Much Shelist Profit Sharing Plan and Trust

Report on the Financial Statements
We have audited the accompanying financial statements of Much Shelist Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of May 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended May 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Much Shelist Profit Sharing Plan and Trust as of May 31, 2014 and 2013, and the changes in its net assets available for benefits for the year ended May 31, 2014, in accordance with accounting principles generally accepted in the United States of America.

Report of Supplementary Information
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year referred to as "supplementary information," is presented for the purpose of additional analysis and is not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

MUCH SHELIST PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Much Shelist Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan with a 401(k) provision covering all full-time employees of Much Shelist, P.C. (the "Company" and "Plan Administrator"). The Plan consists of combined balances from salary deferrals, employer matching contributions, profit sharing, and accounts rolled over from previously terminated defined benefit and target benefit plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility. Employees of the Company become eligible for salary deferral and matching contributions after completing one hour of service and attaining the age of twenty-one. The Plan has four entry dates for eligible employees to begin making elective deferrals and receiving employer matching contributions, March 1, June 1, September 1 and December 1. The employees making elective deferrals are eligible to receive matching contributions if employed at the end of the Plan year. Employees are eligible to participate in profit sharing contributions after completing one year of service. The Plan has two entry dates for eligible employees to begin receiving employer contributions, January 1 and July 1.

Contributions. The Plan is funded through participant contributions, as well as Company matching and profit sharing contributions. Each year, participants may contribute, on a pretax basis, amounts up to limits allowed under the Internal Revenue Code as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company amended the plan during the year and elected to make discretionary matching contributions of 50% of each participant's elective contribution not to exceed $2,000 for the year ended May 31, 2014. Additional profit sharing contributions may be made at the option of the Company's Board of Directors. The Company did not elect to make a discretionary profit sharing contribution for the year ended May 31, 2014.

The Plan accepts rollovers and transfers as defined in the Plan document. Rollover contributions consist of contributions from other employers' plans, which employees have elected to include with the Company's Plan and are reflected in other contributions on the statement of changes in net assets available for benefits

Participant Accounts. Each participant's account is credited with the participant's elective deferral, any Company matching contribution, any Company profit sharing contribution, and the participant's earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balance as described in the Plan Agreement. Any profit sharing contribution is allocated to participants' accounts based on participants' eligible compensation. Employer contributions to the Plan are invested among investment funds in the same proportion as the participant's contribution.

Investment Options. The Plan allows participants to direct their accounts solely in certain mutual funds offered through John Hancock Financial Services (the "Trustee"). Prior to 2003, participants could self-direct their investments in any investment they chose if their account balance exceeded $15,000. Participants who invested in self-directed accounts previously can continue to self-direct the funds within those accounts; however, new contributions must be invested through the mutual funds at John Hancock Financial Services. Plan management is requesting that all self-directed investments are transferred out of the Plan before May 31, 2015. Participants may change their investments at any time.

MUCH SHELIST PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Vesting. A participant shall be one hundred percent vested in salary deferrals, matching contributions, rollovers, and pension and target benefit accounts, plus actual earnings thereon. Vesting of profit sharing accounts are as follows:

Years of Service	Vested Percentage
Less than two years	0%
Two years, but less than three years	20%
Three years, but less than four years	40%
Four years, but less than five years	60%
Five years, but less than six years	80%
Six years or more	100%

If an active participant dies, retires, or becomes disabled, the participant becomes 100% vested with respect to profit sharing account balances.

Forfeited Accounts. Forfeitures arising upon termination of a participant's employment are used to reduce the Company's contribution for the Plan year. If a terminated participant returns to employment within five years, the amount previously forfeited will be reinstated if the participant repays the full amount previously distributed from their account. Forfeited non-vested accounts totaling $1,555 and $1,802 were available as of May 31, 2014 and 2013, respectively.

Notes Receivable from Participants. Participants may borrow (subject to certain restrictions) from their Plan accounts up to $50,000 or 50% of their vested balance, whichever is less. Loans are secured by the balance in the participant's account and shall bear an interest rate comparable to what persons and institutions in the business of lending money (in the same geographic area) would obtain for the use of money lent under similar circumstances. Loans are repaid through payroll deductions.

Payment of Benefits. On termination of services, a participant (or their beneficiary) may receive a lump-sum amount equal to the vested value of the participant's account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The Plan's significant estimates include the fair value of self-directed investments, other than common stocks, which include ownership in various business entities, real estate and artwork. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained and as the operating environment changes.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

***Party-in-Interest Transactions*.** All expenses pertaining to the operation of the Plan are paid by the Company. Additionally, various administrative, legal, and accounting services are performed by Company personnel on behalf of the Plan for which no charges are made to the Plan. Investment expenses, however, are changed against the Plan's investment income.

Benefit Payments. Benefits are recorded when paid.

NOTE 3 – INVESTMENTS

Investments that represent 5% or more of net assets available for benefits are as follows as of May 31:

	2014	2013
Registered Investment Companies:		
PBA@UnionB	$ 4,951,375	$ 4,611,263
JH Lifestyle Fund - Balanced Portfolio	$ 4,005,380	$ 3,440,070
JH Lifestyle Fund - Growth Portfolio	$ 3,963,040	$ 3,395,529
JH Lifestyle Fund - Moderate Portfolio	$ 3,377,632	$ 3,376,760
VS Eqinc	$ 1,929,122	
VS BLUCP	$ 1,917,111	

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Continued)

MUCH SHELIST PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of May 31, 2014 and 2013.

Mutual Funds. Valued at the net asset value of shares held by the Plan at year end, including participant-directed and self-directed.

Common Stocks, Corporate Bonds and U.S. Government Securities. Valued at the closing price reported on the active market on which the individual securities are traded, including participant-directed and self-directed.

Self-Directed Investments (other than common stocks and mutual funds). Self-directed investments are valued as follows:

- Limited Partnerships – book value of the respective ownership
- Life Insurance – cash surrender value
- Bonds – cost
- Artwork – cost

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – PLAN TERMINATION

While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA and the Plan Agreement. In the event of Plan termination, all participants will automatically become fully vested in all their accounts and the Trustee will distribute participant assets.

NOTE 6 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company, a related party to the Trustee of the Plan. These transactions are allowable party-in-interest transactions under ERISA and the regulations promulgated thereunder.

MUCH SHELIST PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 – INCOME TAX STATUS

The Plan obtained its latest determination letter on July 7, 2010, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in these financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service or other tax authorities, generally for three years after the tax returns are filed; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in registered investment companies and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

The Plan's management has evaluated all known subsequent events from May 31, 2014 through March 13, 2015, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period.
