Note 1 - Plan Description

The following description of Univar USA Inc. Valued Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a contributory, defined-contribution 401(k) investment plan available to all eligible full-time and part-time employees of Univar USA Inc. (Univar). Union employees are eligible only if coverage under this Plan is specified in their collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is designed as an ERISA Section 404(c) plan. Accordingly, the participants and not the Plan fiduciaries are responsible for investment decisions relating to their individual investment assets in the Plan.

Contributions - The Plan allows employees to contribute from 1% to 75% of their compensation to the Plan up to annual limits as defined by the Plan and the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Puerto Rican employees may contribute from 1% to 10% of their compensation not to exceed annual limits as defined by the Puerto Rican IRC. Participants may also contribute amounts representing distributions from other qualified plans.

Employees are eligible to participate in the Plan following one full calendar month of employment. Employees hired or rehired on or after October 1, 2003, are automatically enrolled in the Plan following 75 days of employment, unless they have already enrolled in the Plan or have declined enrollment in the Plan prior to that time. The automatic enrollment feature sets the employee's deferral rate at 6% of eligible compensation.

Univar makes matching contributions to eligible participants equal to 50% of the total salary deferral and catch-up contributions up to 6% of eligible compensation, with a maximum matching contribution of 3% of eligible compensation. As part of the matching contributions, Univar makes a 'true-up' matching contribution for participants who reached their maximum deferral amount prior to the end of the Plan year. Participants must be employed on the last day of the year to be eligible to receive true-up matching contributions. Employees covered by collective bargaining units may have different matching formulas as negotiated and outlined in their respective collective bargaining agreements.

Univar also makes a non-elective retirement contribution equal to 3% of eligible compensation. To be eligible to receive this contribution, an employee must have been a participant in the Univar USA Inc. Retirement Plan on June 30, 2004, with less than five years of credited service under that plan, or hired after June 30, 2004, if deemed eligible. Employees covered by collective bargaining units may have different matching formulas as negotiated and outlined in their respective collective bargaining agreements. Furthermore, these employees may or may not be eligible to receive non-elective retirement contributions based on terms specified in their respective agreements.

Participant Accounts - Participant contributions to the Plan are voluntary. Participants are allowed to direct the investment of all contributions into various investment options that offer a diversity of investment risk and return. Each participant's account is credited with any contributions made to the account as well as increases or decreases in the market value of investments, and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Continued

Allocation Provisions - Dividend income, interest income and net realized and unrealized investment gain or loss of each fund shall be allocated to the accounts of each participant based on the participant's proportionate share of the various investment funds held in their investment account.

Vesting - Any participant employed with Univar on or after January 1, 2003, shall be 100% vested in all employer contributions other than non-elective retirement contributions. Non-elective retirement contributions are subject to a 5 year cliff vesting schedule for participants terminated prior to January 1, 2007, and are subject to a 3 year cliff vesting schedule for participants terminated after January 1, 2007.

Payment of Benefits - On retirement, death, disability, attainment of age 59-1/2, or termination of service, a participant or beneficiary may elect to receive benefit payments via a lump sum payment, leave the funds invested in the Plan, or roll the funds into another qualified plan. The Plan requires automatic lump sum distributions of participant accounts with balances greater than $1,000 but less than or equal to $5,000 be deposited into an individual retirement account unless the participant elects a cash payment or rollover to another qualified retirement plan.

Hardship Withdrawals - Under certain conditions, participants, while still employed by the Employer, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, preventing the eviction or foreclosure from the participant's principal residence, payment of burial or funeral expenses, and expenses for the repair of damage to the participant's principal residence. A participant's right to make deferrals to the Plan will be suspended for 6 months after the receipt of a hardship withdrawal.

Forfeitures - Participants are entitled to their vested benefits upon termination from the Plan. Unvested contributions are forfeited for all terminated employees and are used to reduce future employer contributions, reinstate previously forfeited balances when employee's are rehired, provided the employee's break in service does not exceed five years, or pay Plan expenses. For the year ended December 31, 2009, $343,687 was added to the forfeitures account due to termination of participants. During 2009, approximately $57,000 of forfeitures were used for the payment of Plan expenses and approximately $231,000 of forfeitures were used to reduce employer contributions. As of December 31, 2009, forfeited non-vested account balances totaled $159,253 (2008 - $87,306).

