NOTE 1 DESCRIPTION OF PLAN

The following description of the Manna Development Group, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's sponsor is Manna Development Group, LLC (the "Company," "Plan Sponsor," or the "Employer"). In March 2007, the Company acquired Risen Bread, LLC whose employees became participants in the Plan under the same eligibility requirement of Manna Development Group, LLC employees, effective on April 1, 2007. Risen Bread, LLC did not have a retirement plan; therefore, no assets were transferred into the Plan. In January 2009, the Company acquired Our Daily Bread, LLC whose employees had a one time grandfathering into the Plan, effective May 22, 2009. Our Daily Bread, LLC did not have a retirement plan; therefore, no assets were transferred into the Plan. In December 2013, the employees of Bread of Life, LLC, a related party to the Company through common ownership, had a one time grandfathering into the Plan, effective December 1, 2013. As Bread of Life, LLC had an existing retirement plan, all assets of that plan were transferred into the Plan as of December 1, 2013.

GENERAL

The Plan, initially adopted January 1, 2006, is a defined contribution plan covering all full-time employees of the Company with one year of service (1,000 hours) and 21 years of age. An eligible employee may enter the Plan on January 1, April 1, July 1, or October 1 of each year. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Contributions to the Plan are as follows:

1) Participant Contributions - Participants may elect to make salary deferral contributions to the Plan starting at 1% of defined annual compensation up to the annual limit ($17,500 in 2013 and $17,000 in 2012) established by the Internal Revenue Service ("IRS"). Participants age 50 or older can make catch-up contributions in addition to the above, up to the maximum amount allowed by the IRS ($5,500 in 2013 and 2012).

2) Rollover Contributions - The Plan allows for the participants in a former employer's qualified plan to contribute direct rollovers to this plan.

NOTE 1 DESCRIPTION OF PLAN (Continued)

CONTRIBUTIONS (Continued)

3) Matching Contributions - The Plan allows for the Company to make matching contributions. The Company matched an amount equal to 2% of the participants' compensation up to the first 2% of the participants' deferral on a per pay period basis during the years ended December 31, 2013 and 2012.

4) Profit Sharing Contributions - The Company may also make an additional discretionary profit sharing contribution which shall be allocated to each eligible participant in proportion to his or her compensation for the period while a participant. There were no employer discretionary contributions made to the Plan for the years ended December 31, 2013 and 2012.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocation of the Company's contributions and the Plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balance, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately fully vested in participant contributions and the earnings and appreciation or depreciation thereon. Participants are vested in the employer contributions and the earnings and appreciation or depreciation thereon based on years of service and are 100% vested after five years of service.

NOTE 1 DESCRIPTION OF PLAN (Continued)

PAYMENT OF BENEFITS

On termination of service, death, disability or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance or annual installments over any period not exceeding the lesser of 10 years or the life expectancy of the participant. For terminated account balances that are less than $1,000, the Plan administrator may distribute the entire amount in a lump sum without the participant's consent. For terminated account balances between $1,000 and $5,000, the Plan administrator may automatically rollover the balance into an individual retirement account if they do not receive distribution instructions from the participant. Hardship distributions are also permitted from the participant's employee deferral account.

ADMINISTRATIVE EXPENSES

All expenses incident to the administration, termination or protection of the Plan, including, but not limited to, legal, accounting and custodian fees, shall be paid by the Company or, if not paid by the Company, shall be paid by the administrator from the Plan assets. Most of the administrative expenses of the Plan were paid by the Company during the years ended December 31, 2013 and 2012. In addition, the Company provides administrative services to the Plan at no cost to the Plan.

INVESTMENT OPTIONS

Upon enrollment into the Plan, participants may direct their account balances in any investment alternatives approved by the trustee. All earnings and losses on the directed investments are credited directly to the participants' accounts.

FORFEITED ACCOUNTS

Non-vested employer contributions forfeited by terminated participants may be used for future employer matching contributions and administrative expenses. At December 31, 2013 and 2012, there was $0 in the forfeiture account. Employer contributions during the years ended December 31, 2013 and 2012 were reduced by $343 and $1,342, respectively.

