Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Central Valley Concrete, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2013 and 2012, and for

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Note 1 Description of the Plan

The following description of the Central Valley Concrete, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering all full-time employees of Central Valley Concrete, Inc., (the Company) who have one year of service and are age twenty-one or older. Employees can enter the Plan on January 1 or July 1 after they become eligible. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Contributions Eligible employees of the Company may elect to contribute up to the applicable limits allowed under the Internal Revenue Code. The Company may elect to make discretionary matching and profit sharing contributions that are not to exceed limits as defined by Internal Revenue Code. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) plan earnings, and charged with an allocation of administrative expenses, and (c) any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 5.25%. Loan terms, unless for the purchase of a principal residence, are not to exceed five years. Principal and interest are paid ratably through payroll deductions. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of his or her account or rollover to another qualified plan. A participant may elect a hardship distribution prior to his or her separation from service in accordance with the hardship distribution policy.

Investment Options Upon enrollment in the Plan, a participant may direct contributions into numerous investment choices offered by John Hancock Life Insurance Company. Participants may change their investment options through written request through the Company or via the internet.

Administrative Expenses Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Most administrative expenses are paid directly by the Company.

Vesting Participants are immediately 100% vested in their elective deferrals, rollover contributions, and prevailing wage contributions. Participants are 100% vested in their discretionary and profit sharing contributions after six years of credited service (20% per year after two years of credited service). A participant is 100% vested after reaching normal retirement age, or upon death or disability.

Forfeitures At December 31, 2013 and 2012, forfeited not fully vested accounts totaled $2,780 and $2,979, respectively. The Plan has elected to allocate these forfeitures to first reduce plan administration fees, and the remaining will be used to reduce any matching contribution.

Note 2 Summary of Accounting Policies

Basis of Accounting The Plan maintains its financial statements and accounting records on the accrual basis of accounting.

Investment Valuations and Income Recognition The Plan's investments are reported at fair value based on the quoted market price of the fund, which represents the net asset value of the shares held by the fund at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Investments Investments in John Hancock Life Insurance Company are made in accordance with a group annuity contract, which represent participation units in the insurance company's pooled separate accounts and are reported based upon their quoted redemption values on the last day of the plan year (the net asset value per share of each fund). Investments in debt or equity securities and money market funds are reported at estimated fair value based upon quoted market prices. Investments are maintained at the participant's direction.

Recent Accounting Pronouncements On July 8, 2013, the Financial Accounting Standards Board issued Accounting Standards Update No. 2013-09, Fair Value Measurement (Topic 820): Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04, which was effective upon issuance. The amendments in this Update defer indefinitely the effective date of certain required disclosures in Update No. 2011-04 (Topic 820) of quantitative information about the significant unobservable inputs used in Level 3 fair value measurements for investments held by a nonpublic employee benefit plan in the plan sponsor's own nonpublic entity equity securities, including equity securities of its plan sponsor's nonpublic affiliated entities. The amendments in this Update do not defer the effective date for those certain quantitative disclosures for other nonpublic entity equity securities held in the nonpublic employee benefit plan or any qualitative disclosures. This Update No. 2013-09 has been adopted and reflected in Note 9.

In October, 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of this update was not significant to these financial statements.

Payment of Benefits The Plan records benefits when paid. Total vested benefits due to terminated participants but not paid was $40,807 as of December 31, 2013.

Accounting for Uncertainty in Income Taxes Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

Use of Estimates The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Note 2 Summary of Accounting Policies (Continued)

Subsequent Events In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 29, 2014, the date the financial statements were available to be issued.

Note 3 Information Prepared and Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2013	2012
Cash	$ 2,780	$ 2,979
Pooled separate accounts	496,583	385,770
Guaranteed account	9,027	6,658
Notes receivable from participants	16,270	8,324

The trustee also certified to the completeness and accuracy of $79,905 of net appreciation in fair value, $4 of interest income associated with the investments, and $797 of interest income associated with notes receivable from participants for the year ended December 31, 2013.

Note 4 Investments

Investments that represent five percent or more of the Plan's net assets as of December 31, 2013 and 2012 are separately identified as follows:

	2013	2012
John Hancock Life Insurance Company Lifestyle Aggressive	$116,010	$ 90,473
John Hancock Life Insurance Company Lifestyle Growth	69,070	58,230
John Hancock Life Insurance Company Lifestyle Balanced	76,143	68,005
John Hancock Life Insurance Company Lifestyle Moderate	41,444	39,677

During 2013, the Plan's investments (including gains and losses on investments bought and sold, and held during the year) appreciated in value as follows:

Pooled separate accounts	$ 79,905

Note 5 Transactions with Parties-in-Interest

John Hancock Life Insurance Company, the Plan trustee, Retirement Plan Consultants, the third party administrator, and Atherton & Associates, LLP, independent auditor, qualify as parties-in-interest according to Section 3(14) of ERISA.

Note 6 Income Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been restated and amended since receiving the determination letter. The Plan has applied for and received notification of receipt from the Internal Revenue Service, for an updated determination letter. The request is still pending. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 7 Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8 Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities, will occur in the near term and that such changes could materially affect participants' account and balances and the amounts reported in the statements of net assets available for benefits.

Note 9 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 9 Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been changes in the methodologies used at December 31, 2012. The guaranteed account has been reclassified from a Level 2 investment to a Level 3 investment due to unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts Primarily valued at net asset value per share based on quoted market prices of underlying investments.

Guaranteed account Valued at approximate contract value, based upon the lack of contractual maturities, the frequency of the re-setting of crediting interest rates, the liquidity of the contract with respect to participant transactions, and the contractual terms which provide for all participant transactions and the liquidation of the contract upon cancellation to be executed at contract value. Contract value reflects the contributions made to the contract, plus interest credited to the contract, less any contract withdrawals and administrative expenses. Management has determined that no discount from contract value is required for credit quality considerations. As this investment is contract based, the transfer or assignment of rights under the contract to a third party is prohibited, and there are no observable prices for identical or similar investments. The Plan Administrator evaluates the fair value of the investment contract on an annual basis, for financial statement reporting purposes, by obtaining the contract value from the contract issuer and reviewing the current contractual provisions and the credit quality of the issuer.