Participant Loans - The Plan allows participants to borrow from all accounts representing a participant's contributions to the Plan and earnings thereon. In no event can the participant borrow less than $1,000 or more than $50,000. Unless a loan is rolled into the Plan from an acquired company's plan, all loans have maximum repayment terms of five years. The loans bear interest at the prime rate plus 1% as established on the first day of the month the loan was originated. At December 31, 2009 and 2008, interest rates on outstanding loans ranged from 4.25% to 10.5%.

Note 1 - Continued

Administrative Expenses - Administrative costs for investment consulting and legal services are paid by the Plan. During 2009, all investment consulting and legal expenses were paid from the forfeiture account. Loan set up and maintenance fees are charged directly to the accounts of participants with outstanding loans. If Univar decides to pay any Plan expenses, it may, at its discretion, pay a lower portion of the fees and expenses allocable to the accounts of participants who are no longer employees or who are not beneficiaries, unless doing so would violate applicable non-discrimination rules. The Plan will reimburse Univar for any Plan expenses which Univar has paid but which Univar has previously informed the trustee are expenses to be paid by the Plan. To the extent permitted under ERISA, the Plan may reimburse Univar for certain services provided by Univar to the Plan, including, without limitation, the compensation of Univar employees who provide services to the Plan. In 2009, no expenses were reimbursed to Univar.

Subsequent Events - The Plan's management has evaluated subsequent events through August 5, 2010, the date on which the Plan's financial statements were available to be issued.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the fund's trustee. The statements of net assets available for plan benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Net appreciation in the fair value of mutual funds includes both realized and unrealized gains and losses. Interest and dividends include dividends earned from mutual funds and the collective trust funds. Purchases and sales of securities are reported on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Payment of Benefits - Benefits paid to participants are recognized when they are paid. There were no amounts allocated to accounts of participants who had elected to withdraw from the Plan but had not yet been paid as of December 31, 2009 and 2008.

Note 3 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

> Level 1: Unadjusted quoted prices available in active markets for identical assets or liabilities;
>
> Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
>
> Level 3: Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds - Valued at quoted market prices in active markets, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Collective trust fund - Valued using the NAV provided by the fund's trustee. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding at the valuation date. The fund is traded on a private market that is not active; however, the unit price is based primarily on observable market data of the fund's underlying assets.

Participant loans - Valued at their outstanding balance, which approximates fair value.

Note 3 - Continued

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009 and 2008 (Levels 1, 2, and 3 are defined above):

Note 5 - Information Prepared and Certified by the Trustee

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a trust company need not be subjected to independent audits. The Plan's management has obtained a certification from the trustee, Fidelity Management Trust Company, that the following information provided by the trustee and included in the Plan's financial statements and supplemental schedule is complete and accurate:

- Fair value and, if applicable, contract value of investments as of December 31, 2009 and 2008;
- Investment income earned for the year ended December 31, 2009; and
- Investment transactions for the year ended December 31, 2009.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are being held in accounts managed by an affiliate of Fidelity Management Trust Company. As Fidelity Management Trust Company is the trustee, these investment transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity Management Trust Company were $45,083 for the year ended December 31, 2009.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, Univar has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become, if they are not already, 100% vested in their account balances.

Note 8 - Income Tax Status

The Plan obtained its latest determination letter on March 20, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 9 - Risks and Uncertainties

The Plan provides for various investment fund options, which in turn invest in a combination of investment securities such as stocks, bonds, and others. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 at December 31:

	2009	*2008*
Net assets available for Plan benefits per the financial statements	$ 326,103,791	$ 261,452,563
Less: Adjustment from contract value to fair value for the collective trust relating to fully benefit-responsive investment contracts	(486,139)	(1,835,200)
Net Assets per the Form 5500	**$ 325,617,652**	**$ 259,617,363**

The following is a reconciliation of the change in net assets available for plan benefits per the financial statements to the Form 5500 for the year ended December 31, 2009:

Net increase in net assets available for Plan benefits per the financial statements	$ 64,651,228
Change in the adjustment from contract value to fair value for the collective trust relating to fully benefit-responsive investment contracts	1,349,061
Net Income per the Form 5500	**$ 66,000,289**

Note 11 - Subsequent Events

Effective January 1, 2010, the Plan was amended to increase the employer matching contribution to 100% of participants' salary deferrals up to 4% of eligible compensation. The amendment also provided that non-elective retirement contributions increase from 3% to 4% of eligible participants' compensation. Employees hired on or before December 31, 2009 are eligible for the non-elective retirement contribution.