NOTE 1 DESCRIPTION OF PLAN (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of the value of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the accrual method of accounting in conformity with generally accepted accounting principles.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Investments Valuation and Income Recognition - Investments are stated at fair value as certified by the institution that holds the Plan's assets as an investment manager and are under the custody of the Plan's trustee. Quoted market prices are used to value investments at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on terms of the Plan document.

Benefits Paid to Participants - Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - The Plan follows accounting standards consistent with the FASB codification which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements for all financial assets and liabilities.

Income Taxes - The 401(k) plan is tax exempt under the Internal Revenue Code Section 401(k) and consequently pays no income tax.

The Plan uses a prototype 401(k) profit sharing agreement provided by the Custodian. The prototype agreement received its most recent determination letter on July 23, 2003, in which the IRS stated that the agreement as then designed was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan adopted this agreement effective January 1, 2006. The agreement has been amended since receiving its IRS determination letter in order to conform to more recent pension laws and regulations. The Plan sponsor and the Custodian believe the Plan is operating in accordance with applicable requirements of the IRC; however no formal determination letter has been received for the amended Plan.

The Plan follows accounting standards which provide accounting and disclosure guidance about positions taken by an entity in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken in its tax returns are more likely than not to be sustained upon examination. Accordingly, the Plan has no accrued interest or penalties related to uncertain tax positions. The Plan files tax returns in the U.S. Federal jurisdiction and is not subject to examination by U.S. tax authorities for the tax years prior to 2010.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 4 PLAN MERGER

On December 1, 2013, the Bread of Life, LLC 401(k) Plan was merged into the Manna Development Group, LLC 401(k) Plan. Prior to the merger, the plans covered eligible employees at Manna Development Group, LLC and its related party through common ownership, Bread of Life, LLC. The transferred net assets have been recognized in the accounts of the Manna Development Group, LLC 401(k) Plan as of December 1, 2013, at their balances as previously carried in the accounts of the Bread of Life, LLC 401(k) Plan. The changes in net assets of the combined plans are included in the accompanying Statement of Changes in Net Assets Available for Benefits from December 1, 2013. A summary of the transferred net assets follows:

ASSETS

TOTAL ASSETS	694,049
TOTAL LIABILITIES	-

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian which qualifies these transactions as party-in-interest transactions. Administrative fees incurred by the Plan to the Custodian totaled $567 and $1,527 for the years ended December 31, 2013 and 2012, respectively. The Company also pays certain administrative fees of the Plan, which are not reimbursed. In addition, the Company provides administrative services to the Plan at no cost to the Plan.

NOTE 6 INFORMATION CERTIFIED BY THE CUSTODIAN

The Company has obtained certification from Principal Life Insurance Company (the "Custodian") that all of the information provided to the Company by the Custodian is complete and accurate. The Custodian certification applies to substantially all of the Plan's investment assets, transactions, and supplemental schedules. The Custodian reports such information primarily on the cash basis while the accompanying financial statements and supplemental schedules are presented on the accrual basis. Therefore, certain amounts reflected in the financial statements and supplemental schedules may differ from the information certified by the Custodian.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NOTE 8 FAIR VALUE MEASUREMENT

The Plan follows the methods of fair value measurement to value its financial assets and liabilities. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels has been established, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Pooled Separate Accounts: Pooled separate accounts consist of stocks and mutual funds. The underlying securities have quoted market prices, but the net asset value of the pooled separate account is not publicly traded. It is deemed that the accounts meet the requirements to be classified as Level 2.

