Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Capital Region Orthopaedic Associates, P.C. Profit Sharing Plan & Trust, which comprise the statements of net assets available for benefits as of April 30, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by Reliance Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended April 30, 2014 and 2013, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary Schedule I, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of April 30, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on is supplementary schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: Description Of Plan

The following description of Capital Region Orthopaedic Associates, P.C. Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan was established on May 1, 1984 and is a defined contribution plan, covering substantially all full-time employees of Capital Region Orthopaedic Associates, P.C. (the Company) and its Affiliate, Capital Region Ambulatory Surgery Center, L.L.C. Individuals are eligible to participate following completion of ninety days of service and attainment of twenty-one years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute a percentage of their pretax annual compensation, up to the maximum allowed by law, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

The Company will make a 3% non-elective Safe Harbor contribution on behalf of each participant. In addition, the Company may make a discretionary profit sharing contribution, determined each year. In order for an employee to be eligible for the discretionary contribution, he or she must complete the eligibility requirements as defined in the Plan. A year of service is defined as the completion of 1,000 hours of service. All contributions are subject to Internal Revenue Code limitations.

Participant accounts - Each participant's account is credited or charged as applicable, with the participant's contribution, their portion of the employer's contribution, investment earnings and losses, transfers, or other distributions made to or from such accounts during the period. The Plan's investment earnings and losses are allocated according to the participants' relative account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Investments are chosen by the participant from a number of investment vehicles offered through the Trustee. In addition, participants may choose to self-direct their investments. Rollovers from other qualified plans will be credited to the participant's account.

Vesting - Participants are immediately vested in their voluntary contributions, rollover amounts, Company contributions, and investment earnings. Consequently, there are no forfeitures in the Plan.

Note 1: Description Of Plan (Continued)

Payments of benefits - Upon termination of service, participants may receive payment of their account balance in a single lump-sum distribution or elect to defer distribution to a later date. Participants with account balances less than $5,000 may not elect to defer distribution. As of April 30, 2014, the balance of amounts payable to terminated employees who have elected to defer distribution was $1,593,322.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, each participant's account will be distributed in accordance with the Plan Agreement.

Note 2: Summary Of Significant Accounting Policies

Investment valuation and income recognition - Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The three levels of the fair value hierarchy in accordance with accounting principles generally accepted in the United States of America are described below:

(a) Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets, or liabilities that the Plan has the ability to access at the measurement date;

(b) Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets, or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

(c) Level 3: Significant unobservable prices or inputs (including the Plan's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2: Summary Of Significant Accounting Policies (Continued)

The Plan's investment in the Union Bond & Trust Company Stable Value Fund (Morley) is reported at fair value and adjusted to contract value based on information provided by the Trust Company. The objective of the Stable Value Fund is to provide a diversified group of investments offering competitive levels of yield consistent with stable fixed income methodologies. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investments because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required, the statements of net assets available for benefits present the fair value of the investment as well as the adjustment of the fully benefit-responsive investment from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis with the gain or loss based upon the average-cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Income taxes - The Plan is exempt from federal income tax under the Internal Revenue Code. Tax positions are evaluated and recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities.

The Plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Plan periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

Presentation - Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on total net assets available for benefits or changes in net assets available for benefits.

Note 3: Investments

The statements of net assets available for benefits, the investment activities included in the statements of changes in net assets available for benefits for the years ended April 30, 2014 and 2013, and the accompanying notes in the financial statements (other than the assignment of levels) were prepared in part from information certified by Reliance Trust Company, the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $15,730,723 and $12,834,751 at April 30, 2014 and 2013, respectively, and related investment income of $1,940,575 and $1,613,243 for the years ended April 30, 2014 and 2013, respectively.

Government/Municipal securities	-	7,815
Net Appreciation	$ 2,376,402	$ 1,877,723

Note 4: Fair Value Measurements

The following is a description of the valuation methodologies used for assets at fair value at April 30, 2014 and 2013:

Mutual funds, Common and Preferred stocks: Valued at quoted prices in active markets.

Annuity contracts: Valued as determined by the Insurance Company, based on the underlying assets.

Stable value fund: Valued as determined by the Trust Company based on the underlying investments.

Money market funds: Valued at a constant dollar per share.

Corporate bonds and Government securities: Valued at yields currently available on comparable securities of issuers with similar credit ratings.

Market linked investments: Valued based on the performance of one or more underlying market measures.

Common collective trust: The Plan invests in a common collective trust. The trust is valued at the quoted net asset value (NAV) of units held by the Plan at the reporting date. Units held in the common collective trust may be redeemed at any time. The investment strategy of the Alpha Sector Premium Fund is to invest primarily in the nine Select Sector SPDR Exchange Traded Funds, representing nine major sectors of the S&P 500 Index, and the SPDR Barclays Capital 1-3 Month T-Bill ETF.

Certificates of deposit: Valued at cost which approximates market value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

All assets have been valued based on a market approach.

Note 5: Related Party Transactions

Fees for certain administrative expenses may be paid by the Company and its Affiliate. Additional fees are also paid to brokers for the self-direct brokerage accounts. For the purpose of these financial statements, the self-directed brokerage fees are included in the unrealized net appreciation figure. The self-directed brokerage fees paid for the year ended April 30, 2014 were approximately $98,810.

Note 6: Plan Amendments

There were no significant amendments to the Plan adopted during the years ended April 30, 2014 and 2013.

Note 7: Reconciliation Of Financial Statements To Form 5500

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the years ended April 30:

	2014	2013
Net increase in net assets available for benefits per the financial statements	$ 5,227,846	$ 4,314,379
Change in fair value to contract value adjustment	(2,969)	(5,619)
Net Increase Per Schedule H Of Form 5500	$ 5,224,877	$ 4,308,760

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 for the years ended April 30:

Net assets available for benefits per the financial statements	$ 31,284,619	$ 26,056,773
Fair value to contract value adjustment	8,862	11,831
Net Assets Available For Benefits Per Schedule H Of Form 5500	$ 31,293,481	$ 26,068,604

Note 8: Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of April 30, 2014, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits. The Plan is no longer subject to federal, state, and local tax examination by tax authorities for years before 2010.

Note 10: Subsequent Events

Effective June 14, 2013, an ERISA expense account was established for the Plan in the amount of $92,384 by the Standard Retirement Services. This is a result of a discrepancy identified related to the handling of revenue sharing payments based on the administrative service agreement in place. During the year ended April 30, 2014, $71,024 was used to offset administrative expenses, the remaining balance of $21,360 was allocated to participants in the subsequent year.

Subsequent events have been evaluated through November 7, 2014, which is the date the financial statements were available to be issued.
