAX STATUS:

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE J – INFORMATION CERTIFIED BY PLAN CUSTODIAN:

The Plan Custodian has provided certification that the following information, which is contained in or used to develop the financial statements, is complete and accurate:

1. Details and summaries of assets held at December 31, 2013 and 2012.
2. Summaries of asset transactions for the year then ended December 31, 2013 and 2012.
3. Details and summaries of the cash statement for the year ended December 31, 2013 and 2012.

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodians.

	2013
Investments, at fair value:	
Mutual Funds	$ 581,148
Guaranteed Interest Accounts	188,711
	$ 769,859

NOTE K – REGULATORY REQUIREMENTS:

All participant investments are 100% participant-directed. All investments represent interests issued by a company registered under the Investment Company Act of 1940. Most all of the investments consist of mutual funds.

NOTE L – INCOME TAX RETURNS:

The company's income tax returns are subject to examination by the appropriate tax jurisdictions. As of September 8, 2014, the company's federal and state tax returns generally remain open for the last three years.

NOTE M – SUBSEQUENT EVENTS:

As indicated in FASB 165, an evaluation of subsequent events was made after December 31, 2013, to the date that the financial statements were substantially complete and available to be issued, which is deemed to be September 8, 2014. There were no subsequent events that require disclosure during that time period. See note B.