Guaranteed Interest Accounts: The guaranteed interest contract with an insurance company is not actively traded and significant other observable inputs are not available and are classified as Level 3 investments. Thus, the fair value of the guaranteed interest investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Manna Development Group, LLC 401(k) Plan, which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the plan trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the plan custodian is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

As discussed in Note 10, certain errors resulting in the overstatement of amounts previously reported in the Supplementary Information for Participant Contributions Transferred Late, the understatement of amounts previously reported for Employee Contributions, and the overstatement of amounts previously reported as Excess Contributions Payable to the Plan at December 31, 2013 were discovered by the Company during the current year. Our opinion is not modified with respect to this matter.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets (Held at End of Period) and Schedule of Delinquent Participant Contributions, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Manna Development Group, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's sponsor is Manna Development Group, LLC (the "Company," "Plan Sponsor," or the "Employer"). In March 2007, the Company acquired Risen Bread, LLC whose employees became participants in the Plan under the same eligibility requirement of Manna Development Group, LLC employees, effective on April 1, 2007. Risen Bread, LLC did not have a retirement plan; therefore, no assets were transferred into the Plan. In January 2009, the Company acquired Our Daily Bread, LLC whose employees had a one time grandfathering into the Plan, effective May 22, 2009. Our Daily Bread, LLC did not have a retirement plan; therefore, no assets were transferred into the Plan. In December 2013, the employees of Bread of Life, LLC, a related party to the Company through common ownership, had a one time grandfathering into the Plan, effective December 1, 2013. As Bread of Life, LLC had an existing retirement plan, all assets of that plan were transferred into the Plan as of December 1, 2013.

GENERAL

The Plan, initially adopted January 1, 2006, is a defined contribution plan covering all full-time employees of the Company with one year of service (1,000 hours) and 21 years of age. An eligible employee may enter the Plan on January 1, April 1, July 1, or October 1 of each year. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Contributions to the Plan are as follows:

1) Participant Contributions - Participants may elect to make salary deferral contributions to the Plan starting at 1% of defined annual compensation up to the annual limit ($17,500 in 2013 and $17,000 in 2012) established by the Internal Revenue Service ("IRS"). Participants age 50 or older can make catch-up contributions in addition to the above, up to the maximum amount allowed by the IRS ($5,500 in 2013 and 2012).

2) Rollover Contributions - The Plan allows for the participants in a former employer's qualified plan to contribute direct rollovers to this plan.

NOTE 1 DESCRIPTION OF PLAN (Continued)

CONTRIBUTIONS (Continued)

3) Matching Contributions - The Plan allows for the Company to make matching contributions. The Company matched an amount equal to 2% of the participants' compensation up to the first 2% of the participants' deferral on a per pay period basis during the years ended December 31, 2013 and 2012.

4) Profit Sharing Contributions - The Company may also make an additional discretionary profit sharing contribution which shall be allocated to each eligible participant in proportion to his or her compensation for the period while a participant. There were no employer discretionary contributions made to the Plan for the years ended December 31, 2013 and 2012.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocation of the Company's contributions and the Plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balance, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately fully vested in participant contributions and the earnings and appreciation or depreciation thereon. Participants are vested in the employer contributions and the earnings and appreciation or depreciation thereon based on years of service and are 100% vested after five years of service.

NOTE 1 DESCRIPTION OF PLAN (Continued)

PAYMENT OF BENEFITS

On termination of service, death, disability or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance or annual installments over any period not exceeding the lesser of 10 years or the life expectancy of the participant. For terminated account balances that are less than $1,000, the Plan administrator may distribute the entire amount in a lump sum without the participant's consent. For terminated account balances between $1,000 and $5,000, the Plan administrator may automatically rollover the balance into an individual retirement account if they do not receive distribution instructions from the participant. Hardship distributions are also permitted from the participant's employee deferral account.

ADMINISTRATIVE EXPENSES

All expenses incident to the administration, termination or protection of the Plan, including, but not limited to, legal, accounting and custodian fees, shall be paid by the Company or, if not paid by the Company, shall be paid by the administrator from the Plan assets. Most of the administrative expenses of the Plan were paid by the Company during the years ended December 31, 2013 and 2012. In addition, the Company provides administrative services to the Plan at no cost to the Plan.

INVESTMENT OPTIONS

Upon enrollment into the Plan, participants may direct their account balances in any investment alternatives approved by the trustee. All earnings and losses on the directed investments are credited directly to the participants' accounts.

