1. DESCRIPTION OF PLAN

The following description of Sonic Manufacturing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all eligible employees of Sonic Manufacturing Technologies, Inc. (the "Company") who are not leased or reclassified employees. The Plan was originally established on January 1, 1999, and was most recently amended and restated on April 2008 in order to conform to regulatory changes. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

Contributions:

Each year, participants may elect to contribute an amount of their compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make discretionary contributions each year as determined by the governing body of the Company. There were no discretionary contributions during 2009 and 2008.

Investment Options:

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and guaranteed interest accounts as investment options for participants. The types of pooled separate accounts include, but not limited to, asset allocation lifestyle funds, aggressive funds, growth funds, income funds and conservative funds.

Participant Accounts:

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings and each account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions, earnings on investments, and charges are recorded in separate accounts maintained by each participant. Participants can change their investment options at any time.

1. DESCRIPTION OF PLAN (continued)

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting of the Company's discretionary contributions is based on years of continuous service. Participants become fully vested in employer contributions after six years of service.

Participant Loans:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of the value of their account balance. The loans are secured by the balance in the participant's account and bear interest ranging from 3.25% to 8.25%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting:

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

All expenses of maintaining the Plan are paid by the Company.

Recent Accounting Pronouncement:

Effective July 1, 2009, the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") became the single official source of authoritative, nongovernmental GAAP in the United States. The historical GAAP hierarchy was eliminated and the ASC became the only level of authoritative GAAP, other than guidance issued by the Securities and Exchange Commission. The Company's accounting policies were not affected by the conversion to the ASC.

3. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following investments represent 5 percent or more of the Plan's net assets.

	2009	2008
JH Lifestyle Balanced	$ 154,061	$ 120,502
JH Lifestyle Growth	140,875	98,438
JH Energy Fund	69,381	52,688
JH Money Market Fund	63,411	116,537
JH Lifestyle Aggressive	55,705	38,368
Other investments less than 5 percent	518,556	348,032
Total investments certified	$ 1,001,989	$ 774,565

During 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $208,401 and $(352,365), respectively. All appreciation and depreciation were mainly attributable to investments in pooled separate accounts.

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, all of the investment information, including investment income (loss), shown in the accompanying financial statements and supplemental schedule, has been certified as complete and accurate by the custodian of the Plan.

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. FAIR VALUE MEASUREMENTS (continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed interest accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's participant loans for the years ended December 31, 2009 and 2008:

	2009	2008
Balance, beginning of year	$ 62,361	$ 61,313

5. GUARANTEED INVESTMENT ACCOUNT

The Plan entered into a non-benefit-responsive investment contract with John Hancock Life Insurance Company ("John Hancock"). John Hancock maintains the contributions in guaranteed interest accounts. Each account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The accounts were included in the financial statements at fair value determined by the issuer. The value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses and valuation adjustments determined primarily by current interest rates. The difference between book or contract value and fair value is not significant. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There were no reserves against the contract value for credit risk of the contract issuer or otherwise. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The general interest accounts yield a specified rate of interest maturing at various dates through December 31, 2012. The composite interest rates earned by the Plan for guaranteed interest accounts range from 0.45% to 4.00% and 2.80% to 4.00% during the years ended December 31, 2009 and 2008, respectively.

6. RELATED PARTY TRANSACTION

Plan investments are managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from prohibitions under ERISA. Fees paid by the Plan for the investment and management trustee services amounted to $10,611 and $11,413 for the years ended December 31, 2009 and 2008, respectively. In addition, there were no transaction fees paid by the participants.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer discretionary contributions.

8 TAX STATUS

The Plan obtained an opinion letter for the prototype plan on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2009 and 2008 to Form 5500:

	2009	2008
Net assets available for benefits per the financial statements	$ 1,043,367	$ 835,766
Loan balance deemed distributed	3,160	3,160
Excess contributions payable	5,277	1,770
Net assets available for benefits per the Form 5500	$ 1,051,804	$ 840,696

The following is a reconciliation of total expenses per the financial statements at December 31, 2009 and 2008 to Form 5500:

	2009	2008
Total expenses per the financial statements	$ 84,773	$ 147,950
Deemed distributions	-	(1,063)
Corrective distributions	(3,507)	(1,770)
Total expenses per the Form 5500	$ 81,266	$ 145,117

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events and transactions that occurred after the date of the Statement of Net Assets Available for Benefits through September 20, 2010, the date the financial statements were issued. The financial statements include all events or transactions, including estimates, required to be recognized in accordance with generally accepted accounting principles. The Plan has determined that there are no unrecognized subsequent events that require additional disclosure.
