INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Murchison and Cumming 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Murchison and Cumming 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to certain information summarized in Note C, which was certified by Capital Bank and Trust Company and Lincoln National Life Insurance Company, custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that these custodians hold certain Plan investment assets and executed certain investment transactions. The plan administrator has obtained certifications from these custodians as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by these custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Murchison and Cumming 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective January 1, 1990, Murchison and Cumming adopted the Murchison and Cumming 401(k) Profit Sharing Plan. The Plan is a contributory profit sharing plan which was established for the benefit of all employees of Murchison and Cumming (the "Employer") and meets all requirements for profit sharing plan qualification under Section 401(a) and 401(k) of the Internal Revenue Code (IRC).

2. Eligibility

An employee is eligible for participation in the Plan on the first day of the month following the completion of one month of service and the attainment of age 20½. Seasonal and temporary employees are not eligible to participate in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred or after-tax basis, up to the maximum deferral amount set by Section 402(g)(1) of the IRC of $17,500 for the year ended December 31, 2013. Additional "catch-up" contributions may be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year. The maximum "catch-up" contribution was $5,500 in 2013.

The Employer makes matching contributions equal to 25% of a participants deferrals up to 4% of compensation. Catch-up contributions are not subject to Employer matching.

In addition, the Employer may make discretionary profit sharing and qualified non-elective contributions to the Plan, in accordance with the terms of the Plan document. No discretionary Employer profit sharing or qualified non-elective contributions were made for the year ended December 31, 2013.

4. Investment Options

Upon enrollment in the Plan, a participant may direct participant and Employer contributions, as desired, in any of a variety of investment programs offered by American Funds, Lincoln Financial Group, and Hartford Life Insurance, as approved by the Employer. Participants may also elect to invest in self-directed brokerage accounts, as approved by the Employer. Participants may change their investment options daily. Self-directed brokerage accounts were held by Fidelity Investments and UBS Financial Services as of December 31, 2013.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and allocations of Plan net earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

6. Forfeitures

Forfeitures of terminated participants' nonvested accounts may be used to pay administrative expenses of the Plan. Any remaining forfeitures are applied against future Employer contributions at the Employer's discretion. During the year ended December 31, 2013, $29,085 of forfeitures were applied against Employer matching contributions. Available forfeitures at December 31, 2013 and 2012 were $11,441 and $38,770, respectively.

7. Benefit Payments

On termination of service due to death, disability, retirement or due to other reasons, a participant with an account valued at less than $5,000 must receive the benefit payment in a lump-sum distribution. For accounts exceeding $5,000 the participant may elect a lump sum distribution or may elect to defer such a distribution to any valuation date subsequent to their termination but no later than the year following the year of retirement; or an eligible participant may elect to roll over the distribution to another qualified plan. In-service and hardship distributions are permitted if certain criteria are met.

8. Vesting

Participant contributions, Employer matching contributions, and Employer qualified non-elective contributions and actual earnings thereon are fully vested at all times. However, vesting of the Employer profit sharing contribution portions of participant accounts, plus actual earnings thereon, is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Notes Receivable from Participants

The Plan permits participants to borrow from their account up to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding balance of loans from the Plan during the one-year period ending on the day prior to the date the new loan is issued. The loans are secured by the balance in the participant's account. Loans must be repaid within five years at a reasonable rate of interest which corresponds to the prevailing interest rate charged on similar commercial loans. Loans for the purchase of a principal residence may be paid back over a longer period.

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. The assets of the Plan would be distributed to the participants based on each individual participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value; however, contract value approximates fair value as of December 31, 2013 for the fully benefit-responsive investment contract held by the Plan and, therefore, the adjustment from fair value to contract value is not presented. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under the Employee Retirement Income Security Act of 1974 (ERISA).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Payment of Benefits

Benefits are recorded when paid.

4. Administrative Expenses

Certain expenses charged by the custodians in performance of their duties are paid from the assets of the Plan. Investment related expenses are included in the net appreciation in fair value of investments. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Employer.

5. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

6. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Subsequent Events

Plan management has evaluated subsequent events through October 14, 2014, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS AND CERTIFICATIONS BY CUSTODIANS

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to certain custodians. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Lincoln National Life Insurance Company (Lincoln) and Capital Bank & Trust Company (CB&T), custodians, as complete and accurate except for comparing such information certified by these custodians to information included in the Plan's financial statements and supplemental schedule.

Total investments held and certified by Lincoln and CB&T in the accompanying Statements of Net Assets Available for Benefits were $16,570,074 and $12,897,872 as of December 31, 2013 and 2012, respectively. Net investment income certified by these custodians in the accompanying Statement of Changes in Net Assets Available for Benefits were $3,200,678 for the year ended December 31, 2013.

Investments that represent 5% or more of the Plan's net assets as of December 31, 2013 and 2012 are as follows:

	2013	2012
Investments at fair value:		
Lincoln Financial Group Individual Annuity Contracts	$ 11,529,095	$ 9,667,715
Hartford Life Insurance Individual Annuity Contracts	$ 4,301,123	$ 3,868,592

During the year ended December 31, 2013, the Plan's investments (including investments bought and sold, and as well as held during the year) appreciated in value as follows:

Investments reported at unit value:	
Individual annuity contracts	$ 3,096,402
Investments reported at quoted market price:	
Mutual funds	755,353
Self-directed brokerage accounts	53,550
	$ 3,905,305

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Individual Annuity Contracts: Valued at the total accumulation unit value of all subaccounts held by the contract. The accumulated unit value is established at the inception of the subaccount and is adjusted each valuation period based on fund performance, fund expenses and contract charges. Mortality, expense risk, administrative and rider charges are applied to the contracts. Surrender charges may range from 0% to 8.5% of withdrawals, depending on the length of time the payments were invested in the contract. Individual annuity contracts seek to provide a monthly payout based on a variable interest rate and offer multiple options for payout, including an income stream for life.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Common stocks: Valued at quoted market prices.

Interest bearing cash: Valued at cost plus interest.

Common collective trust fund: The net asset value is determined daily based on net assets at contract value. Sales and redemptions of participant units are transacted at such net asset values. The common collective trust fund is a stable value fund that primarily holds traditional guaranteed investment contracts (GICs) and synthetic GICs. The stable value fund is a fully benefit-responsive investment contract which is reported at fair value and adjusted to contract value. At December 31, 2013, fair value approximated contract value. Trusts participating in the stable value fund are subject to restrictions on withdrawals from the stable value fund. Withdrawals needed for benefit payments and loan advances of participating employee benefit plans are generally permitted daily. Withdrawals for other purposes require twelve-month advance notice to the stable value fund. The stable value fund's primary investment objective is to seek a reasonable level of income together with stability of principal. The average market yield was 1.69% for the year ended December 31, 2013. The average yield with an adjustment to reflect the actual interest rate credited to participants was 1.60% for the year ended December 31, 2013.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013:

Level 3 Assets for Year Ended December 31, 2013

	Individual Annuity Contracts
Balance, beginning of year	$ 13,536,307
Purchases	2,840
Sales	(805,196)
Realized gains/(losses)	853,413
Unrealized gains/(losses) relating to instruments still held at the reporting date	2,242,854
Balance, end of year	$ 15,830,218

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table represents the Plan's level 3 investments, the valuation techniques used to measure the fair value of those investments, and the significant unobservable inputs and the ranges of values for those inputs:

Investment	Principal Valuation Technique	Significant Unobservable Inputs	Range of Inputs
Individual Annuity Contracts	Discounted cash flow	Liquidity/duration adjustment	1.7% - 13.5%

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

The custodians are parties-in-interest with respect to the Plan. All investments are held with the custodians. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from plan participants and the related interest income are also considered party-in-interest transactions.

NOTE F - TAX STATUS

The Employer adopted a Volume Submitter Plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