FORFEITED ACCOUNTS

Non-vested employer contributions forfeited by terminated participants may be used for future employer matching contributions and administrative expenses. At December 31, 2013 and 2012, there was $0 in the forfeiture account. Employer contributions during the years ended December 31, 2013 and 2012 were reduced by $343 and $1,342, respectively.

NOTE 1 DESCRIPTION OF PLAN (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of the value of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the accrual method of accounting in conformity with generally accepted accounting principles.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Investments Valuation and Income Recognition - Investments are stated at fair value as certified by the institution that holds the Plan's assets as an investment manager and are under the custody of the Plan's trustee. Quoted market prices are used to value investments at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date.

Investment Contracts with Insurance Companies - Investment contracts held by a defined-contribution plan are required to be reported at fair value unless fully benefit-responsive. The Guaranteed Interest Accounts held by the Plan are non-benefit responsive, thus are reported on the Statements of Net Assets Available for Plan Benefits at the fair value of the contracts. The changes in fair value of the contracts are reported in Net Change in Fair Value in Investments on the Statements of Changes in Net Assets Available for Plan Benefits.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on terms of the Plan document.

Benefits Paid to Participants - Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - The Plan follows accounting standards consistent with the FASB codification which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements for all financial assets and liabilities.

Income Taxes - The 401(k) plan is tax exempt under the Internal Revenue Code Section 401(k) and consequently pays no income tax.

The Plan uses a prototype 401(k) profit sharing agreement provided by the Custodian. The prototype agreement received its most recent determination letter on July 23, 2003, in which the IRS stated that the agreement as then designed was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan adopted this agreement effective January 1, 2006. The agreement has been amended since receiving its IRS determination letter in order to conform to more recent pension laws and regulations. The Plan sponsor and the Custodian believe the Plan is operating in accordance with applicable requirements of the IRC; however no formal determination letter has been received for the amended Plan.

The Plan follows accounting standards which provide accounting and disclosure guidance about positions taken by an entity in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken in its tax returns are more likely than not to be sustained upon examination. Accordingly, the Plan has no accrued interest or penalties related to uncertain tax positions. The Plan files tax returns in the U.S. Federal jurisdiction and is not subject to examination by U.S. tax authorities for the tax years prior to 2010.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NOTE 8 FAIR VALUE MEASUREMENT

The Plan follows the methods of fair value measurement to value its financial assets and liabilities. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels has been established, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Pooled Separate Accounts: Pooled separate accounts consist of stocks and mutual funds. The underlying securities have quoted market prices, but the net asset value of the pooled separate account is not publicly traded. It is deemed that the accounts meet the requirements to be classified as Level 2.

Guaranteed Interest Accounts: The guaranteed interest contracts with an insurance company are not actively traded and significant other observable inputs are not available and are classified as Level 3 investments. Thus, the fair value of the guaranteed interest investment contracts are determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 9 INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The plan has non-benefit responsive investment contracts with the Custodian for the Guaranteed Interest Accounts. The Custodian maintains Plan contributions in an unallocated account which is part of the general assets of the Custodian. The contracts are included in the financial statements at fair value as reported to the Plan by the Custodian, which is substantially the same as contract value at December 31, 2013 and 2012. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at fair value. The fair value at December 31, 2013 and 2012 was $224,084 and $189,172, respectively, and the contract value was $225,305 and $189,172, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield of the Guaranteed Interest Accounts were approximately 0.38% and 0.59% at December 31, 2013 and 2012, respectively. The crediting interest rates range from 0.22% to 0.73% at December 2013 and 0.22% to 2.80% at December 2012. The crediting interest rates are based on the rate in effect when money is deposited in the account.

As such, the amounts reported in the Supplementary Information relating to Participant Contributions Transferred Late to Plan at December 31, 2013 have been corrected in the current financial statements.

Subsequent to the first issuance of the financial statements, the Company discovered certain errors resulting in the understatement of amounts previously reported for Employee Contributions due to the improper accrual of excess contributions payable.
