CORENSO 401(K) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2009 and 2008

Note 1 - Description of plan

The following brief description of the Corenso 401(k) and Savings Plan (Plan) is provided for general informational purposes only. Participants should refer to the Summary Plan Description for more complete information.

A. General

The Plan is a defined contribution plan covering substantially all employees of Corenso North America Corp. (Company). The Company's workforce consists of members of several collective bargaining units and non-collectively bargained employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

B. Contributions

Participants may contribute up to 25% of pretax compensation subject to the annual Internal Revenue Service limit. The Company contributes an amount equal to 4% of each non-collectively bargained participant's eligible compensation. The Company contributes an amount equal to 4% of eligible compensation to participants of the OPEIU, IAM, UAJ and IBEW collective bargaining units. The Company contributes \$.60 per hour, up to a maximum of 2,200 hours, to participants of the USW collective bargaining unit.

C. Transfers from qualified plans (rollovers)

At the discretion of the Plan Administrator, participants may be permitted to deposit distributions received from other plans into the Plan. Such a deposit is referred to as a "rollover." Participants are always 100% vested in their "rollover" account.

D. Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contribution, Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation, hours or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are 100% vested upon entering the Plan.

F. Participant-directed investments

Plan participants may select from various investment options offered by the Plan. Plan participants may also invest in mutual funds offered in the open market.

CORENSO 401(K) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED December 31, 2009 and 2008

Note 1 - Description of plan, continued

G. Payment of benefits

Upon a participant's retirement, death, total disability or termination, the account balance shall be distributed to the participant or beneficiary using one of several available benefit distribution methods.

H. Participant loans

The Plan allows eligible participants to borrow funds from the Plan. Under the terms of this provision, borrowings are subject to certain limitations, including a maximum aggregate borrowing. The period of repayment for any loan is generally determined by the amount of the loan. Interest rates are fixed at approximate market rates at the loan inception date.

I. Plan termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of significant accounting policies

A. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

B. Investment valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

C. Payment of benefits

Benefit payments to participants are recorded upon distribution.

D. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

CORENSO 401(K) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED December 31, 2009 and 2008

Note 2 - Summary of significant accounting policies, continued

E. Subsequent events

Plan management has evaluated events and transactions for potential recognition or disclosure in the financial statements through July 2, 2010, the date on which the financial statements were available to be issued.

Note 3 - Fair value measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 consists of unadjusted quoted prices in active markets for identical assets, Level 2 consists of inputs observable in the marketplace other than quoted prices in active markets for identical assets, and Level 3 consists of significant inputs unobservable in the marketplace.

In 2009, FASB Staff Position 157-4, *Disclosures Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That are Not Orderly*, was issued and later codified in ASC Topic 820, Fair Value Measurements and Disclosures. This pronouncement expands disclosures and requires that major categories for debt and equity securities in the fair value hierarchy be determined on the basis of the nature and risks of investments. The Plan has adopted this pronouncement prospectively as of December 31, 2009.

The major categories of Plan investments reported at fair value as of December 31, 2009 and 2008 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2009</u>

Total	<u>\$ 3,945,466</u>	<u>\$ -</u>	<u>\$ 39,937</u>	<u>\$ 3,985,403</u>

More specific information on the valuation techniques used for Level 2 and 3 category Plan investments is as follows:

Level 2 Fair Value Measurements

The fair value of the common trust fund is based on the fair value of its underlying assets. These underlying assets are primarily composed of investments that have quoted market prices in active markets or are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Level 3 Fair Value Measurements

The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.

The following table provides further details of the Level 3 fair value measurements for the years ended December 31, 2009 and 2008:

	<u>Participant Loans</u>	
	<u>2009</u>	<u>2008</u>
Beginning balance	\$ 39,937	\$ 38,741
Purchases, sales, issuances, and settlements, net	<u>41,203</u>	<u>1,196</u>
Ending balance	<u>\$ 81,140</u>	<u>\$ 39,937</u>

Note 4 - Tax status

The Plan is a prototype plan adopted from the prototype plan sponsor. The prototype plan sponsor has received a notification letter from the Internal Revenue Service which indicates that the form of the prototype plan is acceptable under the Internal Revenue Code. The Plan has not obtained their own determination letter from the Internal Revenue Service on the current Plan document. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

CORENSO 401(K) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED December 31, 2009 and 2008

Note 6 - Plan financial information certified by trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information, as summarized below, to the information included in the financial statements and supplemental schedules. The information certified by Fidelity Management Trust Company, the trustee, as complete and accurate, is as follows:

1. Investments, as reported in the statements of net assets available for benefits;
2. Investment income (loss) as reported in the statements of changes in net assets available for benefits;
3. Assets held at end of year; and
4. Assets acquired and disposed of within year

Note 7 - Transactions with parties-in-interest

Substantially all administrative expenses relating to the Plan are paid by the Company.

Certain plan investments are shares of mutual funds and a common trust fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Administrative expenses paid by the Plan to the trustee amounted to \$2,134 and \$485 for the years ended December 31, 2009 and 2008, respectively.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent event

The Plan was amended effective June 1, 2010. The Company added a matching contribution equal to 25% of the participants' eligible contributions up to 4%. This match will be allocated to all eligible participants except employees who are members in the Local 94 and 187 (USW) and Local 95 (OPEIU) unions.
