Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Transamerica Financial Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the 2013 financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2013 financial statements. Accordingly, we do not express an opinion on the 2013 financial statements.

Other Matter - Supplemental Schedules

The supplemental schedule H, line 4a - delinquent participant contributions and schedule H, line 4i - assets (held at end of year) as of December 31, 2013, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the 2012 information certified by the custodian of the Plan. Their report, dated September 25, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1. DESCRIPTION OF PLAN

The following description of the Tweezerman International 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan sponsored by Tweezerman International and its affiliates (collectively the "Company" or "Sponsor") that is open to employees who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility
All employees, as defined in the Plan, who are at least 21 years of age and have completed three months of service are eligible to participate in the Plan.

Contributions
Participants may elect to contribute up to amounts established under Internal Revenue Service ("IRS") regulations from pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans and catch-up contributions for participants who have attained age 50 before the end of the Plan year. The Sponsor may make matching contributions equal to a discretionary percentage, as determined by the Sponsor, of participant contributions, not to exceed $1,000. Contributions in any calendar year may not exceed the limits under Internal Revenue Code ("IRC") Sections 401(k), 404 and 415.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and Plan earnings. Upon enrollment in the Plan, a participant may direct their contributions in any of a multitude of investment options, including various equity and debt pooled separate accounts and a general account that provides for guaranteed interest ("Stable Value Account"). Allocations are based on participant earnings or account balances, as defined.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

All participants entering the Plan will have a nonforfeitable right to a percentage of the Company's matching contributions based upon the following schedule:

Years of Vesting Service	Nonforfeitable Percentage
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Participants will become 100% vested in the Company's matching contributions upon reaching age 65, death or disability.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service, a participant may elect to receive the value of their vested account balance in a lump sum or periodic installments as described in the Plan document. In addition, the Plan provides for participant withdrawals in the event of hardships, as defined in the Plan document.

Notes Receivable from Participants

Participants may borrow from the value of their account, subject to the Sponsor's authorization and other provisions of the Plan. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately, and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit to which a participant would otherwise be entitled from the Plan.

Forfeited Accounts

Forfeitures of non-vested account balances may be used to reduce employer contributions. At December 31, 2013 and 2012, forfeited non-vested accounts totaled $23,998 and $10,456, respectively. These amounts can be used to reduce future employer matching contributions or employer discretionary contributions. There were no forfeiture amounts utilized by the Company in 2013.

Administrative Expenses

Substantially all administrative expenses are paid by the Company.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and, when applicable, disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)
Guaranteed investment contracts held by a defined-contribution plan must be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Transfers from the Stable Value Account elected by the Plan are subject to a market value adjustment. However, transfers from the Stable Value Account at a Stable Value Account segment maturity date will not be subject to a market value adjustment. The statement of net assets available for benefits presents the contract value of the investment in the general account, which approximates the fair value relating to the investment contract. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in the net appreciation or depreciation in the fair value of such investments.

Fair Value Measurements
Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under the standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

> *Level 1* inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts in the 2012 financial statements have been reclassified to conform to the 2013 presentation.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated subsequent events through October 6, 2014, the date that these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the tables below. The valuation techniques are as follows:

(a) *Market approach.* Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;

(b) *Cost approach.* Amount that would be required to replace the service capacity of an asset (replacement cost); and

(c) *Income approach.* Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option pricing and excess earnings models).

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's assets measured at fair value, on a recurring basis, categorized by GAAP's valuation hierarchy as of December 31, 2013 and 2012:

During the years ended December 31, 2013 and 2012, there were no transfers between levels of the fair value hierarchy.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate account: Valued at the market value of the underlying holdings or other related investments, representing the unit value of the investment held by the Plan at year-end.

General account contract: valued at contract value, which equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less withdrawals and transfers, if any. The contract value approximates the fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth additional information with respect to the Plan's investments with a reported NAV per share:

Investment	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts:				
International	-	Daily	None	None
Balanced	-	Daily	None	None
Bond	-	Daily	None	None
Large cap	-	Daily	None	None
Mid cap	-	Daily	None	None
Small cap	-	Daily	None	None
Asset allocation	-	Daily	None	None
Sector	-	Daily	None	None
Target date	-	Daily	None	None

NOTE 4. PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Additionally, certain administrative expenses are paid directly by the Company.

Certain Plan investments are managed by Transamerica Financial Life Insurance Company ("TFLIC"), the custodian of the Plan; accordingly, these transactions qualify as party-in-interest transactions.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer matching contributions.

NOTE 7. TAX STATUS

The Plan uses a prototype plan document sponsored by TFLIC. TFLIC received an opinion letter from the IRS, dated May 30, 2008, which states that the prototype document satisfied the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. With few exceptions, the Plan administrator believes the Plan is no longer subject to income tax examinations by taxing authorities for years prior to 2010.

NOTE 8. INFORMATION CERTIFIED BY TFLIC

The following tables summarize investment and other asset information regarding the Plan as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by TFLIC and furnished to the Plan administrator. The Plan administrator has obtained certifications from TFLIC that such information is complete and accurate.

	2013	2012

Loomis Sayles Investment Grade Bond	*	244,559
M&N Pro-Mix Moderate Term	1,436,445	1,215,068

Total pooled separate accounts	$ 3,730,609	$ 2,824,219
Stable Value Account	$ 1,559,695	$ 1,533,628
Net appreciation in fair value of investments:		
Pooled separate accounts	$ 570,918	
Stable Value Account	12,400	
	$ 583,318	
Interest on notes receivable from participants	$ 7,470	

* Investment did not represent 5% or more of the Plan's net assets available for benefits.

NOTE 9. STABLE VALUE ACCOUNT

Participants may invest in a general account. As the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Stable Value Account. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fair value of the guaranteed investment contract is $1,559,695 and $1,533,628 as of December 31, 2013 and 2012, respectively.

The interest credited to the participants is reset semi-annually and in some cases may be reset more frequently. Inputs used to determine the crediting interest rate include each contract's portfolio market value, current yield to maturity, duration, and market value relative to contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 9. STABLE VALUE ACCOUNT (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields were approximately 0.80% and 1.07% during 2013 and 2012, respectively.

NOTE 10. PROHIBITED TRANSACTIONS

The Company inadvertently failed to deposit participant deferrals amounting to $37,169 for the year 2013 within the required time frame as stated by the Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. During 2014, the Company plans to self correct these errors by remitting $43 in lost earnings to the Plan for the 2013 Plan year.
