NOTES TO FINANCIAL STATEMENTS AND SCHEDULES
December 31, 2009 and 2008

Note 1 - **PLAN DESCRIPTION**

The following description of the Care & Comfort 401(k) Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan established by Care & Comfort (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is operated for the benefit of employees of Care & Comfort, a for profit subchapter S corporation.

Contributions

Eligible employees can contribute up to 100% of compensation as defined by the Plan, limited by requirements of the Internal Revenue Code. The Company provided a matching contribution equal to 100% of the first 4% of each participant's contribution.

Funding Policy

Employee contributions are remitted to the plan by Care & Comfort at each payroll date, via electronic funds transfer and are invested within one to two days following the date of transfer. Matching employer contributions and employee loan payments are remitted simultaneously with employee contributions.

Vesting and Forfeitures

Participants are fully vested in their contributions and the earnings thereon, and also on all employer matching contributions, and the earnings thereon. Because employees are fully vested at all times, withdrawing employees forfeit no portion of their account balances regardless of the reason for withdrawal.

Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's account. The form of payment, in the absence of an election to receive a lump-sum distribution or other nonannuity payment, is an annuity to be paid in monthly installments.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's income, the Company's contribution, and the participant's contribution. Allocations are based on participant account balances, as defined.

Investment Options

Participants direct contributions, including employer matching contributions. Participants had multiple investment options available as of December 31, 2009 and 2008. The total invested by a participant may be allocated among investment options in 5% increments. Participants may change their investment elections at any time. A description of each investment option is provided below:

Note 4 - **TAX STATUS**

The Plan has not sought a determination letter from the Internal Revenue Service but relies upon favorable determination granted by the IRS to a prototype plan.

Note 5 - **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6 - **CERTIFIED INFORMATION**

The following information was certified by the custodian as complete and accurate:

- Investments
- Interest and dividend income
- Net realized and unrealized appreciation in market value of investments

Note 7 - **FORM 5500 SCHEDULE H**

The information presented in the accompanying financial statements and schedules has been agreed to and includes all of the information presented in Schedule H Form 5500 for the year ended December 31, 2009.

Note 8 - **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Statement of Financial Accounting Standards No. 157, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of assets in mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds and U.S. government securities are based on quoted market prices. Common Collective Trusts use similar policies and procedures as mutual funds in valuing their portfolio securities and as such they have been valued using Level 1 inputs.

Level 3 Fair Value Measurements

Participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.
